[The Hacker Ethic](#) - Pekka Himanen 2009-03-12

You may be a hacker and not even know it. Being a hacker has nothing to do with cyberterrorism, and it doesn't even necessarily relate to the open-source movement. Being a hacker has more to do with your underlying assumptions about stress, time management, work, and play. It's about harmonizing the rhythms of your creative work with the rhythms of the rest of your life so that they amplify each other. It is a fundamentally new work ethic that is revolutionizing the way business is being done around the world. Without hackers there would be no universal access to e-mail, no Internet, no World Wide Web, but the hacker ethic has spread far beyond the world of computers. It is a mindset, a philosophy, based on the values of play, passion, sharing, and creativity, that has the potential to enhance every individual's and company's productivity and competitiveness. Now there is a greater need than ever for entrepreneurial versatility of the sort that has made hackers the most important innovators of our day. Pekka Himanen shows how we all can make use of this ongoing transformation in the way we approach our working lives.

[The Hundred Brothers](#) - Donald Antrim 2011-06-21

With a New Introduction by Jonathan Franzen There's Rob, Bob, Tom, Paul, Ralph, and Noah; Nick, Dennis, Bertram, Russell, and Virgil. The doctor, the documentary filmmaker, and the sculptor in burning steal; the eldest, the youngest, and the celebrated "perfect" brother, Benedict. In Donald Antrim's mordantly funny novel *The Hundred Brothers*, our narrator and his colossal fraternity of ninety-eight brothers (one couldn't make it) have assembled in the crumbling library of their family's estate for a little sinister fun. Executed with the invention and intelligence of Barthelme and Pynchon, Antrim's taxonomy of male specimens is in equal proportions disturbing and absurdly hilarious.

**The Truce** - Primo Levi 1998-01

**Hard Bop Academy** - Alan Goldsher 2002

Art Blakey and the Jazz Messengers was one of the most enduring, popular, reliable and vital small bands in modern jazz history. Blakey was not only a distinguished, inventive and powerful drummer, but along with Duke Ellington and Miles Davis, he was one of jazz's foremost talent scouts. The musicians who flowed seamlessly in and out of this constantly evolving collective during its 36-year run were among the most important artists not just of their eras, but of any era. Though their respective innovations were vital to the evolution of bebop, hard bop and neo bop, the recorded work of the Messengers sidemen has never been properly analyzed. Until now. *Hard Bop Academy: The Sidemen of Art Blakey's Jazz Messengers* critically examines the multitude of gifted artists who populated the many editions of the Jazz Messengers. In addition to dissecting the sidemen's most consequential work with Blakey's band, jazz musician and acclaimed novelist Alan Goldsher offers up engaging profiles of everyone from Wynton Marsalis to Terence Blanchard to Hank Mobley to Wayne Shorter to Horace Silver to Keith Jarrett to Curtis Fuller to Steve Davis. And that's only the beginning. Goldsher conducted over 30 interviews with surviving graduates of Blakey's Hard Bop Academy, many of whom spoke at length of their tenure with the legendary "Buhaina" for the first time. Alan Goldsher is a bassist who has recorded with Janet Jackson, Digable Planets, Cypress Hill and Naughty By Nature. His writing has been published in *Bass Player*, *Tower Pulse*, *Sport and BasketBull*: Chicago Bulls Magazine. Goldsher's debut novel, *Jam*, was published in 2002 by Permanent Press.

He lives in Chicago. Hardcover.

[The Story of Human Rights](#) - Marcello Flores 2011

How did the culture of human rights develop? How did different schools of thought influence the legal documents and measures over the centuries? Was the French Revolution truly the turning point for human rights? This book analyses these fundamental questions and outlines the history of human rights from the 18th century to the present day. It captures in one lucid source the essential aspects of the subject and is both an introduction to the arguments, and the key to in-depth study of the concepts and principles. While pushing the traditional boundaries between philosophical histories of rights and legal ones, Flores provides an objective approach to the modern-day, westernised concept, and expands it to analyze the contributions from African, Asian and Islamic cultures.

**Trio, Op. 58** - Albert (COP) Roussel 2001-09

(Editions Durand). For Violin, Viola and Cello.

[Transrealist Fiction](#) - Damien Broderick 2000

Transrealist writing treats "immediate perceptions in a fantastic way," according to science fiction writer and mathematician Rudy Rucker, who originated the term. In the expanded sense argued in this book, it also intensifies imaginative fiction by writing the fantastic from the standpoint of richly personalized experience, as in the works of Philip K. Dick. This volume examines a variety of work from a transrealist perspective, including the writings of Dick, Rucker, Kurt Vonnegut, J.G. Ballard, and John Barth.

[Salt Hands](#) - Jane Chelsea Aragon 1994-01-01

In the middle of the night a young girl awakens to a sound, goes outdoors, and discovers a deer with whom she sits quietly and lets him lick salt she has sprinkled on her hands.

[The Diary of Kaspar Hauser](#) - Febbraro Paolo 2017-04-30

Part notebook, part ethical treatise, part fantasized autobiography, *The Diary of Kaspar Hauser* is a striking collection of forty or so haiku-like compositions, diary entries imagined to have been penned by the "idiot" Kaspar Hauser and discovered, by chance, after his death by brutal murder, among the papers of his patron, Franz Paul Webern.

**The World of Proust, as Seen by Paul Nadar** - Paul Nadar 2002

A portrait gallery of Marcel Proust's world includes detailed captions explaining which photographic subjects were the models for which characters in "Remembrance of Things Past." 138 duotones.

**Hypermedia and Literary Studies** - Paul Delany 1991

The essays in *Hypermedia and Literary Studies* discuss the theoretical and practical opportunities and challenges posed by the convergence of hypermedia systems and traditional written texts. Consider a work from Shakespeare. Imagine, as you read it, being able to call up instantly the Elizabethan usage of a particular word, variant texts for any part of the work, critical commentary, historically relevant facts, or oral interpretations by different sets of actors. This is the sort of richly interconnected, immediately accessible literary universe that can be created by hypertext (electronically linked texts) and hypermedia (the extension of linkages to visual and aural material). The essays in *Hypermedia and Literary Studies* discuss the theoretical and practical opportunities and challenges posed by the convergence of hypermedia systems and traditional written texts. They range from the theory and design of literary hypermedia to reports of actual hypermedia projects from secondary school to university and from educational and scholarly to creative applications in poetry and fiction. **Aurelio Galfetti costruire lo spazio. The construction of space** - Franz Graf 2021

**Leonardo, Architect** - Carlo Pedretti 1985

The monumental Mole Vanvitelliana in the harbor of the Adriatic City of Ancona is the spectacular setting for a most original Leonardo exhibition. For the first time Leonardo's presence at Urbino and Pesaro as an architect and general engineer in the service of Cesare Borgia in 1502 is presented in a historical and cultural context that includes every aspect of Leonardos art, science and technology, and also his philosophical outlook. The rarely seen materials, presented here in a fully illustrated catalogue, are also discussed in detail by seven scholars of international repute coordinated by the editor.

*The Nice Old Man and the Pretty Girl* - Italo Svevo 2011-06-21

...the sin of an old man is equal to about two sins of a young man. The fable-like story of an old man's sexual obsession with a young woman is a distillation of Italo Svevo's concerns--attraction of an older man to a younger woman, individual conscience versus social convention, and the cost of sexual desire. This novella is a marvel of psychological insight, following the man's vacillations and tortuous self-justifications to their tragic-comic end. It is presented here in a translation first commissioned and published by Virginia Woolf for her Hogarth Press. The Art of The Novella Series Too short to be a novel, too long to be a short story, the novella is generally unrecognized by academics and publishers.

Nonetheless, it is a form beloved and practiced by literature's greatest writers. In the Art Of The Novella series, Melville House celebrates this renegade art form and its practitioners with titles that are, in many instances, presented in book form for the first time.

**New Laws of Robotics** - Frank Pasquale 2020-10-27

AI is poised to disrupt our work and our lives. We can harness these technologies rather than fall captive to them—but only through wise regulation. Too many CEOs tell a simple story about the future of work: if a machine can do what you do, your job will be automated. They envision everyone from doctors to soldiers rendered superfluous by ever-more-powerful AI. They offer stark alternatives: make robots or be replaced by them. Another story is possible. In virtually every walk of life, robotic systems can make labor more valuable, not less. Frank Pasquale tells the story of nurses, teachers, designers, and others who partner with technologists, rather than meekly serving as data sources for their computerized replacements. This cooperation reveals the kind of technological advance that could bring us all better health care, education, and more, while maintaining meaningful work. These partnerships also show how law and regulation can promote prosperity for all, rather than a zero-sum race of humans against machines. How far

should AI be entrusted to assume tasks once performed by humans? What is gained and lost when it does? What is the optimal mix of robotic and human interaction? New Laws of Robotics makes the case that policymakers must not allow corporations or engineers to answer these questions alone. The kind of automation we get—and who it benefits—will depend on myriad small decisions about how to develop AI. Pasquale proposes ways to democratize that decision making, rather than centralize it in unaccountable firms. Sober yet optimistic, New Laws of Robotics offers an inspiring vision of technological progress, in which human capacities and expertise are the irreplaceable center of an inclusive economy.

**Godbody** - Theodore Sturgeon 2013-04-30

The arrival of a mysterious savior transforms a small town in this provocative parable from “a master storyteller certain to fascinate” (Kurt Vonnegut). Everything changes when Godbody comes to town. He appears out of nowhere, enigmatic and breathtaking, to touch the lives of a chosen few. To them he offers a vision of what life could be—spreading his message of love, generosity, sensuousness, and freedom—and before long he has erased their sadness and opened their hearts. Still, there are those in town who, corrupt and powerful, are threatened by what Godbody brings, and for this reason he must pay the ultimate price. But before his preordained end, Godbody will accomplish something truly miraculous. The final book of Theodore Sturgeon’s fabled career, published posthumously, Godbody is a powerful, moving, thought provoking, and sweetly erotic tale of love, truth, and otherworldly second comings that, once read, will never be forgotten. This ebook features an illustrated biography of Theodore Sturgeon including rare images and never-before-seen documents from the University of Kansas’s Kenneth Spencer Research Library and the author’s estate, among other sources.

**Sandokan: Quest for a Throne** - Emilio Salgari 2015-11-05

Assam, 1869. At the end of their last adventure, Sandokan and Yanez promised to restore Surama to the throne of her ancestors. Aided by Tremal-Naik, Kammamuri and the Tigers of Mompracem, the Portuguese devises an ingenious plan to take the kingdom from Sindhia, the rajah who had sold her to the thugs many years ago. However, all does not go as easily as predicted for an unexpected adversary thwarts their every move: Teotokris, the rajah's favourite courtier, and a deadlier foe than any they have encountered before.

**The Language of New Media** - Lev Manovich 2002-02-22

A stimulating, eclectic account of new media that finds its origins in old media, particularly the cinema. In this book Lev Manovich offers the first systematic and rigorous theory of new media. He places new media within the histories of visual and media cultures of the last few centuries. He discusses new media's reliance on conventions of old media, such as the rectangular frame and mobile camera, and shows how new media works create the illusion of reality, address the viewer, and represent space. He also analyzes categories and forms unique to new media, such as interface and database. Manovich uses concepts from film theory, art history, literary theory, and computer science and also develops new theoretical constructs, such as cultural interface, spatial montage, and cinegratography. The theory and history of cinema play a particularly important role in the book. Among other topics, Manovich discusses parallels between the histories of cinema and of new media, digital cinema, screen and montage in cinema and in new media, and historical ties between avant-garde film and new media.

**An Iranian Metamorphosis** - Mana Neyestani 2014-11-25

**SHE BROKE UP, I DIDN'T** - Durjoy Datta 2013-11-15

Deb is absolutely crazily in love with the stunning Avantika. He can't believe that she is his. Their relationship is going great except for the one time when Deb faltered by breaching her trust. After he apologized, Avantika grudgingly accepted him back. However, his insecurity about her seems to be pushing him into infidelity again. The trust that he had worked so hard to build is lost once again. Will Avantika take him back this time or will she move on? In *She Broke Up, I Didn't!* . . . Durjoy Datta explores the themes of fidelity, love and lust through a roller coaster of misunderstandings and mistakes that are so common in relationships today.

**A Girl Called Jules** - Milena Milani 1967

**Reinventing Capitalism in the Age of Big Data** - Viktor Mayer-Schönberger 2018-02-27

From the New York Times bestselling author of Big Data, a prediction for how data will revolutionize the market economy and make cash, banks,

and big companies obsolete In modern history, the story of capitalism has been a story of firms and financiers. That's all going to change thanks to the Big Data revolution. As Viktor Mayer-Schönberger, bestselling author of Big Data, and Thomas Ramge, who writes for The Economist, show, data is replacing money as the driver of market behavior. Big finance and big companies will be replaced by small groups and individual actors who make markets instead of making things: think Uber instead of Ford, or Airbnb instead of Hyatt. This is the dawn of the era of data capitalism. Will it be an age of prosperity or of calamity? This book provides the indispensable roadmap for securing a better future.

**Birth and Death of the Housewife** - Paola Masino 2010-07-02

First English translation of Paola Masino's *Nascita e morte della massaia*, her most controversial novel that provoked Fascist censorship for its critical portrayal of marriage and motherhood.

**Writing Space** - Jay David Bolter 2001-01-01

This second edition of Jay David Bolter's classic text expands on the objectives of the original volume, illustrating the relationship of print to new media, and examining how hypertext and other forms of electronic writing refashion or "remediate" the forms and genres of print.

Reflecting the dynamic changes in electronic technology since the first edition, this revision incorporates the Web and other current standards of electronic writing. As a text for students in composition, new technologies, information studies, and related areas, this volume provides a unique examination of the computer as a technology for reading and writing.

**Bleeding Sky** - Joey Maddox 2009-09-11

This is the true story of Captain Fletcher E. Adams and the famous 357th Fighter Group. Known collectively as the "Yoxford Boys" the 357th was the first P-51 Mustang fighter group in the history of the "Mighty" 8th Air Force. Although active for less than two years during World War II, the group set many records and became one of the greatest fighter outfits the U. S. Air Force would ever send into combat. Between February 1944 and April 1945 the 357th produced more aces than any other American fighter group. They also shot down more German jets than any other group in the Army Air Corps during the Second World War. On January 14, 1945, a day that will forever be known as "The Great Rat Race" and "The Big Day", the 357th Fighter Group shot down 55 1/2 German fighters in just over two hours setting a record in military aviation that has never and probably will never be broken. Among the members of this amazing group of fighter pilots were: Chuck Yeager, Bud Anderson, Kit Carson, John England, and others destined for fame. So was Captain Fletcher E. Adams, a native son of the small village of Ida, Louisiana. Then, on May 30, 1944, Adams, the leading ace of the 357th Fighter Group with 9 kills to his credit, was shot down over Tiddische, Germany and murdered by civilians on the ground. This is their story as told by the pilots through their books, diaries, and interviews with the author. Theirs was an adventure never to be matched again in the annals of aviation history. Find out what it was really like to go "to war with the Yoxford Boys"! "This book gives us the best insight into a tragic causality of WW II and the mystery of what happened to Captain Fletcher E.

Adams. Joey Maddox's use of other voices, quotes and investigative interviews make the story interesting. You'll not only learn about Fletcher Adams but also the history of the 357th Fighter Group. I found the use of Adams' personal diary, an illegal practice in wartime, particularly interesting to learn of his personal feelings during his training and combat." Clarence E. "Bud" Anderson Colonel, USAF Ret.

**The Holocaust and the Postmodern** - Robert Eaglestone 2004-12-09

Robert Eaglestone argues that postmodernism is a response to the Holocaust. He offers a range of new perspectives, including new ways of looking at testimony and at and recent Holocaust fiction; explores controversies in Holocaust history; looks at the importance of the Holocaust for recent philosophy; and asks what the Holocaust means for reason, ethics, and for being human.

Take a wild and marvelous ride with The Gatecrasher, whose clever, chic, and sassy style will leave you desperately wanting more wonderful Wickham!

**The 'Reader's Digest' Great Encyclopaedic Dictionary** - 1976

**The Iguana** - Anna Maria Ortese 1987

In this magical novel a count from Milan stumbles upon a desolate community of lost noblemen on an uncharted island off the coast of Portugal. When he discovers, to his astonishment, that their ill-treated servant is in fact a maiden iguana, and then proceeds to fall in love with her, the reader is given a fantastic tale of tragic love and delusion that ranks among the most affecting in contemporary literature. "The reptilian servant is only the first in a series of fantastic touches that transform the narrative into a satiric fable dense with the echoes of Shakespeare's 'Tempest' and Kafka's 'Metamorphosis.' . . . The Iguana is a superb performance." "€"New York Times Book Review

**The Elect Nation** - Head of Italian Section Department of European Languages & Studies Lorenzo Polizzotto 1994

The Elect Nation is the first comprehensive study of the religious, political and cultural movement inspired by Savonarola. Based on a thorough examination of the archival material and manuscript sources, the book argues that the followers of Savonarola exercised a profound influence on every facet of Florentine life during the important period of the city's transition from republic to principate. It is the author's contention that their ideology and activities provide the key to understanding not only the Florentine Republic, but also the nature of contemporary political debate and the characteristics of the emerging Medicean Principate. A major preoccupation of the book is to show how the Savonarolans as a group managed to survive the execution of their leaders and to regain their strength and influence. The author traces their networks of support and analyses the way in which they infiltrated and restructured existing Florentine institutions to their advantage. He also reveals how they exploited spiritual counselling and lay and religious patronage to expand their influence and, in particular, how they ensured the survival of their movement by forming an anti-Medicean alliance of republican forces in Florence.

**The Lament of the Linnet** - Anna Maria Ortese 1997

Prince de Neville and his ward, the penniless sculptor Alpert Dupre, both fall in love with a glovemaker's daughter named Elmina

**Landscape with Ruins** - Margherita Guidacci 1992

**The Affair** - Various 2010-03-30

Indulgent and sensual, outrageous and taboo, but always highly erotic, this new collection of Black Lace stories takes the illicit and daring rendezvous with a lover (or lovers) as its theme. Popular Black Lace authors like Portia Da Costa and Janine Ashbless contribute saucy tales, as do a number of brand new passionate and edgy voices from the US. Packed with a broad and thrilling range of women's sexual fantasies.

**The Advocate** - Marcello Fois 2004

The incident occurred in N-oro, Sardinia, about a hundred years ago. A prosperous farmer was shot dead in his olive grove, and his hired hand, a young man called Zenobi, was found guilty In absentia - he had gone to ground already after being accused of theft and was now a bandit with a price on his head. An open-and-shut case. Only the lawyer was willing to see whether the evidence for either charge stood up against the facts. Neither the courts nor the police wanted to reopen the case; the boy had effectively admitted his guilt by absconding. The lawyer's only recourse was to set up a trap of his own-
