Oregon Trail - Frank Young
2011-07-05

Based on their extensive research into personal accounts of the Oregon Trail, comic authors David Lasky and Frank Young have created a graphic narrative of one family's epic journey. The main character is an 11-year-old girl whose family sets course for the West to seek new opportunities and to escape the eastern city where they had been living. Oregon Trail reveals all of the planning, equipment, and logistics that went into traveling across an untamed continent in the 1800s. In addition to its visualization of the family's journey, the book features a series of two-page spreads detailing a visual inventory of everything the family took with them, including the parts of a

covered wagon and a personally annotated map of the trail. Readers get a ground-level feel for what it was like to be part of this storied migration west-not a dry recitation of dates and facts, but an immediately memorable living history.

The Last Fine Time - Verlyn Klinkenborg 2004-04

By turns, an elegy, a celebration, and a social history, *The Last Fine Time* is a tour de force of lyrical style. Verlyn Klinkenborg chronicles the life of a family-owned restaurant in Buffalo, New York, from its days as a prewar Polish tavern to its reincarnation as George & Eddie's, a swank nightclub serving highballs and French-fried shrimp to a generation of optimistic and prosperous Americans. In the inevitable dimming of the neon sign outside the restaurant, we see both the passing of an old world way of life and the end to the postwar exuberance that was Eddie Wenzek's "last fine time."

Exploring the Oregon Trail -

Kay W. Scott 2023-01-15

The Oregon Trail, the route of the pioneers during the largest mass migration in United States history, was a long and difficult journey made by Americans nearly two centuries ago. This guidebook, rich with photos, interviews, and information about the famous landmarks, facilities, individuals, activities, and towns along the trail, will please both adventurers planning to travel the trail and individuals who wish to learn about and follow the trail from an easy chair. Complete with maps and details of each state from Missouri to Oregon, *Exploring the Oregon Trail* will give readers everything needed to follow in the footsteps of the American pioneers.

The Oregon Trail - Francis Parkman 1906

Go West, Young Man - B.J. Hollars 2021-09

At the sound of the bell on the last day of kindergarten, B.J. Hollars and his six-year-old son, Henry, hop in the car to strike out on a 2,500-mile road trip retracing the Oregon Trail. Their mission: to rediscover America, and Americans, along the way. Throughout their two-week adventure, they endure the usual setbacks (car trouble, inclement weather, and father-

son fatigue), but their most compelling drama involves people, privilege, and their attempt to find common ground in an all-too-fractured country. Writing in the footsteps of John Steinbeck's *Travels with Charley*, Hollars picks up the trail with his son more than half a century later. Together they sidle up to a stool at every truck stop, camp by every creek, and roam the West. They encounter not only the beauty and heartbreak of America, but also the beauty and heartbreak of a father and son eager to make the most of their time together. From Chimney Rock to Independence Rock to the rocky coast of Oregon, they learn and relearn the devastating truth of America's exploitative past, as well as their role within it. *Go West, Young Man* recounts the author's effort to teach his son the difficult realities of our nation's founding while also reaffirming his faith in America today.

Blue Highways - William Least Heat-Moon 2012-04-03
Hailed as a masterpiece of American travel writing, *Blue Highways* is an unforgettable journey along our nation's backroads. William Least Heat-Moon set out with little more than the need to put home behind him and a sense of curiosity about "those little towns that get on the map-if they get on at all-only because some cartographer has a blank space to fill: Remote, Oregon; Simplicity, Virginia; New Freedom, Pennsylvania; New Hope, Tennessee; Why, Arizona; Whynot, Mississippi." His adventures, his discoveries, and his recollections of the extraordinary people he encountered along the way amount to a revelation of the true American experience.

Ox-Team Days on the Oregon Trail - Ezra Meeker
2020-05-12

I WAS born in Huntsville, Butler County, Ohio, on December 29, 1830. That was, at this writing, more than ninety years ago. My father's ancestors came from England in 1637. In 1665 they settled near Elizabeth City, New Jersey, building there a very substantial house which stood till almost 1910. More than a score of hardy soldiers from this family fought for the Colonies in the War of Independence. They were noted for their stalwart strength, steady habits, and patriotic ardor. Both my parents were sincere, though not austere, Christian people. Father inherited to the full the sturdy traits of his ancestors. I well remember that for three years, during our life in Indiana, he worked eighteen hours a day as a miller. For this hard service he received only twenty dollars a month and bran for the cow. Yet out of the ordeal he came seemingly as strong and healthy as when he entered it.

The Oregon Trail - David Dary 2005

one spot? Try Moon Portland or Moon Coastal Oregon. Hitting the road? Check out Moon Pacific Northwest Road Trip. *The Way West* - A. B. Guthrie 2002

An enormously entertaining classic, *THE WAY WEST* brings to life the adventure of the western passage and the pioneer spirit. The sequel to *THE BIG SKY*, this celebrated novel charts a frontiersman's return to the untamed West in 1846. Dick Summers, as pilot of a wagon train, guides a group of settlers on the difficult journey from Missouri to Oregon. In sensitive but unsentimental prose, Guthrie illuminates the harsh trials and resounding triumphs of pioneer life. With *THE WAY WEST*, he pays homage to the grandeur of the western wilderness, its stark and beautiful scenery, and its extraordinary people. *100 Drives, 5,000 Ideas* - Joe Yogerst 2020

Buckle up for the road trip of a lifetime: 100 epic journeys through all 50 states and 10 Canadian provinces offering thousands of sites and roadside

attractions along the way. A sequel to the best-selling 50 States, 5,000 Ideas. great American road trip, and gives you the tools, resources, and inspiration to make it your own. Hit the road!

The Oregon Trail - Rinker Buck 2015-06-30

In the bestselling tradition of Bill Bryson and Tony Horwitz, Rinker Buck's *The Oregon Trail* is a major work of participatory history: an epic account of traveling the 2,000-mile length of the Oregon Trail the old-fashioned way, in a covered wagon with a team of mules—which hasn't been done in a century—that also tells the rich history of the trail, the people who made the migration, and its significance to the country. Spanning 2,000 miles and traversing six states from Missouri to the Pacific Ocean, the Oregon Trail is the route that made America. In the fifteen years before the Civil War, when 400,000 pioneers used it to emigrate West—historians still regard this as the largest land migration of all time—the trail united the coasts, doubled the size of the country, and laid the groundwork for the railroads.

The trail years also solidified the American character: our plucky determination in the face of adversity, our impetuous cycle of financial bubbles and busts, the fractious clash of ethnic populations competing for the same jobs and space. Today, amazingly, the trail is all but forgotten. Rinker Buck is no stranger to grand adventures. *The New Yorker* described his first travel narrative, *Flight of Passage*, as “a funny, cocky gem of a book,” and with *The Oregon Trail* he seeks to bring the most important road in American history back to life. At once a majestic American journey, a significant work of history, and a personal saga reminiscent of bestsellers by Bill Bryson and Cheryl Strayed, the book tells the story of Buck's 2,000-mile expedition across the plains with tremendous humor and heart. He was accompanied by three cantankerous mules, his boisterous brother, Nick, and an “incurably filthy” Jack Russell terrier named Olive Oyl. Along the way, Buck

Downloaded from
redjacketclothing.com on
by guest

dodges thunderstorms in Nebraska, chases his runaway mules across miles of Wyoming plains, scouts more than five hundred miles of nearly vanished trail on foot, crosses the Rockies, makes desperate fifty-mile forced marches for water, and repairs so many broken wheels and axels that he nearly reinvents the art of wagon travel itself. Apart from charting his own geographical and emotional adventure, Buck introduces readers to the evangelists, shysters, natives, trailblazers, and everyday dreamers who were among the first of the pioneers to make the journey west. With a rare narrative power, a refreshing candor about his own weakness and mistakes, and an extremely attractive obsession for history and travel, *The Oregon Trail* draws readers into the journey of a lifetime.

Tips and Tools: Advice on gear, first aid, and camping permits, plus background information on climate, landscape, and wildlife

Moon Pacific Northwest Hiking covers hikes in Washington and Oregon Whether you're a veteran or a first-time hiker,

Moon's comprehensive coverage and local expertise will have you gearing up for your next adventure. Hitting the road? Check out Moon Pacific Northwest Road Trip! *Road Trip USA* - Jamie Jensen 2000

Offers detailed descriptions of drives through California and the Southwest, with a flexible format allowing one to switch routes during a journey, and including information on where to eat and sleep, the best local radio stations, hundreds of roadside attractions, and more. *The Oregon Trail* - Benjamin Proudfit 2016-07-15

For more than three decades in the mid-1800s, the Oregon Trail was the main way settlers traveled west. Today, people can visit parts of this historic trail, and even walk where pioneers did as they made their way to new lives in the Pacific Northwest and California. Complemented by full-color photographs, the main content addresses the historical context of the trail to supplement the social studies curriculum. Fact boxes offer

tips to those traveling along the trail and suggest cool, quirky, and fun destinations near it.

Curious Gorge - Scott Cook
2006

A hiking and exploring guidebook to Orgeon's Columbia River Gorge. Features day hikes, waterfalls, scenic wonders, and must-see attractions.

Hike It Baby - Shanti Hodges
2018-06-01

New parents and parents of toddlers face unique challenges when it comes to planning outdoor trips. "Family-friendly trail" is often a misleading phrase, and doesn't take young children under the age of 5 into consideration, whose safety and comfort require a different perspective. The unpredictable nature of little ones leads many parents to put their adventure dreams on the back burner, missing out on years of meaningful experiences as a family. Hike it Baby presents 100 outdoor adventures across the U.S. that you can take with babies and toddlers (really!), along with everything you need

to know about exploring the natural world. Sourced from real families using Hike it Baby's trail-tested system, this book helps moms and dads get out there in their comfort zone, yet feel like hardcore adventurers! Whether you've always wanted to hike part of the Appalachian Trail, splash around in gentle Northwest waterfalls, or scramble up rocks in the desert surrounded by Joshua Trees, this book shows you how to plan a truly memorable journey together.

Moon USA National Parks -
Becky Lomax 2020-10-13

They've been dubbed America's best idea for a reason: get inspired, get outdoors, and discover the wild beauty of the United States with Moon USA National Parks. drives or make your way down the list of the top ten national parks experiences across the country The best outdoor adventures in every park, including backpacking, biking, climbing, kayaking, rafting, and more, plus detailed hike descriptions and trail maps marked with distance, duration, effort level, and trailheads National parks road trips with driving times and advice for linking multiple parks, interesting stops between them, and nearby attractions and state parks Comprehensive planning resources: With maps and transportation tips, you'll have the tools to explore each park or region individually, or visit multiple for an epic national parks trip Expert advice from former park guide Becky Lomax on how to avoid crowds, what time of year to visit, and where to stay inside and outside the parks, from campgrounds to hotels Know before you go: Find essential background on climate, terrain, wildlife, history, and safety precautions, plus practical

information on park fees, passes, and reservations, including how to obtain and use a National Parks Pass Gorgeous, full-color photos throughout, plus a handy keepsake section for your national parks stamps and a detachable fold-out poster map Whether you're trekking to striking vistas, rafting a wild river, or camping under the stars, find your park adventure with Moon USA National Parks. For more in-depth information on a specific park, check out one of Moon's national parks travel guides.

Wyoming Road Trip by the Mile Marker - Brook Besser
2010-03

NEW REVISED EDITION that simplifies the highway naming and adds a number of new features that make the book easier to understand and navigate. Contact info@nightblazebooks.com with any questions. Please read this entire description and the notes at the end... Yellowstone National Park is the focal point of Wyoming; however, there is so much more if you know

where to look. Hidden gems like badlands and petroglyphs can be found in the plains and valleys, and with 15 mountain ranges over 9,000 ft, Wyoming is hardly the boring prairie that many people envision. Even where the plains seem unspectacular there is a rich history along pioneer trails that served as the gateway to the west throughout the 19th century. This book identifies ALL of this, and is simply a book you should not be without. Most Wyoming travel guides are written to explore a specific subject or location, but it would take a stack of books to cover the state for all subjects. Think of these books as a mile wide and 100 miles deep. This remarkable guide, on the other hand, has most everything in the entire state laid out by the highway mile markers so you will always know what is ahead and exactly how to get there. This book covers National Parks and Monuments, State Parks, sightseeing, camping, picnicking, hiking, historical sites, archaeological sites, rest

areas, RV dumps, and general points of interest. The book has over 1900 entries, so think of it as 100 miles wide and 10 miles deep -- enough information to get around, but not an overload of information to wade through. Without a book like this putting together a trip across the state requires a great commitment of time and effort. The author knows this, because he has done it many times. In order to provide massive amounts of information into a book of reasonable size and cost, first off the book, it is not a pocket guide but instead is full A4 paper size measuring 8.3 x 11.7 x 0.5 inches. If this was a pocket guide it would be well over a thousand pages. Secondly, the book is laid out in a clear and concise report style format. The descriptions are brief and to the point and not filled with colorful adjectives. Instead the book uses a simple 5-star "Cool Rating" to convey the author's opinion of the impressiveness of each attraction. In addition, the first two lines for each

attraction provide the mileage, GPS coordinates, elevation, which entity owns the land, and a grid system that corresponds to the maps in the book, or can locate the attraction on any map. The detailed directions are also condensed to generally fit on a single line. Just to put a final point on the amount of information in this book, the index is extracted directly from the book itself, and therefore is so comprehensive that it contains over 2,300 entries. So, don't think of whether you should buy this book or that book, this book stands on its own or as the ultimate companion book to any other Wyoming travel book. It will pay for itself many times over in time and fuel savings. If you put it in perspective, the price of the book is around what it costs to operate a vehicle for about 30 miles; maybe 10 or 20 in a big RV -- pretty insignificant. Complete coverage of Yellowstone National Park, Grand Teton National Park, Devils Tower National Monument, Fossil

Butte National Monument, Bighorn Canyon National Recreation Area, Fort Laramie National Historic Site, Medicine Lodge State Archaeological Site, Snowy Range, Bighorn Mountains, Wind River Mountains, Sinks Canyon State Park, Guernsey State Park, Glendo State Park, Keyhole State Park, Green River Lakes, Casper Mountain Park, Jackson Hole and much more. NOTES: Because grayscale photos never do justice to things of beauty, the book contains no photos. However, dozens of color photos can be seen on the book website wyomingroadtripbythemilemarker.com.

Epic Drives of the World - Lonely Planet 2017-08-01
