Millionaire by Thirty - Douglas R. Andrew
2008-04-30

Most people know that there are 70 million Baby Boomers in America today....but what is less known is that there are approximately 100 million people in America between the ages of 16 and 30. This generation has just entered, or will soon be entering the work force. And they have no idea how to invest, save, or handle their money. Young people today come out of school having had little or no formal education on the basics of money management. Many have large debts from student loans looming over their heads. And many feel confused and powerless when their pricey educations don't translate into

high paying jobs. They feel that their \$30,000-\$40,000 salary is too meager to bother with investing, and they constantly fear that there will be "too much month left at the end of their money." Douglas R. Andrew has shown the parents of this generation a different pathway to financial freedom. Now Doug and his sons, Emron and Aaron - both of whom are in their mid-20s - show the under-30 crowd how they can break from traditional 401k investment plans and instead can find a better way by investing in real estate, budgeting effectively, avoiding unnecessary taxes and using life insurance to create tax-free income. With the principles outlined in *Millionaire by Thirty*, recent graduates will be earning enough interest on their savings to meet their basic living expenses by the time they're 30. And by the time they're 35, their investments will be earning more money than they are, guaranteeing them a happy, wealthy future.

Alone - Cyn Balog 2017-11-07

This must-read for lovers of Stephen King's *The Shining* will leave readers breathless as Seda and her family find themselves at the mercy of a murderer in an isolated and snowbound hotel. The grounds are beautiful and it's fun to explore the

sprawling house with its creepy rooms and secret passages. Except now her mom wants to renovate, rather than sell the estate—which means they're not going back to the city...or Seda's friends and school. As the days grow shorter, Seda is filled with dread. They're about to be cut off from the outside world, and she's not sure she can handle the solitude or the darkness it brings out in her. Then a group of teens get stranded near the mansion during a blizzard. Seda has no choice but to offer them shelter, even though she knows danger lurks in the dilapidated mansion—and in herself. And as the snow continues to fall, what Seda fears most is about to become her reality...

Teratoid Heights - Mat Brinkman 2000-05-01

Teratoid Heights realistically depicts the lifecycles of various species found in the tide

location's cave-riddled terrain, down to the most painstakingly detailed behavioral patterns. It matters not that both Teratoid Heights and its inhabitants are entirely fictional. Brinkman taps into the zeitgeist of modern suburban America with what seems to be a mixture of J.R.R. Tolkein-style adventure, video-game inspired syncopation and an endless barrage of cable-television nature films all filtered through the reddened eyes of a marijuana-addled teenager. A book that reveals levels of humor and humanity no matter what age the reader.

My Friends - Emmanuel Bove 2019-05-07

Bove's tale of a World War I veteran living in postwar Paris, searching for friendship and warmth, is an ironic, entertaining masterpiece by one of France's favorite authors. My Friends is Emmanuel Bove's first and most famous book, and it begins simply, though unusually, enough: "When I wake up, my mouth is open. My teeth are furry: it would be better to brush them in the evening, but I am never brave enough." Victor Baton is speaking, and he is a classic little man, of no talent or distinction or importance and with no illusions that he has any of those things, either; in fact, if he is exceptional, it is that life's most basic transactions seem to confound him more than they do the rest of us. All Victor wants is to be loved, all he wants is a friend, and as he strays through the streets of Paris in search of love or friendship or some fleeting connection, we laugh both at Victor's meekness and at his odd pride, but we feel with him, too. Victor is after all a kind of everyman, the indomitable knight of human fragility. And, in spite of everything, he, or at least his creator, is some kind of genius, investing the back streets and rented rooms of the city and the unsorted moments of daily life with a weird and unforgettable clarity.

A character study, it captures the thoughts and actions of real people, not stereotypes."—The Free Lance-Star "And don't miss *Lumen* by Ben Pastor. . . . An interesting, original, and melancholy tale."—Literary Review Italy, September 1943. The Italian government switches sides and declares war on Germany. The north of Italy is controlled by the fascist puppets of Germany; the south liberated by Allied forces fighting their way up the peninsula. Having survived hell on the Russian front, Wehrmacht major and aristocrat Baron Martin von Bora is sent to Verona. The prime suspect is the victim's twenty-eight-year-old widow Clara. Haunted by his

record of opposition to SS policies in Russia, Bora must watch his step. Against the backdrop of relentless anti-partisan warfare and the tragedy of the Holocaust, a breathless chase begins. That is until a supernatural spirit visits Tommy offering a way out.
