Vorrei risorgere dalle mie ferite - Anna

Deodato 2016-12-13T15:40:00+01:00

Il libro, finora unico nel suo genere, raccoglie storie di donne consacrate che hanno subito un abuso sessuale in tempi diversi della loro vita da preti e consorelle di comunità. Ed è la testimonianza di come si possa riemergere dalle ferite e ricominciare a vivere. L'intento è anche di portare alla luce ciò che si trova in quest'angolo buio della realtà della Chiesa. «Il tono della presentazione delle storie delle donne consacrate è forte, la presa di posizione è molto chiara e drastica, e questo è comprensibile non solo perché l'autrice ha ascoltato e ha accompagnato le donne abusate che parlano della loro esperienza, ma anche perché questo

testo vuole svegliare la coscienza e motivare a rompere il silenzio», scrive nella presentazione il gesuita Hans Zollner, preside dell'Istituto di Psicologia della Pontificia Università Gregoriana e membro della Pontificia commissione per la protezione dei minori. «I racconti riportati in questo libro e la descrizione del cammino di accompagnamento mettono in evidenza la complessità dei vari fattori che contribuiscono a infliggere ferite e a creare situazioni di enorme dolore e disperata solitudine». Tra le diverse prospettive di lettura se ne propongono due particolarmente importanti: quelle dell'integrazione e delle domande pedagogiche che interpellano. Integrazione: il capp. I e XI ci fanno entrare nella drammatica dell'esistenza pasquale di vite dolorosamente provate che cercano spiragli di luce e di riscatto anche attraverso una vera integrazione spirituale che non si può raggiungere se non includendo tutti i livelli dell'esperienza ferita e umiliata. "Si tratta di una discesa agli inferi che include tutti gli strati dell'esperienza del dolore: il corpo, le relazioni personali e istituzionali, il vissuto emotivo, il lutto relazionale, affettivo e spirituale", scrive don Enrico Parolari, sacerdote psicologo e psicoterapeuta, nell'introduzione. Domande che interpellano: sono quelle che devono scuotere la coscienza di tutti e in particolare di quanti nella Chiesa hanno una

qualche responsabilità di discernimento e formazione. "Come si definiscono e vivono i ruoli di uomo e donna nelle società e all'interno della Chiesa? Quali sono le strutture specifiche del potere nella Chiesa e come possono essere al servizio del vangelo senza distorcerne il messaggio? Qual è la posizione della donna consacrata nei confronti delle figure di autorità, siano esse i sacerdoti o le superiori delle comunità e congregazioni religiose? Come dare attenzione sufficiente alle esperienze affettive e sessuali per arrivare ad un giusto discernimento? Nel caso tragico di un abuso scoperto o riscoperto, quali sono le persone che per competenza possono essere interpellate e quali sono i percorsi terapeutici e spirituali da seguire?" (H. Zollner).

A Brief History of Vatican II - Giuseppe Alberigo 2006

"The Second Vatican Council, summoned by Pope John XXIII on Christmas Day 1961, met in four autumn sessions from 1962 to 1965. The Council was a watershed in both world Christian and world religious history. Historian Giuseppe Alberigo tells the story of that Council for a generation that has come of age since its close. Here, the drama of the Council comes alive, as the assembled bishops and their advisors worked on themes that would transform the global landscape of religion in ways that few, including Pope John, could have imagined."--BOOK JACKET.

Theology Today - International Theological Commission 2012

Since the Second Vatican Council, an exciting array of new theological voices, themes, and venues for reflection has emerged. This addresses the vital question of what exactly is Catholic theology. It considers basic perspectives and principles that characterise Catholic theology and offers criteria by which diverse theologies may be recognised as authentically Catholic.

The Birth of Purgatory - Jacques Le Goff 1986-12-15

Noting that the doctrine of Purgatory does not appear in the Latin theology of the West before the late twelfth century, the author identifies the profound social and intellectual changes which caused its widespread acceptance

L'invenzione del futuro - Fabrizio Cambi 2009

Il 9 novembre 1989 la caduta del muro di Berlino innesca il processo di dissoluzione della DDR, che viene rapidamente cancellata dagli atlanti e rubricata nei manuali di storia alla voce "dittatura". La Deutsche Demokratische Republik era stata per² anche una Repubblica delle lettere, il paese d'elezione di molti scrittori scampati al nazismo, come Brecht, Anna Seghers, Heinrich Mann e Arnold Zweig. Nello "stato socialista in terra tedesca" gli scrittori erano chiamati a partecipare alla costruzione di una società nuova, senza precedenti, all'invenzione del futuro. Oggi conosciamo fatti che smascherano quell'invenzione come inganno, illusione: la censura e l'autocensura, la collaborazione di alcuni scrittori con la Stasi, l'emigrazione di altri nella Germania federale. Ma invenzione del futuro ha significato anche altro: creazione di strutture, disegno di utopie, esplorazione della fantasia. Nella DDR si sono formati - tra consenso e dissenso - autori come Uwe Johnson e Christa Wolf, Heiner Müller e Volker Braun. Ancora oggi forme e contenuti di questa letteratura segnano l'opera di alcuni tra pi¹ rilevanti autori della Germania riunificata, da Ingo Schulze a Uwe Tellkamp. Pie VII et les Pays-Bas - M. Chappin 1984

The Emergence of Christian Theology - Eric Osborn 1993-04

There are special times of movement in the history of ideas, and one such time - as the author of this study shows - was the second half of the second century, when Christian thought showed fresh vigour. By concentrating on five seminal Christian thinkers of the second century (Justin, Athenegoras, Irenaeus, Clement of Alexandria, and Tertullian), Eric Osborn illustrates how it was that Christianity made monotheism axiomatic to its central doctrinal claims while adapting, too, to the peculiar circumstances in which it developed. The stimulus for new thought came from the objections of the state, philosophers, Jews, Gnostics, and Marcion, who in different ways denied the Christian claim to faith in one God. In response, Christian thinkers argued for one God who was the first principle of being, goodness, and truth. In its presentation of the lively beginning which brought Christianity and

classical thought together, this book casts light on the growth of the European intellectual tradition.

Amoris Laetitia - Pope Francis 2016-04-22

"All of us are called to keep striving towards something greater than ourselves and our families, and every family must feel this constant impulse. Let us make this journey as families, let us keep walking together." Pope Francis, *Amoris Laetitia* In his groundbreaking work on modern family life, *Amoris Laetitia: On Love in the Family*, Pope Francis continues to guide and lead the Church, calling us to be a sign of mercy and encouragement for families of all shapes and sizes. The Our Sunday Visitor edition includes exclusive reflection and discussion questions, to help Catholics grow in our understanding of this call, and act upon it. In *Amoris Laetitia: On Love in the Family* the Holy Father expands on the topics and considerations of the two Synods on the family, and adds his own considerations to help us provide pastoral guidance to support and strengthen today's families. *On Love in the Family* guides us through: Scripture - what we can learn from Biblical families and relationships with God and each other Reality - the experiences and challenges we face in today's world Tradition - essential aspects of Church teaching on marriage and families Love - what it means for all our relationships Ministry - Pope Francis offers pastoral perspectives for helping build strong families Spirituality - the expression of the Gospel message in our relationships

The Cambridge Companion to Seneca - Shadi Bartsch 2015-02-16

The Roman statesman, philosopher and playwright Lucius Annaeus Seneca dramatically influenced the progression of Western thought. His works have had an unparalleled impact on the development of ethical theory, shaping a code of behavior for dealing with tyranny in his own age that endures today. This Companion thoroughly examines the complete Senecan corpus, with special emphasis on the aspects of his writings that have challenged interpretation. The authors place Seneca in the context of the ancient world and trace his impressive legacy in literature, art, religion, and politics from Neronian Rome to the early modern period. Through critical discussion of the recent proliferation of Senecan studies, this volume

compellingly illustrates how the perception of Seneca and his particular type of Stoicism has evolved over time. It provides a comprehensive overview that will benefit students and scholars in classics, comparative literature, history, philosophy and political theory, as well as general readers.

War Against the Idols - Carlos M. N. Eire 1989-01-27

In the second decade of the sixteenth century medieval piety suddenly began to be attacked in some places as 'idolatry', or false religion. Wherever these ideas became accepted, churches were sacked, images smashed and burned, relics destroyed, and the Catholic Mass abolished. This study calls attention to the centrality of the idolatry issue for the Reformation. It traces the development of Protestant iconoclastic theology and practice, provides a survey and synthesis of its unfolding from Erasmus through Calvin, and lays a foundation for understanding the Reformed ideology that stood in conflict with Catholicism and Lutheranism. Professor Eire's main thesis is that the argument against 'idolatry' was central to Reformed Protestantism, both in its theological aspect and in its political ramifications, and that it reached its fullest and most enduring expression in Calvinism.

A Fish in the Water - Mario Vargas Llosa 2011-07-05

Mario Vargas Llosa's *A Fish in the Water* is a twofold book: a memoir of one of Latin America's most celebrated writers, beginning with his birth in 1936 in Arequipa, Peru; and the story of his organization of the reform movement which culminated in his bid for the Peruvian presidency in 1990.

The Dancing Column - Joseph Rykwert
1998-02-06

Joseph Rykwert is one of the major architectural historians of this century, whose full humanistic understanding of architecture and its historical significance is unrivaled. *The Dancing Column* is certain to be his most controversial and challenging work to date. A decade in preparation, it is a deeply erudite, clearly written, and wide-ranging deconstruction of the system of column and beam known as the "orders of architecture," tracing the powerful and persistent analogy between columns and/or buildings and the human body. The body-column metaphor is as old as architectural thought, informing the works of Vitruvius, Alberti, and many later writers; but *The Dancing Column* is the first comprehensive treatment to do this huge subject full justice. It provides a new critical examination of the way the classical orders, which have dominated Western architecture for nearly three millennia, were first formulated. Rykwert opens with a review of their consequence for the leading architects of the twentieth century, and then traces ideas related to them in accounts of sacred antiquity and in scientific doctrines of humor and character. The body-column metaphor is traced in archaeological material from Egypt, Asia Minor, and the Levant, as well as from Greece, drawing on recent accounts by historians of Greek religion and society as well as the latest discoveries of archaeologists. Perhaps most important, Rykwert reexamines its significance for the formation of any theoretical view of architecture. Chapters cover an astonishing breadth of material, including the notions of a set number and a proportional as well as an ornamental rule of the orders; the theological-philosophical interpretation of antiquity on which the domination of the orders relied; the astrological and geometrical canon of the human figure; gender and column; the body as a constantly refashioned cultural product; the Greek temple building and the nature of cu

Don Bosco's Pedagogical Experience - Pietro Braido 1989

Is Europe Christian? - Olivier Roy 2020-03-01
As Europe wrangles over questions of national

identity, nativism and immigration, Olivier Roy interrogates the place of Christianity, foundation of Western identity. Do secularism and Islam really pose threats to the continent's 'Christian values'? What will be the fate of Christianity in Europe? Rather than repeating the familiar narrative of decline, Roy challenges the significance of secularized Western nations' reduction of Christianity to a purely cultural force- relegated to issues such as abortion, euthanasia and equal marriage. He illustrates that, globally, quite the opposite has occurred: Christianity is now universalized, and detached from national identity. Not only has it taken hold in the Global South, generally in a more socially conservative form than in the West, but it has also 'returned' to Europe, following immigration from former colonies. Despite attempts within Europe to nationalize or even racialize it, Christianity's future is global, non-European and immigrant-as the continent's Churches well know. This short but bracing book confirms Roy's reputation as one of the most acute observers of our times. It represents a persuasive and novel vision of religion's place in national life today.

Why Orwell Matters - Christopher Hitchens
2008-08-06

"Hitchens presents a George Orwell fit for the twenty-first century." --Boston Globe In this widely acclaimed biographical essay, the masterful polemicist Christopher Hitchens assesses the life, the achievements, and the myth of the great political writer and participant George Orwell. True to his contrarian style, Hitchens is both admiring and aggressive, sympathetic yet critical, taking true measure of his subject as hero and problem. Answering both the detractors and the false claimants, Hitchens tears down the façade of sainthood erected by the hagiographers and rebuts the critics point by point. He examines Orwell and his perspectives on fascism, empire, feminism, and Englishness, as well as his outlook on America, a country and culture toward which he exhibited much ambivalence. Whether thinking about empires or dictators, race or class, nationalism or popular culture, Orwell's moral outlook remains indispensable in a world that has undergone vast changes in the seven decades since his death. Combining the best of Hitchens' polemical punch

and intellectual elegance in a tightly woven and subtle argument, this book addresses not only why Orwell matters today, but how he will continue to matter in a future, uncertain world.

Stay with Us Lord - Pope John Paul II
2004-11-01

Apostolic letter of Pope John Paul II for the Year of the Eucharist.

Sadhana - Anthony De Mello 1984-09-01

Christian Exercises in Eastern Form Truly a one-of-a-kind, how-to-do-it book, this small volume responds to a very real hunger for self-awareness and holistic living. It consists of a series of spiritual exercises for entering the contemplative state -- blending psychology, spiritual therapy, and practices from both Eastern and Western traditions. Anthony de Mello offers here an unparalleled approach to inner peace that brings the whole person to prayer -- body and soul, heart and mind, memory and imagination. In forty-seven exercises that teach things such as awareness of physical sensations, stillness, healing of hurtful memories, and consciousness of self and world, de Mello succeeds in helping all who have ever experienced prayer as difficult, dull, or frustrating. The essential key, he notes, is to journey beyond mere thought-forms and discover satisfying new depths in prayer from the heart. This allows for a greater sense of awareness amid silence, and disposes the one who prays to untold riches, spiritual fulfillment, and ultimately, a mystical experience of God-centeredness. Drawing on Scripture, as well as insights from Eastern and Western spiritual masters, the author has a unique appeal that transcends time, culture, and religious background. For many years a bestseller in the English language, *Sadhana* has now been translated into more than two dozen foreign languages. Readers the world over have eagerly received this sincere spiritual leader, who has led many toward the wealth of insight and spirit that dwells within them.

The Place of Narrative - Marilyn Aronberg Lavin
1990-12-15

Looking at more than two hundred Italian medieval and Renaissance mural cycles, Lavin examines—with the aid of computer technology—the "rearranged" chronologies of familiar religious stories found therein. "Like many masterpieces, Lavin's book builds upon a simple idea . . . it is possible to do a computer analysis of . . . visual narratives. . . . This is the first computer-based study of the visual arts of which I am aware that illustrates how those technologies can utterly transform the study of old master art. An extremely important book, one likely to become the most influential recent study of art of this period, *The Place of Narrative* is also a beautiful artifact."—David Carrier, *Leonardo* "Covering over a millennium and dealing with the whole of Italy, Lavin makes pioneering use of new methodology employing a computer database . . . [and] novel terminology to describe the disposition of scenes of church and chapel walls. . . . We should recognize this as a book of high seriousness which reaches out into new areas and which will fruitfully stimulate much thought on a neglected subject of very considerable significance."—Julian Gardner, *Burlington Magazine*

Historical Atlas of Medieval Music - Vera Minazzi 2019-08-31

Music is rooted in the heart of Western culture. The absence of music from the usual publications of medieval history and history of art of the Middle Ages is understandable, considering the rarity of sources. And yet, throughout the last decades, an intense activity of historico-musicological research has been carried out internationally by a select group of specialized scholars. The ambitious goal of this work is to set medieval music within its historical and cultural context and to provide readers interested in different disciplines with an overall picture of music in the Middle Ages; multi-faceted, enjoyable, yet scientifically rigorous. To achieve this goal, the most prominent scholars of medieval musicology were

invited to participate, along with archaeologists, experts of acoustics and architecture, historians and philosophers of medieval thought. The volume offers exceptional iconography and several maps, to accompany the reader in a fascinating journey through a network of places, cultural influences, rituals and themes.

Reading the Epistle to the Hebrews - Eric F. Mason 2011-09-20

This volume, designed for classroom use, reflects contemporary trends in the study of an important and complex biblical text. Essays address major interpretive issues and emphasize the importance of interpreting Hebrews in light of its ancient Jewish, Christian, and Greco-Roman contexts.

Omèlie dell'anno liturgico 2009 narrato da Jospeh Ratzinger, papa - Pope Benedict XVI 2009

Redeeming the Text - Charles Martindale 1993
Applying modern critical theory to the interpretation of Latin poetry, the author argues for a critical approach wherein the meaning of a text is necessarily involved in the process of "reception"-- as illustrated through exemplary readings of Virgil, Ovid, Horace and Lucan.

The Illustrated Virago Book of Women

Travellers - Mary Morris 2006-12-14

Women move through the world differently from men. The constraints and perils, the perceptions and complex emotions women journey with are different. For many women, the inner landscape is as important as the outer. This does not mean that the woman traveller is not politically aware, historically astute or in touch with the customs and language of the place, but it does mean that a woman cannot travel and not be aware of her body and the limitations her sex presents. This illustrated edition of The Virago Book of Women

Travellers captures 300 years of wanderlust. Some of the women are observers of the world in which they wander and others are more active. Often they are storytellers, weaving tales about the people they encounter. Whether it is curiosity about the world or escape from personal tragedy, these women approached their journeys with wit, intelligence, compassion and empathy for the lives of others.
