This means that the meaning of every Urdu word is immediately accessible, which in turn will make it much easier for you to expand your Urdu vocabulary fast. For those who are unfamiliar with the script, we advise to first learn the script but we still added a romanization of the Urdu on top of the script in the first three chapters! For pronunciation after that, check out our free audio on our website. How to learn Urdu with this book Use the

following method to learn Urdu vocabulary fast and easy. Read the stories and re-read them until you know almost all the words. This is a fast process because there's no lookup time. Then focus on the remaining words that you still don't know by marking those in the text or noting their pages. Because of the literal and idiomatic interlinear text this is the best way to learn Urdu reading fast. Also, contact us on shop.hyplern.com for non-translated pdf versions of this book with which you can practice reading Urdu without the interlinear translation. The same goes for the mp3s that go with the text. The best app to learn Urdu is also available for this book, HypLern Online. For import on Paperwhite, just ask us for a pdf once you bought the Kindle or Paperback version of this book. The HypLern project has been creating manually word-for-word translated language material since 2006.
