Making Culture - David Rowe 2018-05-11

Making Culture provides an in-depth discussion of Australia's relationship between the building of national cultural identity - or 'nationing' - and the country's cultural production and consumption.

With the 1994 national cultural policy Creative Nation as a starting point for many of the essays included in this collection, the book investigates transformations within Australia's various cultural fields, exploring the implications of nationing and the gradual movement away from it. Underlying these analyses are the key questions and contradictions confronting any modern nation-state that seeks to develop and defend a national culture while embracing the transnational and the global. Including topics such as publishing, sport, music, tourism, art, Indigeneity, television, heritage and the influence of digital technology and output, Making Culture is an essential volume for students and scholars within Australian and Cultural studies.

dizzying array and all delightful, the recipes in this book recall memories of holidays past and inspire the promise of happy gatherings to come. These are winning cookies in every sense, the best of the best chosen by the contest's judges, accompanied by beautiful photographs as instructive as they are enticing. A treat for any occasion, whether party, bake sale, or after-school snack, each time- and taste-tested recipe is perfect for starting a tradition of one's own.

Arc of Justice - Kevin Boyle 2007-04-01

An electrifying story of the sensational murder trial that divided a city and ignited the civil rights struggle In 1925, Detroit was a smoky swirl of jazz and speakeasies, assembly lines and fistfights. The advent of automobiles had brought workers from around the globe to compete for manufacturing jobs, and tensions often flared with the KKK in ascendance and violence rising. Ossian Sweet, a proud Negro doctor-grandson of a slave-had made the long climb from the ghetto to a home of his own in a previously all-white neighborhood. Yet just after his arrival, a mob gathered outside his house; suddenly, shots rang out: Sweet, or one of his defenders, had accidentally killed one of the whites threatening their lives and homes. And so it began—a chain of events that brought America's greatest attorney, Clarence Darrow, into the fray and transformed Sweet into a controversial symbol of equality. Historian Kevin Boyle weaves the police investigation and courtroom drama of Sweet's murder trial into an unforgettable tapestry of narrative history that documents the volatile America of the 1920s and movingly re-creates the Sweet family's journey from slavery through the Great Migration to the middle class. Ossian Sweet's story, so richly and poignantly captured here, is an epic tale of one man trapped by the battles of his era's changing times. Arc of Justice is the winner of the 2004 National Book Award for Nonfiction.

The Venus Complex - Barbie Wilde 2012-10-05

A man rises out of an abyss of frustration and rage and creates works of art out of destruction, goddesses out of mere dental hygienists and beauty out of death. It's also about the sickness and obsession that is LOVE. "After purposefully killing his wife in a car accident, art professor Michael Friday finds his perspective on things has become a little...warped. Via his personal journal, we're allowed into his mind to slowly watch the disintegration of it, bearing witness to his unnerving sexual cravings and ideas about killing: intertwined with the paintings he loves so much. As Michael writes, he's 'turning into something dead'; but at the same time he wants to be somebody, not a nobody. Using his diary to rant against the world in general - including everything from banks to popular culture, from national holidays like Christmas to politics - he reveals more about the big, gaping hole in his own life. But as the novel goes on the first person narrative tensely builds up, displaying his dark dreams and innermost thoughts; his way of filling that void and presenting his grisly 'works of art' to the world. As intelligent and cultured as Hannibal, easily as disturbing as American Psycho and infinitely less reassuring than Dexter, this is a sexually-charged real life horror story that will definitely stay with you." —review by Paul Kane, award-winning horror and fantasy writer Enter into Michael's world through the pages of his personal journal, where every diseased thought, disturbing dream, politically incorrect rant and sexually explicit murder highlights his journey from zero to psycho. "Wilde...is one of the finest purveyors of erotically charged horror around." —Fangoria Magazine #320 "The Venus Complex is a delicious collision of noir thriller and visceral horror. Whip-smart devious and jolting!" —Jonathan Maberry, Multiple Bram Stoker Award Winner and New York Times best-selling author of Code Zero and V-War

The Digital Evangelicals - Travis Warren Cooper 2022-08-02

When it comes to evangelical Christianity, the internet is both a refuge and a threat. It hosts Zoom prayer groups and pornographic videos, religious revolutions and silly cat videos. Platforms such as social media, podcasts, blogs, and digital Bibles all constitute new arenas for debate about social and religious boundaries, theological and ecclesial orthodoxy, and the internet's inherent danger and value. In *The Digital Evangelicals*, Travis Warren Cooper locates evangelicalism as a media event rather than as a coherent religious tradition by focusing on the intertwined narratives of evangelical Christianity and emerging digital culture in the United States. He focuses on two dominant media traditions: media sincerity, immediate and direct interpersonal communication, and media promiscuity, communication with the primary goal of extending the Christian community regardless of physical distance. Cooper, whose work is informed by ethnographic fieldwork, traces these conflicting paradigms from the Protestant Reformation through the rise of the digital and argues that the tension is culminating in a crisis of evangelical authority. What counts as authentic interaction? Who has authority over the circulation of information? While many studies claim that technology influences religion, *The Digital Evangelicals* reveals how Protestant metaphors and discourses shaped the emergence of the internet and explores what this relationship with global new media means for evangelicalism.

The World Atlas of Coffee - James Hoffmann 2018-10-04

The worldwide bestseller - 1/4 million copies sold 'Written by a World Barista Champion and co-founder of the great Square Mile roasters in London, this had a lot to live up to and it certainly does. Highly recommended for anyone into their coffee and interested in finding out more about how it's grown, processed and roasted.' (Amazon customer) 'Whether you are an industry professional, a home enthusiast or anything in between, I truly believe this is a MUST read.' (Amazon customer) 'Informative, well-written and well presented. Coffee table and reference book - a winner' (Amazon customer) 'Very impressive. It's amazing how much territory is covered without overwhelming the reader. The abundant photos and images are absolutely coffee-table-worthy, but this book is so much more. I think it would be enjoyable for an obsessed coffee geek or someone who just enjoys their java.' (Amazon customer) For everyone who wants to understand more about coffee and its wonderful nuances and possibilities, this is the book to have. Coffee has never been better, or more interesting, than it is today. Coffee producers have access to more varieties and techniques than ever before and we, as consumers, can share in that expertise to make sure the coffee we drink is the best we can find. Where coffee comes from, how it was harvested, the roasting process and the water used to make the brew are just a few of the factors that influence the taste of what we drink. Champion barista and coffee expert James Hoffmann examines these key factors, looking at varieties of coffee, the influence of terroir, how it is harvested and processed, the roasting methods used, through to the way in which the beans are brewed. Country by country - from Bolivia to Zambia - he then identifies key characteristics and the methods that determine the quality of that country's output. Along the way we learn about everything from the development of the espresso machine, to why strength guides on supermarket coffee are really not good news. This is the first book to chart the coffee production of over 35 countries, encompassing knowledge never previously published outside the coffee industry.

Carla and the Christmas Cornbread - Carla Hall 2021-11-02

In this heartwarming tale inspired by her childhood, superstar chef and TV host Carla Hall shares the story of young Carla, who eats a sugar cookie meant for Santa on the night before Christmas and tries to make things right. Christmas is Carla's favorite holiday of the year. She goes to her grandparents' house and eats grandma's special recipe—a perfectly delicious cornbread. She listens to her grandpa Doc's marvelous stories about traveling the world. And, best of all, she spends lots of time with her family. But when Carla accidentally takes a bite out of Santa's sugar cookie, she thinks she's ruined Christmas. How will Santa know to stop at their house if they don't leave him a midnight snack? With her grandmother's help, Carla comes up with a plan, but will it be enough to save Christmas?

Things I Learned at Art School - Megan Dunn 2021-08-17

Part memoir, part essay collection, Megan Dunn's ingenious, moving, hilariously personal Things I Learned at Art School tells the story of her early life and coming-of-age in New Zealand in the '70s, '80s and '90s.

From her parents' divorce to her Smurf collection, from the mean girls at school to the mermaid movie Splash!, from her work in strip clubs and massage parlours (and one steak restaurant) to the art school of the title, this is a dazzling, killer read from a contemporary voice of comic brilliance. Chapters include: The Ballad of Western Barbie; A Comprehensive List of All the Girls Who Teased Me at Western Heights High School, What They Looked Like and Why They Did It; On Being a Redhead; Life Begins at Forty: That Time My Uncle Killed Himself; Good Girls Write Memoirs, Bad Girls Don't Have Time; Videos I Watched with My Father; Things I Learned at Art School; CV of a Fat Waitress; Nine Months in a Massage Parlour Called Belle de Jour; Various Uses for a Low Self-esteem; Art in the Waiting Room and Submerging Artist. Praise for *Tinderbox*: "Tinderbox is deadpan hilarious and Megan Dunn is a comic genius." - Susanna Andrew, *Metro* "Megan Dunn's wry, whip-smart memoir about Fahrenheit 451, literary ambition & the last days of Borders Bookstores is funny & insightful as hell. Like Kathy Acker meets Sue Townsend. The read of the summer! ... already one of my favourite New Zealand books." - Hera Lindsay Bird "Witty, highly entertaining." - Philip Matthews, *Stuff* "Tinderbox is such a shape-shifter, such a sui generis work, that to call it a memoir does it a disservice ... [Dunn's] voice is hard to resist - sardonic, brazen, sagacious - recalling, in places, Nora Ephron, John Jeremiah Sullivan, and Maggie Nelson." - James Cook, *Review 31*

Women in Classical Video Games - Jane Draycott 2022-08-11

Despite the prevalence of video games set in or inspired by classical antiquity, the medium has to date remained markedly understudied in the disciplines of classics and ancient history, with the role of women in these video games especially neglected. *Women in Classical Video Games* seeks to address this imbalance as the first book-length work of scholarship to examine the depiction of women in video games set in classical antiquity. The volume surveys the history of women in these games and the range of figures presented from the 1980s to the modern day, alongside discussion of issues such as historical accuracy, authenticity, gender, sexuality, monstrosity, hegemony, race and

ethnicity, and the use of tropes. A wide range of games of different types and modes are discussed, with particular attention paid to the Assassin's Creed franchise's 21st-century ventures into classical antiquity (first in *Origins* (2017), set in Hellenistic Egypt, and then in *Odyssey* (2018), set in classical Greece), which have caught the imagination not only of gamers, but also of academics, especially in relation to their accompanying educational Discovery Modes. The detailed case studies presented here form a compelling case for the indispensability of the medium to both reception studies and gender studies, and offer nuanced answers to such questions as how and why women are portrayed in the ways that they are.

Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. [Negotiating Opportunities](#) - Jessica McCrory Calarco 2018-02-01 In *Negotiating Opportunities*, Jessica McCrory Calarco argues that the middle class has a negotiated advantage in school. Drawing on five years of ethnographic fieldwork, Calarco traces that negotiated advantage from its origins at home to its consequences at school. Through their parents' coaching, working-class students learn to follow rules and work through problems independently. Middle-class students learn to challenge rules and request assistance, accommodations, and attention in excess of what is fair or required. Teachers typically grant those requests, creating advantages for middle-class students. Calarco concludes with recommendations, advocating against deficit-oriented programs that teach middle-class behaviors to working-class students. Those programs ignore the value of working-class students' resourcefulness, respect, and responsibility, and they do little to prevent middle-class families from finding new opportunities to negotiate advantages in school.

The Art of Rush: Serving a Life Sentence - Hugh Syme 2021-09-21
Newly expanded and updated, this beautiful coffee table book delves into the 40-year relationship between Rush and their longtime artist and illustrator, with a foreword by drummer and lyricist Neil Peart! Containing original illustrations, paintings, photography, and the incredible stories behind each album that Hugh Syme has designed with the band since 1975. The book's narration was written by music journalist Stephen Humphries and includes in-depth interviews with each Rush band member and the artist. The Art of Rush also contains entertaining anecdotes and commentary from a wide array of notable musicians, actors, athletes, writers, radio personalities, and Rush insiders about their favorite Rush album covers, which clearly reveals how vital and impactful the visual representation of their music has been through the years. One of the hallmark's of Rush releases is the considerable care and consideration that goes into each one—including the conceptual artwork. Readers may be surprised to discover just how much effort went into each concept and the execution for every album cover! Some of the regaled stories include furtively crossing the border for a guerilla-style shoot for A Farewell to Kings, trying to herd a warren of rabbits for the cover of Presto, descending into the depths of an autopsy lab to find a brain for Hemispheres, and a stunt involving fire, whiskey, and photographer Deborah Samuel for Moving Pictures. But no history of the band's art would be complete without the story of the

creation of arguably the band's most iconic image, The Starman from 2112. "From the first time Hugh and I met, we shared a level of communication that would sustain us through all the years of discussing art by long distance," says Rush's Neil Peart. The Art Of Rush is a must for fans of Rush, art, and music everywhere.

Women and Politics - Lynne Ford 2018-05-15

Women and Politics is a comprehensive examination of women's use of politics in pursuit of gender equality. How can demands for gender equality be reconciled with sex differences? Resolving this paradoxical question has proceeded along two paths: the legal equality doctrine, which emphasizes gender neutrality, and the fairness doctrine, which recognizes differences between men and women. The text's clear analysis and presentation of theory and history helps students to think critically about the difficulties faced by women in politics, and about how public policies in education, labour and the economy, and family and fertility, impact gender equality. The fully-revised fourth edition explores new critical perspectives, recent political events, and current challenges to gender equality, including the 2016 presidential election and Hillary Clinton's candidacy, the fight for equal pay and paid leave, and the debate over reproductive rights and campus sexual assault. It also includes current scholarship on the intersections of race, class, and gender, and expanded coverage of minority women, women in the military, and conservative women. This text, and its two-path framework, is essential to understanding women's pursuit of equality via the political system.

Lead with We - Simon Mainwaring 2021-11-09

WALL STREET JOURNAL BESTSELLER 2022 NATIONAL INDIE EXCELLENCE AWARDS FINALIST — BUSINESS: GENERAL • 2022 AXIOM BUSINESS BOOK AWARD GOLD MEDALIST — LEADERSHIP
"Critically important reading as our economy struggles to recover the pandemic's deleterious economic impact that is currently compounded by supply chain issues and the beginnings of an inflationary spiral."
—The Midwest Book Review "Provides concrete steps leaders and employees can take to thrive in today's marketplace, where taking a

stand on something important to your customers can become a competitive differentiator." —Forbes Discover an urgent prescription for a new business paradigm—one that better serves humanity and the planet. The global coronavirus pandemic has thrown into stark relief how “business as usual” is no longer serving us. The economic, business, and environmental models of the past do not reflect our current realities. And for our economy—for us—to survive, we need nothing less than a seismic shift in the way we do business. Enter Simon Mainwaring, New York Times bestselling author and founder and CEO of We First. A decade ago, he showed how business leaders and consumers could use social media to build a better world in We First. Now, after decades of research and field experience at the vanguard of the world’s most successful brand revolutions, he provides in *Lead With We* a blueprint for doing business better in today’s challenged world. By leading with “we”—putting the collective above the individual, holding the sum above the parts, and emphasizing the importance of the role that everyone plays—you can not only help solve the escalating challenges of today but also unlock extraordinary growth for your business, and abundance on our planet. Timely and compelling, this book’s message is simple: The future of profit is people’s purpose, aligned. *Lead With We* not only examines why we must all conduct business differently in order to grow in today’s market, but provides the how—concrete steps any reader, wherever they find themselves in the business hierarchy, can take toward success.

The Psychosocial Implications of Disney Movies - Lauren Dundes
2019-07-11

In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney’s films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of

the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.

Anglo-American Imperialism and the Pacific - Michelle Keown
2018-05-23

This interdisciplinary collection explores the confluence of American and

British (neo)imperialism in the Pacific, as represented in various forms of Pacific discourse including literature, ethnography, film, painting, autobiography, journalism, and environmental discourse. It investigates the alliances and rivalries between these two colonial powers during the crucial transition period of the early-to-mid twentieth century, also exploring indigenous Pacific responses to Anglo-American imperialism during and beyond the decolonization period of the late twentieth century. While the relationship between Britain and the US has been analyzed through prominent forms of economic and cultural exchange between Europe, Africa, and the Americas, there is to date no sustained study of the relationship between British and US colonial expansion into the Pacific, which became central to ideas of developing 'European' modernity in the late eighteenth century and has played a pivotal in the history of Anglo-American colonialism, from the establishment of plantation economies and settler colonies in the nineteenth century to various forms of military imperialism during and beyond the twentieth century. The wide range of discursive and expressive modes explored in this collection makes for a rich and multifaceted analysis of representations of, and responses to, Anglo-American imperialism, and is in keeping with the current interdisciplinary turn in postcolonial studies.

When Father Comes Home - Sarah Jung 2020-11-10

From stunning debut talent Sarah Jung comes a heartwarming and beautifully told story about family, planting roots, and standing tall in the face of your fears. June's father is like a goose -- he flies away for long periods of time, which means that June doesn't get to see him very often. So he is happy when Father comes home from his journeys, and happier still when the family plants a tangerine tree together and Father tells June, "Next time I am here, this tree will be bigger, and so will you." Caring for a growing sapling is a great responsibility and June takes it very seriously. When an accident happens and the tree topples over, June worries his family will change forever. But things that have fallen can be replanted, and sometimes facing our biggest fears reveals our greatest strengths.

Social Psychology Australian & New Zealand Edition - Saul Kassin
2019-08-01

Using a balanced approach, Social Psychology, 2e connects social psychology theories, research methods, and basic findings to real-world applications with a current-events emphasis. Coverage of culture and diversity is integrated into every chapter in addition to strong representation throughout of regionally relevant topics such as: Indigenous perspectives; environmental psychology and conservation; community psychology; gender identity; and attraction and close relationships (including same-sex marriage in different cultures, gendered behaviours when dating, and updated data on online dating), making this visually engaging textbook useful for all social psychology students.
