

Unplugged

Getting the books **Unplugged** now is not type of challenging means. You could not and no-one else going once books amassing or library or borrowing from your connections to read them. This is an completely simple means to specifically acquire guide by on-line. This online notice Unplugged can be one of the options to accompany you following having new time.

It will not waste your time. put up with me, the e-book will completely look you further concern to read. Just invest tiny time to entry this on-line proclamation **Unplugged** as with ease as review them wherever you are now.

Unplugged - Donna Freitas 2017-02-28

In the tradition of M. T. Anderson's Feed and Scott Westerfeld's Uglies, Unplugged is the first in a thrilling and provocative new series that Kass Morgan, New York Times bestselling author of The 100, called "chilling and addictive." Skylar Cruz still remembers the day she plugged in and joined the App World for the promise of a better life—the day she left her family behind in the Real World. Skylar is now a virtual teenager and even though she's surrounded by everything she ever dreamed about, she's never felt like she fits in and all she wants is to see her mother and sister again. Skye is desperate and ready to risk everything to unplug from the App World. But she soon learns that the only person she can trust—in either world, including friends and family—is herself.

Cody Unplugged - Betsy Duffey 2001-05-21

"Add this title to your "Recommended Reading for Summer Camp" bibliographies"--School Library Journal
Cody's mom is pulling the plug and sending him off to camp. That means no TV, no video games, no computers-for one whole week! According to his wilderness guide, the first rule of survival is to be prepared. The only thing Cody's not prepared for is how much fun he'll have at camp! "Fans of Cody will stay unplugged themselves until the final pages of this fun-filled story." -Booklist

Nirvana - Unplugged in New York - Nirvana (Musical group) 1995

(Guitar Recorded Versions). Guitar tab for 14 songs, plus photos from the MTV sessions. About a Girl * All Apologies * Come As You Are * Dumb * Jesus Doesn't Want Me for a Sunbeam * Lake of Fire * The Man Who Sold the World * Oh Me * On a Plain * Penny Royal Tea * Plateau * (New Wave) Polly * Something in the Way * Where Did You Sleep Last Night.

Anesthesia Unplugged, Second Edition - Christopher Gallagher 2012-05-22

An engaging and effective way to learn all the essential anesthesia procedures More than any other text, Anesthesia Unplugged, 2e disarmingly demystifies anesthesiology. Featuring an easy-to-navigate atlas-style design, this skill-sharpening book delivers step-by-step instruction on the entire spectrum of perioperative, ambulatory, regional, and general procedures. Essential for anesthesiology residents, student registered nurse anesthetists, medical students with an interest in anesthesiology, and Intensive Care Unit personnel, Anesthesia Unplugged, 2e features: Authoritative, complete coverage of all relevant anesthesia procedures, from the IV and laryngoscopy, to the combined spinal-epidural and transesophageal echocardiography An efficient organization featuring one procedure per chapter Critical information broken down into manageable chunks and templates - ideal for busy residents and clinicians 600 high-quality photographs and illustrations that put key anesthesia procedures into proper clinical perspective Amusing insights you won't get anywhere else with chapters that include: The Mask of Zorro: Mask Ventilation; Whiz-Bang Intubation Gizmos; PICC Lines - Just Really, Really Long IVs; Goodnight, Sleep Tight: Setup and Mask Induction for Pediatric Patients; The Lung's Not Down, You Idiot! - Lung Isolation; Thoracic Epidurals—What's the Big Deal?; Stand By Me: The Femoral Arterial Line

Italian Wine Unplugged Grape by Grape - S. Kim 2017

The Unplugged Workshop - Tom Fidgen 2013

Presents step-by-step instructions for woodworking projects using only hand-held tools, and includes advice on glues and finishes; instructions for making woodworking tools; and dimensioning lumber by hand.

Unplugged Play: Toddler - Bobbi Conner 2020-08-18

Unplug your toddlers! Here is screen-free play for ages 1-2 that's creative, fun, and makes the most of everyday household objects. Here are games to play alone and games to play with siblings and friends and parents. Games to play indoors and games for outside. There are toddler-friendly hand-clapping games, games to play with stuffed animals, and games to let off a little steam, plus lots of ideas for keeping toddlers busy (perfect for when you're making dinner). These are the kinds of truly fun games and activities deliberately designed to stretch the imagination, spark creativity, build strong bodies, forge friendships, and explore the real world—the opposite of hunkering down in front of an addictive screen. Originally published as a single, parent-friendly encyclopedia of more than 700 screen-free, no-batteries-needed games and activities, Unplugged Play is acclaimed as "A terrific prescription for much of what ails children and parents today" (Richard Louv, author of Last Child in the Woods) and "Just plain fun! . . . Will help parents give their children the kind of childhood that more and more children are missing" (Mary Pipher, PhD, author of Reviving Ophelia). These new editions are brightly designed books targeted to a specific age group. And the need, of course, is even greater than when the book was originally published—screens are far more ubiquitous, causing parents even greater concern about their overuse—and these timeless, imaginative, easy-to-implement games are here to the rescue.

Unplugged Play: Preschool - Bobbi Conner 2020-08-18

Screen-free. Battery-free. Pure fun. When Unplugged Play was first published as a parent-friendly encyclopedia of games and activities for all ages, Richard Louv, author of Last Child in the Woods, called it "A terrific prescription for much of what ails children and parents today." Now Unplugged Play gets a fresh and appealing new life as three separate, brightly designed books, each targeted to a specific age group. The need, of course, is significantly more pressing than when the book was originally published—screens are far more ubiquitous, causing parents even greater concern about their overuse—and these timeless, imaginative, easy-to-implement games are here to the rescue. Each volume includes games to play alone and games to play with siblings and friends and parents. Games to play indoors and games for outside. There are craft projects, music activities, guessing games—the kinds of truly fun activities designed to stretch the imagination, spark creativity, build strong bodies, forge friendships, and explore the real world. The opposite of hunkering down in front of an addictive screen.

Made by Hand - Tom Fidgen 2009-12-04

Learn the simplicity of using hand tools, while you build! Traditional woodworking using hand tools can offer a more satisfying relationship with the wood and the creative woodworking process. It's quieter, cleaner and maybe even a little spiritual. It's no surprise that many "plugged-in" woodworkers are returning to the roots of this treasured skill. Where some hand-tool books focus solely on the use of hand tools, Made By Hand takes you right to the bench and shows you how to start building furniture using these tools. By working through the six projects in this book, you'll learn the basics of hand-tool woodworking and how to use the tools effectively and efficiently, then add joinery skills and design complexity. The accompanying DVD includes valuable insight into the tools themselves and a look at the techniques that make these tools work so well. If you're interested in hand tools, start here!

The Unplugged Family Activity Book - Rachel Jepson Wolf 2020-06-23

Get ready for kid-approved ideas that celebrate the great outdoors year round! Whether you're building

forts or making fresh cider, there's something for every kid and every season. Each season is full of excitement waiting to be found and Rachel highlights the best of each one with sections for recipes, nature exploration and play, and natural history: In spring, make candied violets, spruce tip ice cream, or paper from wildflower seeds. Craft a kite, weave flower crowns, and make a DIY fairy garden! When summer comes, whip up herb-infused balms, rosewater, and zucchini boats. Host a backyard camp-out, build a nature exploration pack, cast shadow drawings, sail a leaf-boat, and master giant bubbles. As the days cool for autumn, brew mulled cider, make spiced honey, and discover the deliciousness of homemade apple sauce. Plant bulbs for next year's flowers, create an autumn rainbow, or craft a felted acorn necklace. Cozy up in winter with homemade maple candy, an herbal tea blend, and learn how to set out pine cone bird feeders. Build a snow fort or try some winter stargazing followed by making paper stars. (Or for those in warmer climates, make an ice lantern!) Unique celebrations throughout give the entire family a reason to gather, from winter bonfires and Solstice celebrations to maple tappings and beeswax candle dippings!

The Unplugged Alpha - Richard Cooper 2020-11-26

Most men today are sent off into society with a broken belief system, which they use to make choices, that get them terrible results with life and women. Men have been conditioned to be the quintessential "nice guy." They're trained to be overly humble, kind to a fault, and that just "being themselves" is enough to attract and keep the woman of their dreams. Men are told to believe that conventional masculinity is toxic, and to put women ahead of their own interests, passions, and purpose. This has led to an entire generation of men forming very unhealthy attachments to women that they, unfortunately, often make their sole focus of their lives. The playbook to women and life has changed, but most men missed the memo. Do you want to succeed, and level up in every area of your life? If so, then this book explains: - The importance of maximizing your looks, money, social status, and game. - Why it's essential to get genuine burning desire from a woman who wants to date you. - The top 20 red flags that you must vet women for a long term relationship. - How to become one of the top 20% of men that women swipe right for on online dating. - Why smart men avoid marriage. And much more. This book exposes the comforting lies you've been told throughout your life for what they really are. Enabling you to become a truly authentic Alpha that chases excellence, and leads a successful passion-filled life.

Unplugged Ninja - Mary Nhin 2020

Unplugged Ninja learns to do create activities, reconnect with the outdoors, and relax instead of being on his electronic devices all day long.

Unplugged - Steve Antony 2018

Originally published: United Kingdom: Hodder Children's Books, 2017.

Parables Unplugged - Lauri Thuren 2014

The parables of Jesus have long been read either as allegories encoding Christian theology or as tantalizing clues to the authentic voice of Jesus. Thurn proposes instead to read the parables "unplugged" from any assumptions beyond those given in the narrative situation in the text, on the common-sense premise that the very form of the parable works to propose a (sometimes startling) resolution to a particular problem. Thurn applies his method to the parables in Luke, exploring the Evangelist's specific narrative purposes in the use of individual parables.

Unplugged - Donna Freitas 2016-06-21

In the tradition of M. T. Anderson's *Feed* and Scott Westerfeld's *Uglies*, *Unplugged* is the first in a provocative and compelling new series from acclaimed author Donna Freitas. Humanity is split into a dying physical world for the poor and an extravagant virtual world for the wealthy. Years ago, Skylar Cruz crossed over to the App World for a chance at a better life, and her family stayed behind in the Real World. Now Skye is a virtual teenager, surrounded by glamorous apps and expensive downloads—yet she's never felt like she fits in, and all she wants is to see her mother and sister again. Skye is desperate and ready to risk everything to unplug from the App World. But she soon learns that the only person she can trust—in either world, including friends and family—is herself.

Dot Unplugged - Candlewick Press 2020-02

"Dot character created by Randi Zuckerberg"--Cover.

Unplugged—15th Anniversary Edition - Paul McComas 2017-10-03

Jimi Hendrix. Janis Joplin. Jim Morrison. And recently, Amy Winehouse. Each died at 27 as a result of drug abuse, despair, or both. Back when Kurt Cobain took his own life at that age, his mother lamented, "I told him not to join that stupid club." *Unplugged* imagines a talented and tormented woman whose membership in the club is denied—barely. Up-and-coming rocker Dayna Clay struggles to make it through the final night of a wildly successful concert tour. Tormented by an ever-deepening depression, the 27-year-old hands her guitar to a fan and beats a hasty retreat. She flies home to Chicago and attempts suicide ... but nature seemingly steps in to spare her. Still unsure whether her life is worth living, she forfeits her career and disappears, setting out incognito for parts unknown. Dayna winds up, quite by accident, in the South Dakota Badlands, whose inhabitants—human and otherwise—challenge and change her in striking ways. She develops a profound affinity for the jagged, dramatic, semi-stable Badlands formations, which she takes strength from climbing. She forms a bond with the bighorn sheep she finds living on this seemingly unlivable land. And she befriends Drake, a "wise-acre" but wise rancher and retired stuntman who himself has struggled with depression, and his mischievous daughter, Kayla—with whom Dayna begins to fall in love. All the while, Dayna's mysterious disappearance and continuing absence only serve to boost public interest in her—and to fuel her now-skyrocketing record sales. Laboring to choose between her musical ambitions and the new life she has made, Dayna finds herself stranded, alone, in a far-flung corner of the wilderness she has come to know and love. Saved from suicide earlier by nature, she now may perish by the very same hand This expanded 15th-anniversary edition of the critically acclaimed novel contains sheet music for the dozen "Dayna Clay" songs that the author composed—six of them in collaboration with creative partner Maya Kuper, who plays "Dayna" in their adapted live show "Unplugged: A Survivor's Story in Scenes & Songs."

Addiction Unplugged - John Flaherty 2015-06-06

Offers guidance on not only recovering from addictions, but transcending them, including how to avoid victim mentality, how to make full use of your personal power, and more.

Unplugged - William H. Colby 2007-11

Medical technology has helped mankind conquer tuberculosis, polio, and countless other once certain-death diseases. It has given us hope against cancer and AIDS, allowed heart and brain surgeries that have saved untold numbers of lives, and delivered us from the pain and crippling legacy of injury. Medical technology, it seems, is a never-ending string of miracles. But it is also a double-edged sword. More often than not, death today happens because of a decision to stop doing something, or to not do it at all. As the tragic life and death of Terri Schiavo so poignantly illustrated, universal definitions of life, death, nature, and many other concepts are elusive at best. *Unplugged* addresses the fundamental questions of the right-to-die debate, and discusses how the medical advances that bring so much hope and healing have also helped to create today's dilemma. This compelling book explores recent high-profile cases, including that of Mrs. Schiavo, and illuminates the complex legal, ethical, medical, and deeply personal issues of a debate that ultimately affects us all. Compassionate and beautifully written, the book helps readers understand the implications of current laws and proposed legislation, various medical options (including hospice), and the typical end-of-life decisions we all must face in order to make informed decisions for ourselves and our loved ones. The hardcover edition of *Unplugged* was chosen by *The Library Journal* as one of the Best Consumer Health Books of 2006.

Unplugged - Ryan G. Van Cleave 2010-06

WARNING: THIS VIDEO GAME MAY IMPAIR YOUR JUDGMENT. IT MAY CAUSE SLEEP DEPRIVATION, ALIENATION OF FRIENDS AND FAMILY, WEIGHT LOSS OR GAIN, NEGLECT OF YOUR BASIC NEEDS AS WELL AS THE NEEDS OF LOVED ONES AND/OR DEPENDENTS, AND DECREASED PERFORMANCE ON THE JOB. THE DISTINCTION BETWEEN FANTASY AND REALITY MAY BECOME BLURRED. PLAY AT YOUR OWN RISK. NOT RESPONSIBLE FOR SUICIDE ATTEMPTS. No such warning was included on the latest and greatest release from the *Warcraft* series of massive multiplayer online role-playing games—*World of Warcraft* (WoW). So when Ryan Van Cleave—a college professor, husband, father, and one of the 11.5 million *Warcraft* subscribers worldwide—found himself teetering on the edge of the Arlington Memorial Bridge, he had no one to blame but himself. He had neglected his wife and children and had jeopardized his livelihood, all for the rush of living a life of high adventure in a virtual world. A fabulously

written and gripping tale, *Unplugged* takes you on a journey through the author's semireclusive life with video games at the center of his experiences. Even when he was sexually molested by a young school teacher at age eleven, it was the promise of a new video game that had lured him to her house. As Ryan's life progresses, we witness the evolution of video games—from simple two-button consoles to today's multikey technology, brilliantly designed to keep the user actively participating. For Ryan, the virtual world was a siren-song he couldn't ignore, no matter the cost. As is the case with most recovering addicts, Ryan eventually hit rock bottom and shares with you his ongoing battle to control his impulses to play, providing prescriptive advice and resources for those caught in the grip of this very real addiction.

Algorithms Unplugged - Berthold Vöcking 2010-12-10

Algorithms specify the way computers process information and how they execute tasks. Many recent technological innovations and achievements rely on algorithmic ideas – they facilitate new applications in science, medicine, production, logistics, traffic, communication and entertainment. Efficient algorithms not only enable your personal computer to execute the newest generation of games with features unimaginable only a few years ago, they are also key to several recent scientific breakthroughs – for example, the sequencing of the human genome would not have been possible without the invention of new algorithmic ideas that speed up computations by several orders of magnitude. The greatest improvements in the area of algorithms rely on beautiful ideas for tackling computational tasks more efficiently. The problems solved are not restricted to arithmetic tasks in a narrow sense but often relate to exciting questions of nonmathematical flavor, such as: How can I find the exit out of a maze? How can I partition a treasure map so that the treasure can only be found if all parts of the map are recombined? How should I plan my trip to minimize cost? Solving these challenging problems requires logical reasoning, geometric and combinatorial imagination, and, last but not least, creativity – the skills needed for the design and analysis of algorithms. In this book we present some of the most beautiful algorithmic ideas in 41 articles written in colloquial, nontechnical language. Most of the articles arose out of an initiative among German-language universities to communicate the fascination of algorithms and computer science to high-school students. The book can be understood without any prior knowledge of algorithms and computing, and it will be an enlightening and fun read for students and interested adults.

Algebra Unplugged - Kenn Amdahl 1995

Uses analogies and humor to explain the vocabulary, basic concepts, and strategies of algebra.

Unplugged and Unpopular - Mat Heagerty 2019-10-15

After Erin Song's parents ban her from using her phone, TV, Internet, and all her screens, she soon discovers mysterious, strange creatures and must foil their plot to take over Earth in this hilarious sci-fi graphic novel for tweens. Erin Song lives in a digital world. Everyone has a phone, a tablet, a computer—more screens than you can count. Even with a world of information at her fingertips, Erin can't figure out the secret to popularity at her clique-y junior high school. So when uber-popular Wendy asks for help cheating on a test, Erin jumps at the opportunity. This could be her big break! Unfortunately, she gets caught, and her parents ban her from all her devices. Suddenly, Erin Song is the only girl in the world who's not allowed to look at a screen. And that's when Erin notices something funny: small, furry aliens making humans disappear with a weird device Erin's never seen before. No one else notices them, though—except Erin's grandmother and two old men who run the local library. They've discovered that the aliens are using screens to control the human race, tricking them into thinking they aren't really there—and that anyone who's been abducted never existed. Now it's up to Erin and her grandmother to save the day! But without technology on their side, do they stand a chance?

Unplugged - Steve Bucholz 2019-03-04

This book begins with a question: What takes the human energy out of an organization and how to get it back? *Unplugged* is about understanding what happens to employees when they lose their way amidst change, when they become unplugged from purpose, connection, direction, meaning, and value. When they, in a word, lose their energy. The book provides a fresh look at engagement as a choice employees make based on how they perceive the change and on how much discretionary energy they will give to the endeavor. Various factors contribute to employees unplugging. They include experiencing change as loss, repetitive change leading to fatigue and/or apathy, becoming overwhelmed because of additional workload,

low work satisfaction, and feeling poorly led.

Family Unplugged - Peter Cosgrove 2019-11-26

AN ACTIVITY BOOK THAT THE WHOLE FAMILY CAN ENJOY Looking for a way to spend some quality time with the kids? *Family Fun Unplugged* is packed full of exciting activities that will provide hours of fun.

Whether it's over dinner or a rainy Saturday afternoon, you can put your digital device away and let your brain do the work! Both kids and adults will stretch their minds and test their skills as they challenge, trick and confuse. From riddles and brain-teasers to mind-boggling tricks, challenging questions and hilarious jokes, there's plenty of fun, laughter and puzzlement for every age. Everyone will want to try the tricks, beat the challenges and figure out the teasers, so settle in and enjoy outsmarting, tricking and bamboozling! And a warning for parents: Don't to be surprised if your kids outsmart you!

You're in the Band Unplugged - Dave Clo 2003-01-01

(Willis). This method for acoustic guitar starts simple and increases in difficulty while students enjoy the music they're learning to play. It includes an authentic-sounding play-along CD so the student feels like he/she just joined a band! Includes 25 songs.

Unplugged - Brian MacKenzie 2017-07-11

We're looking at our wrists not only to check the time, but also to see how much we've moved, monitor our heart rate, and see how we're stacking up against yesterday's tallies. By 2020, the global market for fitness-focused apps and devices is expected to grow to \$30 billion. The authors believe we are turning rich experience into yet another task we need to complete to meet our daily goals. They encourage you to reconnect to your instincts and the natural world, and avoid the common mistakes that most people make with wearables and tracking apps.

Algorithms Unplugged - Berthold Vöcking 2016-05-01

"*Algorithms Unplugged*" presents some of the most beautiful algorithmic ideas in 41 articles written in colloquial, nontechnical language. Most of the articles arose out of an initiative among German-language universities to communicate the fascination of algorithms and computer science to high-school students.

Jungian Psychology Unplugged - Daryl Sharp 1998

Providing a comprehensive overview of Jung's basic concepts and their application, this text provides an introduction for students and readers new to Jungian ideas. Part One, on psychological types, the shadow and the persona, leads on to a section on archetypes and complexes. This is followed by chapters on projection and identification, anima and animus. The text then turns to the midlife crisis, and to neurosis and individuation. It then addresses the analytic experience; and concludes with a series of writings on psychological development, self-knowledge, personality and individuation, and the religious dimension.

Baby Blues - Rick Kirkman 2002-03

A collection of cartoons from the "Baby Blues" strip features Wanda and Darryl as they slog their way through parenthood, playing hide-and-seek and exploring fairy tales with Zoe and Hammie.

Doug Unplugged - Dan Yaccarino 2016-03-08

Check out the Doug Unplugs animated series on Apple TV! It's easy being a robot, if you play by all the rules—but when Doug gets curious, he decides to unplug and forge his own path. And he discovers a whole world of what's possible. Doug is a robot. His parents want him to be smart, so each morning they plug him in and start the information download. After a morning spent learning facts about the city, Doug suspects he could learn even more about the city by going outside and exploring it. And so Doug . . . unplugs. What follows is an exciting day of adventure and discovery. Doug learns amazing things by doing and seeing and touching and listening—and above all, by interacting with a new friend. Dan Yaccarino's funny story of robot rebellion is a great reminder that sometimes the best way to learn about the world is to go out and be in it. Praise for *Doug Unplugged*: "A gentle robotic rebellion." —USA Today A sweet tale . . . Yaccarino [is] especially good at slipping in the small, nourishing details that are savored upon repeated readings." —The New York Times

Addiction Unplugged: How to Be Free - John Flaherty 2014-02

Offers guidance on not only recovering from addictions, but transcending them, including how to avoid victim mentality, how to make full use of your personal power, and more.

Tectoniques architectes - Cyrille Simonnet 2007

Unplugged - Gordon Korman 2021-01-05

From the New York Times bestselling author of *The Unteachables*, Gordon Korman, comes a hilarious middle grade novel about a group of kids forced to “unplug” at a wellness camp—where they instead find intrigue, adventure, and a whole lot of chaos. Perfect for fans of Korman’s *Ungifted* and the *Masterminds* series, as well as Carl Hiaasen’s eco mysteries. As the son of the world’s most famous tech billionaire, spoiled Jett Baranov has always gotten what he wanted. So when his father’s private jet drops him in the middle of the Arkansas wilderness, at a place called the Oasis, Jett can’t believe it. He’s forced to hand over his cell phone, eat grainy veggie patties, and participate in wholesome activities with the other kids, who he has absolutely no interest in hanging out with. As the weeks go on, Jett starts to get used to the unplugged life and even bonds with the other kids over their discovery of a baby-lizard-turned-pet, Needles. But he can’t help noticing that the adults at the Oasis are acting really strange. Jett is determined to get to the bottom of things, but can he convince everybody that he is no longer just a spoiled brat who is making trouble?

Unplug - Suze Yalof Schwartz 2017-03-07

A modernized approach to meditation that will appeal to anyone, even if - especially if - you believe you have no time, you can't sit still, or that "it's just not you." Whether you're a Fortune 500 CEO or someone bogged down with a never-ending to-do list, the proven secret to being more effective and living a happier, healthier life is to hurry up and slow down, to unplug. Studies show that you can get more done - and do it better - by doing less, just by consciously unplugging for a few minutes each day and meditating. This revolutionary book by the founder and CEO of the groundbreaking LA-based meditation studio Unplug Meditation brilliantly simplifies this powerful practice and shows the overwhelmed and overworked how easy it is to unplug in order to relieve stress, regain focus, and recharge. Schwartz debunks the common misperceptions about meditation, including the notion that you need to sit still for long periods of time, or that you need to "turn off your brain." She also shares the life-changing benefits you will experience, the proven science of how meditation literally changes your brain, as well as easy techniques and tips to easily incorporate meditation into your daily life.

Tandem Computers Unplugged - Gaye I. Clemson 2012-07-01

ABOUT THE BOOK "Lots of histories have been written about Silicon Valley companies. What makes this one about Tandem unique is that it reflects, through the eyes and hearts of the employees who worked there, what they respected about the company. This is valuable insight for CEOs trying to decide what kind of company to build and for employees trying to decide what kind of company to work for." -Jimmy Treybig, President "Gaye does an amazing job capturing not only the historical timeline of events, but the very soul of the company... the success, the fun, and the departure of the unforgettable once-in-a-career experience that was Tandem. You'll smile from start to finish." -Jan Seamons, Former Program Manager, Sales and Marketing "Gaye has weaved a story that tells of a great experiment in corporate culture. Tandem strived to build not only a unique computer, but a unique work environment based on collaboration of outstanding people. Tandem Computers Unplugged gives an insight in to the successes and failures of that experiment through very personal stories in a delightful read." -Jim Katzman, Co-Founder "It seems ironic that we speak so highly of a corporate culture that is no longer with us. Gaye has captured, not only as a historian

but through her own personal experiences at Tandem and through her writing style, the essence of what was a pillar of Silicon Valley. A sense of loss that I have felt over the years, in Tandem's passing, is now filled with this wonderful tribute." -Ed Martin, Former Project Manager, Philosophy Program ABOUT THE AUTHOR Since 2002, Gaye I. Clemson, a Tandem Computers employee from 1984 to 1992, has been collecting stories and recollections from fellow employees in an effort to capture the voices and history of this amazing company that thrived in Silicon Valley from 1974 to 2002. Though her 8th book in the oral history tradition, this is her first venture into using social media as the primary story collection medium and her first use of this narrative process for a high technology company. Clemson resides in Capitola, California, though in summer can usually be found paddling her canoe on a wilderness lake in Algonquin Park, Ontario, Canada.

The 12 Steps Unplugged - John R. 2011-02-10

The 12 Steps Unplugged

Statistics Unplugged - Sally Caldwell 2012-07-24

Learn statistics the easy way with STATISTICS UNPLUGGED! Written in a friendly, easy-to-understand style, this practical book takes the intimidation out of statistics and helps you understand the relevance of statistics to your own life. Interesting examples throughout the book allow you to see what is really going on with the numbers instead of being overwhelmed by the numbers themselves. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Unplugged - Steve Antony 2018-02-27

From the creator of the bestselling Mr. Panda series comes an amusing picture book about the fun you can have when you unplug. Meet Blip. Blip loves being plugged into her computer. When a blackout occurs, Blip trips over her wire and tumbles outside. Suddenly, Blip's gray world is filled with color and excitement. She plays with her new friends and has adventures all day long. When Blip finally returns home, she realizes that the world can be even brighter once you unplug.

Baby, Unplugged - Sophie Brickman 2021-09-07

A charming, meticulously researched, and illuminating look at how technology infiltrates every aspect of raising children today, filled with helpful advice parents can use to best navigate the digital landscape, and ultimately learn to trust their own judgment. There’s an app or device for nearly every aspect of parenting today: monitoring your baby; entertaining or educating your toddler; connecting with other new parents for tips, tricks, and community—virtually every aspect of daily life. But it isn’t a parenting paradise; the truth is much more complicated. The mother of two young daughters, journalist Sophie Brickman wondered what living in a tech-saturated world was doing to her and her children. She turned to experts, academics, doctors, and innovators for advice and insight. *Baby, Unplugged* brings together Brickman’s in-depth research with her own candid (sometimes hilarious) personal experience to help parents sort through the wide and often confusing tech offerings available today and to sort out what’s helpful and what’s not. Filled with relatable and entertaining stories as well as practical takeaways, *Baby, Unplugged* is destined to become a touchstone for parents today, giving them the permission to forge their own path through the morass of technological options, to restore their faith in themselves, and to help them raise good, social, and engaged people in the modern world.
