Praying Through Your Pregnancy - Jennifer Polimino
2010-03-28

Praying Through Your Pregnancy shows a mother how to provide an early head start for her child through the power of prayer. With fresh spiritual insight, each chapter reveals what is happening with the

baby's development that week, starting with the very first moment of conception, when God begins the creation of either a boy or a girl. Readers will learn how the confidence they place in God affects the healthy development of their precious growing baby, and how to reduce their own stress and anxiety by looking to the Creator. In this interactive guidebook, the author shares excerpts from her pregnancy journal as an encouragement for women to write their own thoughts and feelings, and each chapter ends with a "Mother's Prayer" and "Scriptures for Meditation." Society and Medicine - Judith P. Swazey 2017-12-02
"The essays in this volume pay tribute to the achievements of RenÚe C. Fox in the fields of medicine and sociology. Many of the contributors are Fox's colleagues and former students from medicine, sociology, nursing, and bioethics. The title--Society and Medicine--reflects the leitmotif in Fox's work: her studies of and teaching about the nature of

medicine and medical research; the training and work of their practitioners; the interrelationships between medicine and the societies and cultures of which it is a part; and, above all, the moral and spiritual dimensions of the healing arts."

Policing the Womb - Michele Goodwin 2020-03-12

In *Policing the Womb*, Michele Goodwin explores how states abuse laws and infringe on rights to police women and their pregnancies. This book looks at the impact of these often arbitrary laws which can result in the punishment, incarceration, and humiliation of women, particularly poor women and women of color.

Frequently based on unscientific claims of endangering a fetus, these laws allow extraordinary powers to state authorities over reproductive freedom and pregnancies. In this book, Michele Goodwin discusses real examples of women whose pregnancies have been controlled by the law and what has led to the United States being the deadliest country in the developed world for a woman to be pregnant.
