**Landscapes of Realism** - Dirk Göttsche 2021-04-15

Few literary phenomena are as elusive and yet as persistent as realism. While it responds to the perennial impulse to use literature to reflect on experience, it also designates a specific set of literary and artistic practices that emerged in response to Western modernity. *Landscapes of Realism* is a two-volume collaborative interdisciplinary exploration of this vast territory, bringing together leading-edge new criticism on the realist paradigms that were first articulated in nineteenth-century Europe but have since gone on globally to transform the literary landscape. Tracing the manifold ways in which these paradigms are developed, discussed and contested across time, space, cultures and media, this first volume tackles in its five core essays and twenty-five case studies such questions as why realism emerged when it did, why and how it developed such a transformative dynamic across languages, to what extent realist poetics remain central to art and popular culture after 1900, and how generally to reassess realism from a twenty-first-century comparative perspective.

**Pioneer to the Past** - Charles Breasted 2020-12-31

Pioneer to the Past tells the intensely human, often poignantly moving story of the brilliant career of James Henry Breasted, one of the greatest Egyptologists and archaeologists America has yet produced. Breasted's greatest achievement was the founding of the Oriental Institute at the University of Chicago in 1919, through the generous support of John D. Rockefeller, Jr. The Oriental Institute embodies Breasted's vision of an inter-disciplinary research center that unites archaeology, textual studies, and art history as three complementary methodologies to provide a holistic understanding of ancient Near Eastern civilizations, and the ways that they laid the foundations for what we think of today as "Western civilization." Breasted's legacy continues to flourish today. Reprint of the Scribner's Sons 1943 Edition, with New Foreword and Photographs.

**Forgotten Voices of The Holocaust** - Lyn Smith 2010-09-15

Following the success of *Forgotten Voices of the Great War*, Lyn Smith visits the oral accounts preserved in the Imperial War Museum Sound Archive, to reveal the sheer complexity and horror of one of human history's darkest hours. The great majority of Holocaust survivors suffered considerable physical and psychological wounds, yet even in this dark time of human history, tales of faith, love and courage can be found. As well as revealing the story of the Holocaust as directly experienced by victims, these testimonies also illustrate how, even enduring the most harsh conditions, degrading treatment and suffering massive family losses, hope, the will to survive, and the human spirit still shine through.
