Toward Respectful Understanding and Witness among Muslims: - Evelyne A. Reisacher
2012-06-28

Fifteen preeminent Christian scholars of Islam present their latest research and reflections. The book is organized around three themes: encouraging friendly conversation, Christian scholarship, and Christian witness. Published in

honor of J. Dudley Woodberry, it is more than a collection of essays by friends and colleagues. It offers a seldom-available synopsis of the theories of contemporary leading Christian academicians whose work is currently influencing a wide range of Christian institutions, agencies, churches, and individuals. The authors provide cutting-edge and greatly needed resources for

developing a better understanding of Muslims. In an age of increasing challenges facing Muslim-Christian relations, this volume offers Christians a unique opportunity to rethink their assumptions. It also presents practical steps which can inform their daily encounters with Muslims. This book is essential reading for people with research interests in Islam, for Bible school and seminary students, for church leaders, and for all those who want to be informed of the latest empirical research and theoretical perspectives affecting Muslim-Christian relations.

The Life of Luigi Giussani - Alberto Savorana
2017-12-26

Monsignor Luigi Giussani (1922-2005) was the founder of the Catholic lay movement Communion and Liberation in Italy, which has hundreds of thousands of adherents around the globe. In *The Life of Luigi Giussani* Alberto Savorana, who spent an important part of his life working and studying with Giussani, draws on

many unpublished documents to recount who the priest was and how he lived. Giussani's life story is particularly significant because it shares many of the same challenges, risks, and paths toward enlightenment that are described in his numerous and influential publications. Savorana demonstrates that the circumstances Giussani experienced and the people he encountered played a crucial role in defining his vocation. Illuminating details are shared about Giussani's parents, professors, and friends in the seminary, the things he read, his priesthood, his experience teaching, misunderstandings and moments of recognition, and illness. Luigi Giussani considered Christianity to be a fact, a real event in human life, which takes the form of an encounter, inviting anyone and everyone to verify its relevance to life's needs. This is what happened for so many people all over the world who recognized in this priest and leader, with his rough and captivating voice, not only a teacher to learn from, but above all a man to

compare oneself with – a companion for the journey who could be trusted to answer the question: how can we live? In addition to providing the first chronological reconstruction of the life of the founder of Communion and Liberation, *The Life of Luigi Giussani* provides a detailed account of his legacy and what his life's work meant to individual people and the Church.

The Franciscan custody of the holy land in Cyprus - Paolo Pieraccini

2014-04-08T00:00:00+02:00

In his latest book Dr. Pieraccini makes a major contribution not only to the annals of the Franciscan Order but also to the history of Cyprus, a Greek-speaking island off the coast of Turkey that had long provided port facilities for trade with the East and that was an important staging post on the sea route for pilgrims to the Holy Land. After the waning of the Crusades at the end of the 13th century it became “the most important Christian outpost in the Mediterranean”. Even so, Catholics – whether

Latins or Maronites – never made up more than 1% of the overall population of the island. In essence this is a tale of survival against the odds over the centuries, thanks to the stubborn resilience of the Franciscan friars and the Catholic faithful, especially the Maronites, in the face of great human and natural adversity. Among the perennial challenges the Order faced were those of a shortage of water, barren soil, “bad air” – malaria – a poor climate, and the hostility of the majority population of Greeks and Muslims.

Volume 19, Tome IV: Kierkegaard Bibliography - Peter Šajda 2017-03-16

The long tradition of Kierkegaard studies has

made it impossible for individual scholars to have a complete overview of the vast field of Kierkegaard research. The large and ever increasing number of publications on Kierkegaard in the languages of the world can be simply bewildering even for experienced scholars. The present work constitutes a systematic bibliography which aims to help students and researchers navigate the seemingly endless mass of publications. The volume is divided into two large sections. Part I, which covers Tomes I-V, is dedicated to individual bibliographies organized according to specific language. This includes extensive bibliographies of works on Kierkegaard in some 41 different languages. Part II, which covers Tomes VI-VII, is dedicated to shorter, individual bibliographies organized according to specific figures who are in some way relevant for Kierkegaard. The goal has been to create the most exhaustive bibliography of Kierkegaard literature possible, and thus the bibliography is not limited to any

specific time period but instead spans the entire history of Kierkegaard studies.

The Magisterium-theology Relationship - Anthony J. Figueiredo 2001

The author offers an historical and systematic analysis of magisterial documents from 1835 to the present day, addressing such important issues as the relationship between theological reasoning and magisterial statement, dissent, the natural moral law, the “grades” of Church teaching and the “conditioning” of dogma. He identifies areas of difficulty, points out contradictions, offers solutions, calls for further reflection and determines the definitive foundation for a correct rapport between magisterium and theologians.

The Anabaptists and Contemporary Baptists - Malcolm B. Yarnell 2013

The Primacy of the Bishop of Rome and the

Ecumenical Dialogue - Adriano Garuti 2004
The mixed results of the ecumenical dialogue since the Second Vatican Council have made it clear that the primacy of the Bishop of Rome remains the single most serious obstacle on the path of ecumenism. In his landmark 1995 encyclical *Ut unum sint*, Pope John Paul II reiterated the constant teaching that the Catholic Church "has preserved the ministry of the Successor of the Apostle Peter, the Bishop of Rome." He also invited leaders and theologians of other Christian communities to engage in a "patient and fraternal dialogue on this subject...to find a way of exercising the primacy which, while in no way renouncing what is essential to its mission, is nonetheless open to a new situation." This book explores in depth the discussion of papal primacy in the Catholic-Orthodox, Catholic-Lutheran and Catholic-Anglican dialogues, along with an appendix on the concept of "Sister Churches." Each chapter describes how the primacy is viewed in the

respective churches or ecclesial communities, then it analyzes the documents of the official ecumenical dialogue and realistically evaluates the results achieved thus far.

Ragioni Di Essere Cattolico - C. Boyer 1976
Questo libro è nato in occasione d'un corso di cultura religiosa tenuta a professori universitari laici. Non è pertanto un'opera di erudizione e neppure un saggio di facile divulgazione. Vuole essere semplicemente una guida per chi intenda percorrere le tappe principali dell'apologetica cattolica. Le materie trattate sono numerose e diverse, alcune familiari all'autore per altre ha consultato gli studiosi più competenti facendo del suo meglio per esporre le conclusioni che gli sembravano convenire al suo intento. La speranza è di aver fatto un'opera utile a due categorie di persone: prima a coloro che cercano e non disperano di trovare una risposta alle questioni supreme; poi a quelli che per dovere o per desiderio di servire vogliono aiutare gli altri presentando loro le verità essenziali. Il semplice discorso fornirà a tutti le basi resistenti di una

dottrina che soddisfi lo spirito, pacifichi l'anima e rischiarì l'azione.

Liturgy as Revelation - Philip Caldwell 2014

This volume argues that in the twentieth century, Catholic theology increasingly recognized the centrality of Christology particularly the person of Christ as the locus of revelation and drew out the crucial implications for that which occurs within the space of liturgy and the sacraments. Examining the specific contributions of René Latourelle, Avery Dulles, Salvatore Marsilli, and Gustave Martelet against a background of pre-conciliar ressourcement theology, this volume provides a comprehensive account of why a Trinitarian and Christological construal of liturgy and sacraments as revelation is key to the vision that informed Vatican II and offers constructive theological and ecclesial possibilities for the

future.

Essere cristiani oggi - 2003

Essere cristiani - Hans Küng 2013-01-02

"Risalire alle origini del cristianesimo e alla concretezza della figura di Gesù, per ricercare Dio oltre le divisioni degli uomini e della Chiesa e capire cosa contraddistingue le culture cristiane dalle altre religioni e dall'umanesimo: un compito difficilissimo che Küng si pose, poco più che quarantenne, quando decise di scrivere questo saggio, che rappresenta una tappa fondamentale nel suo percorso di riflessione su un cristianesimo originale capace di mettere in luce gli elementi determinanti della fede che trascendono le istituzioni, il contingente e le ideologie. Oggi, a quarant'anni dalla prima

pubblicazione del libro, molto è cambiato nella Chiesa e nella Storia, ma l'intensa riflessione di Küng non ha perso nulla del suo valore e della sua attualità, e costituisce nello stesso tempo la summa del pensiero di un teologo che in decenni di lotte non ha mai smesso di credere in quel Cristo crocefisso eppure vivente che incarna lo scandalo, la speranza, il mistero della fede.

**The Holy Spirit in the Eschatological
Tension of Christian Life** - Wojciech Szypuła
2007

The death and resurrection of Jesus Christ constitute the pivotal point of the apostle Paul's thought world. Thanks to this key salvific event those united with Christ through faith are endowed with life that reaches beyond confines of mortality. Still the faithful continue to live in the world where they experience the tension between being already saved but not yet fully redeemed, living in the body but following the Spirit, and dying while being called to immortality. This tension between the already and not yet of Christian life constitutes the backdrop of this research.
