Please note: This is a companion version & not the original book. Sample Book Insights: #1 This second book expands on the techniques you learned in book 1, and teaches you how to use your hypnotic language to its fullest potential. I will teach you how the brain processes words, and how to be even more artfully vague. I'll also teach you how to use more tricks of the trade, observations, experiences, theories, and approaches to hypnotize anyone. #2 By the end of this book, you will know more about hypnosis and how the human mind works than most doctors and therapists. You will be able to hypnotize others without me holding your hand every step of the way.

Confessions of an IT Manager - Phil Factor 2009

Phil Factor is a legend in his own runtime. Scurrilous, absurd, confessional and scathing by turns, Confessions of an IT Manager targets the idiocy, incompetence and overreach of the IT management industry from vantage point all the way up and down the greasy pole. Phil Factor

(real name withheld to protest the guilty) has over 20 years experience in the IT industry, specializing in database-intensive applications. For withering insight into the human weaknesses and farcical levels of ineptitude that bring IT projects to their knees, plus occasional escapes into burnished pastiche and cock-a-leg doggerel there is no funnier, more illuminating commentary on the IT crowd.

The Illustrated History of Hypnotism - John C. Hughes 2008-08-01

"This monumental history charts the development from ancient times to the start of the modern era."--Cover p. [4].

A Father's Story - Lionel Dahmer 2021-08-17

Raising a Serial Killer A Father's Search for Answers In July of 1991 the country was shocked by the unfathomable crimes of serial killer Jeffrey Dahmer. But no one was more shocked than his parents. In A Father's Story, the reader is witness to the incremental unraveling of a parent's image of their child, and the "thousand different reactions" that follow. In his attempt to understand the nature of his son's psychosis, Lionel Dahmer methodically scrutinizes every possible contributing factor to his son's madness. His desperation is palpable as he searches for clues in the emotional, psychological, and genetic landscape of his son's life. Riveting and soul-wrenching, this unprecedented memoir is the confession of a father who must "confront the saddest truth a human can know-that his child has somehow crossed the line that separates the human from the monstrous."

The Rape of the Mind: The Psychology of Thought Control, Menticide, and Brainwashing - Dr. Joost A. M. Meerloo 2015-11-06

"SINCE 1933, when a completely drugged and trial-conditioned human wreck confessed to having started the Reichstag fire in Berlin, Dr. Joost A. M. Meerloo has studied the methods by which systematic mental pressure brings people to abject submission, and by which totalitarians imprint their subjective "truth" on their victims' minds. The first two and one-half years of WWII, Dr. Meerloo spent under the pressure of Nazi-occupied Holland, witnessing at first-hand the Nazi methods of mental torture on more than one occasion...Then, after personal experiences with enforced interrogation, he escaped from a Nazi prison and certain death to England, where he was able, as Chief of the Psychological Department of the Netherlands Forces, to observe and study coercive methods officially.... After the war, he came to the United States...As more and more cases of thought control, brainwashing, and mental coercion were disclosed - Cardinal Mindszenty, Colonel Schwable, Robert Vogeler, and others - his interest grew. It was Dr. Meerloo who coined the word menticide, the killing of the spirit, for this peculiar crime... It is Dr. Meerloo's position that through pressure on the weak points in men's makeup, totalitarian methods can turn anyone into a "traitor." And in The Rape of the Mind he goes far beyond the direct military implications of mental torture to describing how our own culture unobtrusively shows symptoms of pressurizing people's minds. He presents a systematic analysis of the methods of brainwashing and mental torture and coercion, and shows how totalitarian strategy, with its use of mass psychology, leads to systematized "rape of the mind." He describes the new age of cold war with its mental terror, verbocracy, and semantic fog, the use of fear as a tool of mass submission and the problem of treason and loyalty, so loaded with dangerous confusion. The Rape of the Mind is written for the interested layman, not only for

experts and scientists.”-Print ed.

Effective Interviewing and Interrogation Techniques - Nathan J. Gordon 2006-01-18

Effective Interviewing and Interrogation Techniques, Second Edition, is completely revised and updated so as to cover all the information a student needs to know to obtain answers from a witness, a victim, or a suspect and how to interpret these answers with the utmost accuracy. Building on the previous edition's ground-breaking search for truth in criminal and non-criminal investigations, this book contains five new chapters which include coverage of false confessions, interviewing the mentally challenged, and the ethics of interrogation in a post 9/11 world. This new edition includes highly illustrated chapters with topics ranging from the psycho-physiological basis of the forensic assessment to preparation for the interview/interrogation; question formulation; projective analysis of unwitting verbal clues; interviewing children and the mentally challenged; and pre-employment interviewing. Also included are several model worksheets and documents, case studies, and complete instructions for using the authors' Integrated Interrogation Technique, a 10-point, highly successful approach to obtaining confessions that can stand up in court. The book concludes with an insightful look at the future of truth verification. This book will be of benefit to attorneys, coroners, detectives, educators, forensic psychophysicists (lie detection), human resource professionals, intelligence professionals, and investigators as well as journalists/authors, jurists, medical professionals, psychological professionals, researchers, and students. - Expanded coverage of Statement Analysis, including actual statements from real cases. - New

photos to aid in assessing nonverbal behavior. - Added section on assessment of written statements.

Hypnosis - Leonard Moore 2017-06-25

Imagine if you could direct other people's decisions. Imagine if you could influence people's subconscious minds and make them do what you want. Imagine if you could learn how to discover and take advantage of the hypnotic "reflexes" we all have. Everything you're about to read is completely possible. Maybe you're not going to believe me. If this is the case, I feel sorry for you. So many people are already using hypnosis to direct other people's decisions and thinkings, maybe even yours. The truth is, once you find a way to reach the subconscious you can easily direct the brain's decisions. As human beings we don't think like computers. Because of that we can be influenced easily. Hypnosis is just a way to take advantage of a pre-existing weakness. I have already used three hypnotic practices to keep you reading, but you probably didn't notice. Imagine how powerful you can become by using the power of

hypnosis and mind control in your own life. Hypnosis is not some sort of magical fluff, it's a powerful, century-old psychological practice. Doctors and psychiatrists have been using hypnotic tactics to relax and anesthetize people, and the best salesmen take advantage of hypnosis every day. You're about to learn 21 little known hypnotic techniques that could change your life. Don't worry, this book is not about magically creating "zombie people" that will follow every order. That is not hypnosis, it's fantasy. You're about to learn the real thing. The same methods world's most famous hypnotists use. Some hypnotic practices you'll learn to master: Breathing Technique To Induce A Trance State 6 Little-Known Truths About Hypnosis How To Use Rapid Induction To Hypnotize Difficult Targets The 3 Phases Involved In Each Hypnosis Act How To Use Indirect Suggestions To Misperceive The Conscious Mind The Hypnotic Bind Technique And much, much more Don't let others control you. Are You Psychic? - Hans Holzer 1997-06-01

Have you ever had an old tune pop into your head, only to turn on the radio and hear it being played? Or think of someone you haven't seen for years, only to answer the phone and hear that person on the line? Is it coincidence or is it something more? If you have ever wondered if you might be psychic, this book may hold the answer to this most intriguing question. As you will see, everybody has some psychic ability. For some people, the ability might be as mild as intuition; for others, it might be as strong as mediumship; but it all falls under the category of that "sixth sense." *Are You Psychic?* is a fascinating and revealing look at our extrasensory powers. Author and professor of parapsychology Dr. Hans Holzer explores all the various forms of the psychic experience—foretelling the future, interpreting psychic feelings, thought transference, and past-life memories, among others. He explains, in clear and understandable language, what they are, how they work, and what you can do to develop your own inner abilities. He delves into the history of psychic abilities; discusses the psychic experiences of dreams, déjà vu, and out-of-body experience; and shows how natural healing can be a

form of the human psychic ability. Throughout the book, Dr. Holzer gives examples of real-life psychic phenomena that illustrate how these powers work—and demonstrate that they are very real. If you are one of those people who have had their fair share of those “funny coincidences,” maybe it’s time to find out more. Maybe it’s time to answer the question you have asked yourself a hundred times—Are You Psychic?

Convenience Store Woman - Sayaka Murata 2018-06-12

The English-language debut of one of Japan's most talented contemporary writers, selling over 650,000 copies there, Convenience Store Woman is the heartwarming and surprising story of thirty-six-year-old Tokyo resident Keiko Furukura. Keiko has never fit in, neither in her family, nor in school, but when at the age of eighteen she begins working at the Hiiromachi branch of "Smile Mart," she finds peace and purpose in her life. In the store, unlike anywhere else, she understands the rules of social interaction—many are laid out line by line in the store's manual—and she does her best to copy the dress, mannerisms, and speech of her colleagues, playing the part of a "normal" person excellently, more or less. Managers come and go, but Keiko stays at the store for eighteen years. It's almost hard to tell where the store ends and she begins. Keiko is very happy, but the people close to her, from her family to her coworkers, increasingly pressure her to find a husband, and to start a proper career, prompting her to take desperate action... A brilliant depiction of an unusual psyche and a world hidden from view, Convenience Store Woman is an ironic and sharp-eyed look at contemporary work culture and the pressures to conform, as well as a charming and completely fresh portrait of an unforgettable heroine.

Confessions of a Sociopath - M.E. Thomas 2013-05-14

The memoir of a high-functioning, law-abiding (well, mostly) sociopath and a roadmap—right from the source—for dealing with the sociopath in your life. As M.E. Thomas says of her fellow sociopaths, "We are your neighbors, your coworkers, and quite possibly the people closest to you: lovers, family, friends. Our risk-seeking behavior and general fearlessness are thrilling, our glibness and charm alluring. Our often quick wit and outside-the-box thinking make us appear intelligent—even brilliant. We climb the corporate ladder faster than the rest, and appear to have limitless self-confidence. Who are we? We are highly successful,

noncriminal sociopaths and we comprise 4 percent of the American population." *Confessions of a Sociopath*—part confessional memoir, part primer for the curious—takes readers on a journey into the mind of a sociopath, revealing what makes them tick while debunking myths about sociopathy and offering a road map for dealing with the sociopaths in your life. M. E. Thomas draws from her own experiences as a diagnosed sociopath; her popular blog, *Sociopathworld*; and scientific literature to unveil for the very first time these men and women who are "hiding in plain sight."

Nineteen Eighty-Four - George Orwell 2021-01-09

"Nineteen Eighty-Four: A Novel", often published as "1984", is a dystopian social science fiction novel by English novelist George Orwell. It was published on 8 June 1949 by Secker & Warburg as Orwell's ninth and final book completed in his lifetime. Thematically, "Nineteen Eighty-Four" centres on the consequences of totalitarianism, mass surveillance, and repressive regimentation of persons and behaviours within society. Orwell, himself a democratic socialist, modelled the authoritarian government in the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the ways in which they are manipulated. The story takes place in an imagined future, the year 1984, when much of the world has fallen victim to perpetual war, omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as Airstrip One, has become a province of a totalitarian superstate named Oceania that is ruled by the Party who employ the Thought Police to persecute individuality and independent thinking. Big Brother, the leader of the Party, enjoys an intense cult of personality despite the fact that he may not even exist. The protagonist, Winston Smith, is a diligent and skillful rank-and-file worker and Outer Party member who secretly hates the Party and dreams of rebellion. He enters into a forbidden relationship with a colleague, Julia, and starts to remember what life was like before the Party came to power.

Psychic Self-Defense - Dion Fortune 2020-12-12

A new edition of an occult classic, which includes a new introduction by

Mary K. Greer, author of *Women of the Golden Dawn*, and a new afterword with excerpts from rarely seen documents by Fortune herself describing how the book came about. After finding herself the subject of a powerful psychic attack in the 1930s, famed British occultist Dion Fortune wrote this detailed instruction manual on protecting oneself from paranormal attack. This classic psychic self-defense guide explains how to understand the signs of a psychic attack, vampirism, hauntings, and methods of defense. Everything you need to know about the methods, motives, and physical aspects of a psychic attack and how to overcome it is here, along with a look at the role psychic elements play in mental illness and how to recognize them. This is one of the best guides to detection and defense against psychic attack from one of the leading occult writers of the twentieth century. This Weiser Classics edition of Dion Fortune's *Psychic Self-Defense* includes a new forward by Mary K. Greer, author of numerous books including *Tarot for Your Self*, and a new afterword by Christian Gilson that chronicles the original context surrounding Dion Fortune's writing of the book. Mr. Gibson is the editor of *The Inner Light*, the journal published by the Society of Inner Light.

THIS BOOK CAN LITERALLY UPSET YOUR LIFE...Are you looking for the best tools to hack others' minds? Do you desire to make everyone do

your bidding? Do you think that mind control is the most powerful key to having everything you want? Well, you are on the right track, so keep reading...Everyone wants success in life, but only a few admit that to themselves... Fewer admit that to others. Just try for a moment to think about the life you have always wanted, visualize it, and define an image that represents it. Now focus on the feeling that image generates ... Well, this is what is called daydreaming. But what if this dream could come true? Most of the books told you that to achieve success, you need to be a better person, the best version of yourself. True... but it's not enough! What they don't tell you is that you must develop the ability to make everyone do what you want, when you want. You have just two methods. The first one is using a gun (but I don't suggest this), and the second is MANIPULATION. I am telling you that manipulation is a fundamental key to achieving what you really want in life. Okay, but what does manipulation have to do with hypnosis? Hypnosis is the most powerful and subtle way to manipulate a mind. Hypnosis gives you access to the subconscious mind of a human being and you can literally overwrite his behavior. It's not a joke. It was used for military scope and for inducing people to commit political murder, totally unaware and without a trace of it in their memory. In this book you will learn: - All the truth about Hypnosis- The most powerful hypnotic techniques- Darkest myths about it- The deadliest mistakes to avoid in hypnosis- The art of mind control- How to literally brainwash anyone- Using mind control to literally upset your life- The seduction of persuasion\|- NLP vs Hypnosis-- are you ready for the battle? Hey, I am not responsible of how you use this book. I just want you to tell you that to improve properly, this is a noble act and everyone can have benefits from applying these techniques. With this book, you can create wealth for you and people you love, or improve the relationship with your partner. So do good things with it! I, Vampire - Michael Romkey 1990-07-01

From yesterday to a hundred years ago, he lives in the world and walks among us. He enjoys the finest things in life, including beautiful women,

well-aged wine, and the finest classical composers. He has no guilt—he has no need of it. Neither good, nor bad, neither angel nor devil, he is a man, he is a vampire. And this is his story. . . . “Women are my weakness. Or to be more accurate, I should say they are my greatest weakness, for I have many. Travel. Books. Classical music. Art. Excellent wine. And, formerly, cocaine. I admit these things without a sense of guilt. I am, as my friend from Vienna says, a man with a man’s contradictions. I am neither good nor bad, neither angel nor devil. I am a man. I am a vampire.”—From *I, Vampire*

[Hypnosis - How to Hypnotize Anyone](#) - Kyle Faber 2018-11-14

If you've ever been interested in the powerful science of hypnotism or becoming a hypnotist, you've come to the right place. By the end of this book you will be able to hypnotize anyone, literally. The history of hypnosis is discussed, bringing you all the way to how you can hypnotize someone anywhere, anyplace, at anytime. You will learn the definition of hypnotism, as well as how it was used historically, and how it is used today. The dark side of hypnosis will also be investigated, to some degree. The book will give you an overview of some of the terrible and frightening ways that hypnotism has been, and is being used, to control what you see, hear and say, and how it can be used to get you to submit to the ultimate surrender of your mind. How does hypnotism work and what parts of the body and mind are affected by hypnotism? How does hypnotism change your brain chemistry? How does hypnotism alter your physical body? Does your temperature rise when you are hypnotized? Does your heartbeat quicken or does it slow down when you undergo hypnosis? The hypnotic interview and the pre-talk before you begin a hypnotic session are discussed, as well as how to induce a subject into a trance state. You will learn the steps and processes needed to work on, and with, a subject or patient in the hypnotic trance state. Trance deepeners are an additional resource during hypnosis. They are used to put a subject into an even deeper hypnotic trance state, to be properly hypnotized. What signs should a practitioner look for in a subject undergoing hypnotic suggestion to tell if the person is truly hypnotized? Just as important, you will learn the signs to look for if someone is just

pretending to be hypnotized. Finally, you'll learn how to hypnotize anyone, anytime, in any place. You will amaze and astound your friends, family and coworkers with your hypnotic skill. You will be the hit at every party or fun event. It's a great way to break the ice with a prospective partner, too Learning the art of hypnotism could be a lucrative career. You really never know the path you will travel. Learning hypnotism is a fun and exciting way to enjoy your life to the absolute utmost. What are you waiting for ? Hypnosis Without Trance - James Tripp 2021-04-21

"This material has taught me more about hypnosis than my previous 20 years in psychology and 4 years as a practicing Hypnotherapist [and] should be a standard requirement for ANY Hypnotist wanting to bring about real change. If you don't learn this stuff you will be left behind!" - Michael Skirving, DNLP, DHyp, LAPHP Hypnosis: is it actually real? What causes its strange effects? And can everyone easily learn to do it? Since the seminal work of hypnosis pioneer James Braid in the 1840s, the dominant model for understanding hypnosis has been that it is simply a special state (popularly referred to as 'hypnotic trance') that renders people unusually responsive to suggestion. By this model, the practice of hypnosis is simply that of the induction of hypnotic trance, followed by the delivery of suggestions for the desired results. By summer 2008, James Tripp had been working professionally with hypnosis for 6 years. Whilst he had used what he had learned to great effect with his clients (from manual therapy to coaching and changework), it had become increasingly clear that something was amiss with the traditional trance model - instead of his clients responding to suggestion as a result of entering 'trance', they were apparently entering 'trance' as a result of being given suggestions. The cart seemed very much before the horse. This led Tripp to embark on a mission to break down and rebuild hypnosis and suggestion work; to uncover how it really worked and also to see if it could be done more effectively and efficiently. To find a suitable laboratory for his research he stepped out of his hypnotherapy office and onto the streets of London. Across the next year he developed

consistent methods for the effective evocation of classic hypnotic phenomena without using trance inductions; simply structuring suggestions and making requests that worked with people's everyday cognitive faculties to create mind-bending results. In 2009 Tripp started demonstrating his work and sharing his ideas via the Hypnosis Without Trance blog. The content was divisive to say the least - while some traditionalists were upset or angered by the assertions, many others were liberated and empowered by the material. "Hypnosis Without Trance has blown my mind and completely changed my thoughts on how hypnosis works with my clients - it's clicked together a lot of gaps that my traditional learning couldn't explain..." - Michelle Marsh, (Hypnotherapist) "I think this is the most clear and understanding approach I have ever seen or read. Thanks a lot!" - Raul de la Horra (Hypnotist, Psychotherapist and Magician) This book represents the culmination of that period of experimentation and rebuilding, presenting a new central model for hypnosis (The Hypnotic Loop). Further to this it extensively unpacks the tools, tactics and psychological subtleties required for the effective facilitation of powerful hypnotic experiences. Hypnosis Without Trance is for you if you are looking to understand how hypnosis really works, and how you might better facilitate it. Whether you are a student of hypnosis, established practitioner or curious spectator, its clear exposition will significantly deepen your understanding and grasp of this fascinating craft. "Definitely the next important big step for me - a practicing hypnotherapist for over 20 years. Absolutely brilliant! Thank you!!"- Richard Whitehurst (Hypnotherapist) "I gained more understanding of how hypnosis really works from HWT than anywhere else, and think it's a must for anyone serious about hypnosis." - Lazarus Stone (Professional Mentalist) "Using this approach I have gained more confidence and I am far more relaxed as a hypnotist than any time in the past 20 years." - Gary Plumridge (Hypnotherapist) **Instant Self-Hypnosis** - Forbes Robbins Blair 2004-03-01 Hypnosis is a proven technique that allows people to reprogram their subconscious to change unwanted behaviors. Most books on self-hypnosis require the reader to memorize or record scripts, then put the

book aside while they do their hypnosis work. But Instant Self-Hypnosis is the only self-hypnosis book that allows you to hypnotize yourself as you read, with your eyes wide open, without putting down the book. The author's fail-proof method allows you to put yourself into a hypnotic state and then use that state to improve your life in myriad ways. And because the hypnotic state is induced while you read, you remain aware of your surroundings and can bring yourself back to normal consciousness slowly and gently, using the instructions provided.

Ten Arguments for Deleting Your Social Media Accounts Right Now - Jaron Lanier 2018-05-29

AS SEEN IN THE NETFLIX DOCUMENTARY THE SOCIAL DILEMMA A WIRED "ALL-TIME FAVORITE BOOK" A FINANCIAL TIMES BEST BOOK "THE CONSCIENCE OF SILICON VALLEY"- GQ "Profound . . . Lanier shows the tactical value of appealing to the conscience of the individual. In the face of his earnest argument, I felt a piercing shame about my own presence on Facebook. I heeded his plea and deleted my account." - Franklin Foer, The New York Times Book Review "Mixes prophetic wisdom with a simple practicality . . . Essential reading." - The New York Times (Summer Reading Preview) You might have trouble imagining life without your social media accounts, but virtual reality pioneer Jaron Lanier insists that we're better off without them. In Ten Arguments for Deleting Your Social Media Accounts Right Now, Lanier, who participates in no social media, offers powerful and personal reasons for all of us to leave these dangerous online platforms. Lanier's reasons for freeing ourselves from social media's poisonous grip include its tendency to bring out the worst in us, to make politics terrifying, to trick us with illusions of popularity and success, to twist our relationship with the truth, to disconnect us from other people even as we are more "connected" than ever, to rob us of our free will with relentless targeted ads. How can we remain autonomous in a world where we are under continual surveillance and are constantly being prodded by algorithms run by some of the richest corporations in history that have no way of making money other than being paid to manipulate our behavior? How could the benefits of social media possibly outweigh the catastrophic

losses to our personal dignity, happiness, and freedom? Lanier remains a tech optimist, so while demonstrating the evil that rules social media business models today, he also envisions a humanistic setting for social networking that can direct us toward a richer and fuller way of living and connecting with our world.

Detective Joona Linna enlists the help of hypnotist Erik Maria Bark. But when Bark unlocks the secrets in the boy's memory, he triggers a terrifying chain of events that will put all their lives in jeopardy.

The Rogue Hypnotist - Mark Anthony 2017-07-26

The gavel hit the block and his mind went silent. Marks soul folded up small: once, twice, and once more. Until his senses were withdrawn from the reality and the numbness in his head made a dream-time of the external world. His mothers cries echoing in the courtroom. But it couldn't be real, could it? A violent thrust and he fell into a cage. A heavy door closing behind. The sound of the starting engine. Bang! The gavel against the block now was no more than a resonance in his head. He lost the game. It was over. From mindless delinquent to mindful hypnotist, Mark Anthonys story take us from the criminal world of Southeast London, through many trials and tribulations to a successful career as one of Australia's most sought after Hypnotists. A roller-coaster of family violence, children's home, expelled and suspended from schools, child abuse, drugs, crime and loss of freedom in the form of time behind bars; cancer, bankrupt, divorce and false accusations, brother of a murderer, and the power of a mans mind driving his way out to a brighter life of love and success. Marks incredible story goes beyond anything told before: a real emerging phoenix. Fatherless, poor, beaten, abused, arrested, belted, threatened, on the verge of death...Marks childhood and

adolescence elapsed like the worst of nightmares. The brother of a murderer, he lost four friends to heroin and was employed by an underworld figure. Treated like scum but trusting there was a way out, it was when the game seemed lost, behind bars, that Mark decided to change his life. It was an arduous path, rich in disappointments and great mistakes, albeit Marks life tells us that nothing is fatal and never everything is lost. An inspirational but raw story showing us that, no matter where we are at, there is always a way up if we put our mind to it, "It's all about the choices we make."

Hypnotic Writing - Joe Vitale 2006-12-22

Discover the secrets of written persuasion! "The principles of hypnosis, when applied to copywriting, add a new spin to selling. Joe Vitale has taken hypnotic words to set the perfect sales environment and then shows us how to use those words to motivate a prospect to take the action you want. This is truly a new and effective approach to copywriting, which I strongly recommend you learn. It's pure genius." - Joseph Sugarman, author of Triggers "I've read countless book on persuasion, but none come close to this one in showing you exactly how to put your readers into a buying trance that makes whatever you are offering them irresistible." -David Garfinkel, author of Advertising Headlines That Make You Rich "I am a huge fan of Vitale and his books, and Hypnotic Writing (first published more than twenty years ago), is my absolute favorite. Updated with additional text and fresh examples, especially from e-mail writing, Joe's specialty, Hypnotic Writing is the most important book on copywriting (yes, that's really what it is about) to be published in this century. Read it. It will make you a better copywriter, period." -Bob Bly, copywriter and author of The Copywriter's Handbook "I couldn't put this book down. It's eye opening and filled with genuinely new stuff about writing and persuading better. And it communicates it brilliantly and teaches it brilliantly-exemplifying the techniques by the writing of the book itself as you go along." -David Deutsch, author of Think Inside the Box, www.thinkinginside.com "Hypnotic Writing is packed with so much great information it's hard to know where to start. The insights, strategies, and tactics in the book are

easy to apply yet deliver one heck of a punch. And in case there's any question how to apply them, the before-and-after case studies drive the points home like nothing else can. Hypnotic Writing is not just about hypnotic writing. It is hypnotic writing. On the count of three, you're going to love it. Just watch and see." -Blair Warren, author of The Forbidden Keys to Persuasion

Psychic Blues - Mark Edward 2012-08-14

"Mark Edward is an equivocator, fibber, and mountebank. Which begs the question: if a liar admits to lying, can he be telling the truth? He is a literate, informative, intellectual, a student of the psychology of humans, a foe of those who would defraud the public for personal gain, and as an author and practicing psychic, he is first and foremost an entertainer."—Joel Moskowitz, International Brotherhood of Magicians Mark Edward admits that for years he exploited believers who wished to connect with supernatural ideas and sad family members who missed dead loved ones. Now Edward is a magician who works the Haunted Castle in Hollywood and is also on the editorial board of Skeptic magazine, where he reveals the means of psychic scamsters. This entertaining book is at once a confessional and instructional regarding human belief and those who exploit it. Though Edward believes that most practitioners of the psychic business are out-and-out scam artists, he also counters the skeptic belief that the supernatural is a lie. Both skeptic and skeptical of skepticism, Mark Edward has worked as a 900-number psychic, ghost hunter, and Hollywood Magic Castle medium. He has also worked vigorously to debunk psychic frauds and currently works on the editorial board of Skeptic magazine.

Mind Control Hypnosis - Dantalion Jones 2009-06

Most hypnotists will tell you "You can't be made to do something in hypnosis that is against your Will." Most of them actually believe it. But a few of the most experienced hypnotists simply say it to put people at ease. They know that, in the right hands, very few people can resist a skilled hypnotist. Skilled hypnotists know what it takes to resist suggestions and it's not what most people would think. Reason #1 - Because they don't want others to have the power they have. In spite of

what they may want you to believe hypnotists are human beings. They have egos and ambitions just like everyone else. A lot of hypnotists discover something that works really well and they'll want to keep it to themselves. Reason #2 - Because it frightens away clients who believe they have some sort of Will Power. For most people real Will Power is a myth, a story, even a fantasy. Facing this truth, for most people, is a humbling experience.

How to Hypnotize Anyone Effectively - William Michael 2013-05-22

Hypnosis is a very old technique and a very useful one, it allows you to put a person into a highly suggestive state, or yourself into a highly suggestive state. Hypnosis is widely used to help people with self-improvement issues such as low self-esteem, gaining confidence, losing weight, etc. It is also used to help people overcome bad habits that they want to break and have not been able to break on their own, such as smoking, drinking, overeating or nail biting, just to name a few. The other aspect of hypnosis is the entertainment factor, from giving shows to street hypnotists, hypnosis is a crowd please and have a certain wow factor. This book will help you with all of the above, we will go over the

basics of hypnosis, how to induce the hypnotic trance in your subjects, or even yourself, and how to use hypnotic suggestions. Anybody with an interest in hypnosis will find this book to be extremely useful.

Delusion and Mass Delusion - Joost A. M. Meerloo 2021-04-17

2021 Reprint of the 1949 Edition. Full facsimile of the original edition and not reproduced with Optical Recognition Software. Meerloo's best-known book is Rape of the Mind, published in 1956. The book received wide attention in part because it dealt with totalitarian applications of brainwashing techniques during the Korean War. Rape of the Mind explains how scientific brainwashing is done and argues that "hardly anyone can resist such." "Fear, and continual pressure are known to create a menticial hypnosis. The conscious part of the personality no longer takes part in the automatic confessions. The brainwashee lives in a trance, repeating the record grooved into him by somebody else." In Delusion and Mass Delusion, Meerloo attempts to explain the mechanisms within the mind that allow for such manipulation. He attempts an explanation of the several mechanisms undergirding thought, many of which are not obviously available to individuals. An interesting early study on brainwashing by an early student of the practice.
