Media and the Make-Believe Worlds of Children
- Maya Gotz 2014-04-04

Media and the Make-Believe Worlds of Children offers new insights into children's descriptions of their invented or "make-believe" worlds, and the role that the children's experience with media plays in creating these worlds. Based on the results of a cross-cultural study conducted in the United States, Germany, Israel, and South Korea, it offers an innovative look at media's role on children's creative lives. This distinctive volume: *outlines the central debates and research findings in the area of children, fantasy worlds, and the media; *provides a descriptive account of children's make-believe worlds and their wishes for actions they would like to take in these worlds; *highlights the centrality of media in children's make believe worlds; *emphasizes the multiple creative ways in which children use media as resources in their environment to express their own inner worlds; and *suggests the various ways in which the tension between traditional gender portrayals that continue to dominate media texts and

children's wishes to act are presented in their fantasies. The work also demonstrates the value of research in unveiling the complicated ways in which media are woven into the fabric of children's everyday lives, examining the creative and sophisticated uses they make of their contents, and highlighting the responsibility that producers of media texts for children have in offering young viewers a wide array of role models and narratives to use in their fantasies. The downloadable resources provide full-color images of the artwork produced during the study. This book will appeal to scholars and graduate students in children and media, early childhood education, and developmental psychology. It can be used in graduate level courses in these areas.

Chocolate, women and empire - Emma
Robertson 2017-03-01

From Charlie and the Chocolate Factory to
Chocolat, from romantic gift to guilty
indulgence, chocolate has a special place in
Western popular culture. But what are the
hidden histories behind this luxurious
commodity? This book examines chocolate
production from cocoa bean to chocolate box,
illuminating the dynamics of gender, race and

empire which have structured the cocoa chain. Using a varied range of sources, and drawing on the author's own relationship to the industry, this book reconnects the people and places at different stages of chocolate production. Emma Robertson stresses the need to recognise the complex histories of empire and labour which have made such pleasurable consumption possible. Chocolate, women and empire offers exciting new insights into the lives of women workers in a global industry. It will be invaluable to historians of British imperialism as well as to students of Women's and Gender Studies, Cultural Studies and Business Studies.

**The Kid Looks Back-Short Stories & Tall
Tales** - Ritchie R. Moorhead 2011-07-12

The Kid Looks Back is a collection of sixty-eight
stories that cover a wide range of topics. I hope
that his book will be a gentle hiding place where
you can go to get away from something, return
to something or go where you have never been.
Some of these stories are true. Others are
factually true, although bit embellished. Others
are outright fabrications. Most look back to a
kinder, mellower time. Digging for worms,
swimming in a pond, using an outhouse or
wading in a river may bring gross evaluations
from our urbanized cousins. I hope that this
book introduces them to life with a smile. Most
of the stories have a message. Many are simply
humorous. Entertainment is the motive. Carefree
is the mood. Try to find yourself within these
pages. May the beak of reality crack your
comfort shell. Start anywhere. Finish anytime.
Enjoy!

The Island of Missing Trees - Elif Shafak
2021-11-02

A REESE'S BOOK CLUB PICK Winner of the 2022 BookTube Silver Medal in Fiction *
Shortlisted for the Women's Prize for Fiction "A wise novel of love and grief, roots and branches,

displacement and home, faith and belief. Balm for our bruised times." -David Mitchell, author of Utopia Avenue A rich, magical new novel on belonging and identity, love and trauma, nature and renewal, from the Booker-shortlisted author of 10 Minutes 38 Seconds in This Strange World. Two teenagers, a Greek Cypriot and a Turkish Cypriot, meet at a taverna on the island they both call home. In the taverna, hidden beneath garlands of garlic, chili peppers and creeping honeysuckle, Kostas and Defne grow in their forbidden love for each other. A fig tree stretches through a cavity in the roof, and this tree bears witness to their hushed, happy meetings and eventually, to their silent, surreptitious departures. The tree is there when war breaks out, when the capital is reduced to ashes and rubble, and when the teenagers vanish. Decades later, Kostas returns. He is a botanist looking for native species, but really, he's searching for lost love. Years later a Ficus carica grows in the back garden of a house in

London where Ada Kazantzakis lives. This tree is her only connection to an island she has never visited--- her only connection to her family's troubled history and her complex identity as she seeks to untangle years of secrets to find her place in the world. A moving, beautifully written, and delicately constructed story of love, division, transcendence, history, and eco-consciousness, The Island of Missing Trees is Elif Shafak's best work yet.

Anansi And The Box Of Stories

Chocolate Nations - Orla Ryan 2012-04-15
FROM BEAN TO BAR - WHERE DOES YOUR CHOCOLATE COME FROM? Chocolate - the very word conjures up a hint of the forbidden and a taste of the decadent. Yet the story behind the chocolate bar is rarely one of luxury... From the thousands of children who work on plantations to the smallholders who harvest the beans, *Chocolate Nations* reveals the hard economic realities of our favorite sweet. This vivid and gripping exploration of the reasons behind farmer poverty includes the human stories of the producers and traders at the heart of the West African industry. Orla Ryan shows that only a tiny fraction of the cash we pay for a chocolate bar actually makes it back to the farmers, and sheds light on what Fair Trade really means on the ground. Provocative and eye-opening, *Chocolate Nations* exposes the true

story of how the treat we love makes it on to our supermarket shelves.

The Dolls' Christmas - Tasha Tudor 2012-09-18

Christmas is a special time at Pumpkin House, where two dolls named Sethany Ann and Nicey Melinda live. Every Christmas they invite their friends to join them for an elegant dinner party and a marionette show. The dolls have fun getting ready for their party: They send out invitations to their guests by Sparrow Post, decorate their very own Christmas tree with silver nutmegs and golden pears, and prepare doll-size cookies and other treats for the party. Then at "candlelight-time" on Christmas Day the guests begin to arrive, and the evening isn't over until the last carol has been sung around the tree. Tasha Tudor's delightful tale captures all the charm and magic of an old-fashioned Christmas shared with your dearest friends. Beautifully illustrated in nostalgic watercolor paintings, this eBook with audio is sure to be treasured.

ALL THE WAY TO FAIRYLAND - 8 illustrated stories - Evelyn Sharp 2019-01-26

This volume from Evelyn Sharp is a rare gem. Each story is delightful and each has an equally delightful illustration. Read your children a new one each night, and you will find they are the perfect stories to get them to drift off to sleep with pleasant, fairy-filled dreams. The stories in this volume are: I. The Country Called Nonamia II. Why The Wymps Cried III. The Story Of Honey And Sunny IV. The Little Princess And The Poet V. The Wonderful Toymaker VI. The Professor Of Practical Jokes VII. The Doll That Came Straight From Fairyland VIII. Those Wymps Again! Evelyn Sharp was as dedicated as an author as she was an historical figure, and she deserves a larger modern readership. Sharp, and maybe Dickens, were the only authors included disabilities in their writings. This, accompanied by her strong, concise storytelling (the perfect length for little minds and easily-distracted adults) and her radical life story make her one of my favorite figures from the period. Sharp was a dedicated feminist during the

suffragette era and refused to pay her taxes. All her belongings, including her type-writer were seized and sold to pay off her debts. 10% of the publisher's profit will be donated to Charities.

The Jaguar and the Cacao Tree - Birgitte Rasine
2016

If you liked *The Golden Compass* and *The
Chronicles of Narnia*, be prepared to fall in love
with mythic fantasy all over again. *The Jaguar
and the Cacao Tree* pulls you into a mesmerizing
world that blurs the lines between science,
mythology, and the hidden magic of nature most
adults find all but impossible. One of the world's
authorities on chocolate, the C-Spot, calls the
book "a strong contender for the best [chocolate]
title in the last 5 years." When American-born
Max and Maya-born Itzel open the pods of the
Sacred Cacao Tree one night, they unwittingly
unleash forces that threaten the past and future
of the world's most desirable food-- and awaken
two mythic beasts guarding the very DNA of

chocolate. This book is perfect for book club discussions. A sequel, a coloring book, and an interactive game are all in the works for fans. "A mesmerizing, imaginative smorgasbord of facts and fantasy blended into a charming tale." - AllenYoung, PhD, Curator Emeritus, Milwaukee Public Museum and author of The Chocolate Tree.

The Art and Craft of Chocolate - Nathan Hodge 2018-08-21

A world-renowned chocolate maker takes you on

a grand tour of chocolate—from its processing, history, and trade to how it's made, bean to bar. *The Art and Craft of Chocolate* opens with the very basics, beginning with the cacao tree, and explains the process of growing cacao and the many hands it takes to process it. For centuries, chocolate has been used for many purposes all over the world: from a currency during the Mayan empire, to homemade beverages consumed by farm workers in Central America for energy, as well as in moles and other dishes in Mexican cuisine. *The Art and Craft of Chocolate* covers the cultural history of chocolate, as well as the birth of the chocolate bar. The cofounder and head chocolate maker of Raaka Chocolate, Nathan Hodge, then shows you how to hack the basic principles of chocolate-making at home using tools as simple as a food processor, a hair dryer, and a double boiler. In addition, he offers recipes for traditional moles from different regions of Mexico; traditional Mayan chocolate drinks;

cocoa as a meat rub; and various baked goods. A leader in sustainable chocolate sourcing, Hodge introduces the concept of bean to bar chocolate—a process that starts with whole cocoa beans, which are roasted, ground, and smoothed into chocolate—and discusses sustainability and social consciousness, along with his own chocolate making philosophy. *The Art and Craft of Chocolate* "invites readers to take a deeper and more 'cuisine-focused' look at a ubiquitous product in the hopes they fall in love with it, too" (Edible Brooklyn).
