Facing Fear - Larry Schroeder
2020-12-26

Facing Fear depicts the true story of Evelyn (Billie) Frechette, the beloved companion of John Dillinger. The unyielding violence that ravaged the Native American Race made survival extremely dangerous. As society fought to overcome the Great Depression, Evelyn tried to make ends meet by taking work wherever it presented itself. Many times, she performed with her sister in the Native American ceremonial dances on the reservation for production entertainment. Evelyn, like many young Native Americans, was forcibly taken to an Indian Boarding School in South Dakota. She spent much of the next ten years learning Christianity. Western Culture believed it was necessary to civilize the Indians, thereby saving the man inside. In the

1930s poverty ran rampant among the population, especially the minorities. Evelyn's only relative that did not live on the reservation at the time was her sister Anna, who lived in Chicago, Illinois. On the trip from South Dakota, traveling alone, hitchhiking when possible, she was brutally attacked and raped. In the aftermath of the forcible violation, doctors informed Evelyn she was pregnant. At twenty-one, she gave birth to a baby boy who was severely handicapped because of a syphilis infection. The deformities left him impaired, forcing Evelyn to leave him in the care of the Brooks Baby Farm. Authorities later suspected that Brooks let poor babies die or even had them killed, that he buried in the woods behind the main house. One of the graves held the remains of Evelyn's baby boy, hence the nickname Billie.

Makeup, as we know it, has only been commercially available in the last 100 years, but applying decoration to the face and body may be one of the oldest global social practices. In *Face Paint*, Lisa Eldridge reveals the entire history of the art form, from Egyptian and Classical times up through the Victorian age and golden era of Hollywood, and also surveys the cutting-edge makeup science of today and tomorrow. *Face Paint* explores the practical and idiosyncratic reasons behind makeup’s use, the actual materials employed over generations, and the glamorous icons that people emulate, it is also a social history of women and the ways in which we can understand their lives through the prism and impact of makeup. “Makeup artist and Lancome global creative director Lisa Eldridge drops serious knowledge in *Face Paint*, her book on the history of beautifying.” —Marie Claire

Facing Evil - Victoria Newman
2021-08-19

On October 24, 2014, a thrice-deported evildoer and his wife engaged in a Bonnie and Clyde-like crime spree through the Sacramento (CA) region, killing Deputy Danny Oliver and Detective Michael Davis. They also severely wounded a third deputy and a civilian. More victims and witnesses were terrorized as a several-hour manhunt ensued, resulting in several carjackings and shootings. Schools and neighborhoods were put on

lockdown. The effects of chaos reverberated throughout the region until both were taken into custody. But it was only the beginning of a long journey of loss, grief, post-traumatic stress, and a painful trial. For years afterward, this day tormented the souls of many more officers, claiming marriages, careers, and peace of mind. Deputy Scott Brown, Oliver's partner and friend, was the first to face this evil and survive. With his wife, Liz, by his side, he embarked on a long and difficult journey through layers of grief, survivor's guilt and post-traumatic stress. Together, Scott and Liz continue to pursue healing, embracing a new mission to help others along the way. "This is REAL--it is not a romanticized or dramatized version of a law enforcement career. Facing Evil represents what it is truly like to be a human being who wears a uniform and a badge. This book will punch you in the gut, touch your heart and open your eyes." Kathy H. Thomas, PhD., Warrior's Rest

Foundation, Clinical Director "Scott Brown takes readers to the authentic place where police officers in America live -- the raw and untold sacrifices they make on the job and at home to keep us all safe. He describes in uncanny detail an event that shocked the country with the heinous headlines of a cop killer so filled with hate he couldn't even contain his courtroom outburst years after his crimes." Ty Steele, News Anchor "Listen to Scott's words! These are lessons and insights mired in road rash and shared with a level of vulnerability rarely seen in our profession, as he navigated the aftermath of the violent death of brothers in arms." Jeremy Kopp, Undersheriff of Gallatin County Sheriff's Office, Montana "Those who make this journey, together, share a special bond that only they can fully understand. This is a story of that special bond and the day two partners confronted evil ... and how triumph will continually rise out of that tragedy." Jim Bontrager, Vice-President of International

The Warmth of Other Suns -

Isabel Wilkerson 2011-10-04
NATIONAL BOOK CRITICS
CIRCLE AWARD WINNER •
NEW YORK TIMES

BESTSELLER • In this beautifully written masterwork, the Pulitzer Prize-winnner and bestselling author of Caste chronicles one of the great untold stories of American history: the decades-long migration of black citizens who fled the South for northern and

western cities, in search of a better life. From 1915 to 1970, this exodus of almost six million people changed the face of America. Wilkerson compares this epic migration to the migrations of other peoples in history. She interviewed more than a thousand people, and gained access to new data and official records, to write this definitive and vividly dramatic account of how these American journeys unfolded, altering our cities, our country, and ourselves. With stunning historical detail, Wilkerson tells this story through the lives of three unique individuals: Ida Mae Gladney, who in 1937 left sharecropping and prejudice in Mississippi for Chicago, where she achieved quiet blue-collar success and, in old age, voted for Barack Obama when he ran for an Illinois Senate seat; sharp and quick-tempered George Starling, who in 1945 fled Florida for Harlem, where he endangered his job fighting for civil rights, saw his family fall, and finally found peace in God; and Robert Foster, who left Louisiana in 1953 to

pursue a medical career, the personal physician to Ray Charles as part of a glitteringly successful medical career, which allowed him to purchase a grand home where he often threw exuberant parties. Wilkerson brilliantly captures their first treacherous and exhausting cross-country trips by car and train and their new lives in colonies that grew into ghettos, as well as how they changed these cities with southern food, faith, and culture and improved them with discipline, drive, and hard work. Both a riveting microcosm and a major assessment, *The Warmth of Other Suns* is a bold, remarkable, and riveting work, a superb account of an "unrecognized immigration" within our own land. Through the breadth of its narrative, the beauty of the writing, the depth of its research, and the fullness of the people and lives portrayed herein, this book is destined to become a classic.

But I'm Not Depressed - Lia Rees 2017-03-28

Brain injury plunged Lia into a

world of distortion and chaos, where her own thoughts and senses could no longer be trusted. Searching for medical help, she found doubt and manipulation instead. *But I'm Not Depressed* is a bleak but ultimately hopeful tale, and a slap in the face to the culture of psychobabble.

BOOKS OF THE YEAR BY

Cosmopolitan • Vulture •

Parade If there’s one trait that makes someone well suited to comedy, it’s being able to take a punch—metaphorically and, occasionally, physically. From growing up in a family of firefighters on Staten Island to commuting three hours a day to high school and “seeing the sights” (like watching a Russian woman throw a stroller off the back of a ferry), to

attending Harvard while Facebook was created, Jost shares how he has navigated the world like a slightly smarter Forrest Gump. You’ll also discover things about Jost that will surprise and confuse you, like how Jimmy Buffett saved his life, how Czech teenagers attacked him with potato salad, how an insect laid eggs inside his legs, and how he competed in a twenty-five-man match at WrestleMania (and almost won). You’ll go behind the scenes at SNL and Weekend Update (where he’s written some of the most memorable sketches and jokes of the past fifteen years). And you’ll experience the life of a touring stand-up comedian—from performing in rural college cafeterias at noon to opening for Dave Chappelle at Radio City Music Hall. For every accomplishment (hosting the Emmys), there is a setback (hosting the Emmys). And for every absurd moment (watching paramedics give CPR to a raccoon), there is an honest, emotional one (recounting his mother’s

experience on the scene of the Twin Towers' collapse on 9/11). Told with a healthy dose of self-deprecation, *A Very Punchable Face* reveals the brilliant mind behind some of the dumbest sketches on television, and lays bare the heart and humor of a hardworking guy—with a face you can't help but want to punch.

Tears - Matt Shaw 2016-09-26

A Collection of Matt Shaw's heartbreaking dramas Matt Shaw does not just write horror. In fact, when asked what his favourite books are, he often names the tales collected within this set. Stories of heartbreak, loss and grief - all with an element of hope... A hope we often forget

when dealing with grief. Contained within this collection Heaven's Calling BOY: Built to Love The Missing Years of Thomas Pritchard (unpublished short story) Alone Heaven's Calling Josh and Holly could face anything thrown at them all the time they had each other. Their love would conquer anything and the world was their oyster. Until, that is, she receives a phone call. Her late husband. The same time every day; he doesn't appear to know what has happened to him and Holly can't bring herself to tell him. She isn't even sure if it really is him calling or whether it's all in her tormented mind. Especially seeing as the calls only happen when she is alone. Is it all in her head, has she gone mad, or is heaven really calling? Boy: Built to Love No parent should have to bury their own child and yet that

was exactly what they had to do. Stillborn; a young boy never to open his eyes to take in the world around him. And now Lucy and Jack's marriage was on the verge of crumbling under the strain of the grief they struggled to cope with. A grief made worse when the doctors tell them they'll never be able to have a child of their own due to complications from the last pregnancy. But what if it didn't have to be that way? What if there was a way of using science and technology to create a son they could love? What if Jack was able to use Artificial Intelligence to create A Boy: Built to Love? Is the answer to their problems to be found within the world of science-fiction or are they setting themselves up for yet more grief and sadness? The Missing Years of Thomas Pritchard August 3rd. 6:03am. The tranquil summer's morning was shattered by the desperate screams of Thomas' mother echoing down the near deserted suburban street. The few people milling about outside getting ready for their

daily business had said they couldn't make out what the cries were about when they were interviewed. Not initially. Not until Anne, a pretty woman in her early thirties with shoulder length blonde hair, spilled out onto the street wearing nothing more than her dressing gown and slippers anxiously calling out for her five year old son, Thomas, to come out from wherever he was hiding. Eye witnesses reported Anne was closely followed by her husband Bill - a professional, clean-shaven man in his late thirties with dark, short hair - half dressed for work in his suit trousers and unbuttoned white shirt, and that he too looked just as frantic as the mother did. The year was 2003; the year Thomas disappeared from his home without a trace. * * * * * August 3rd. 6:03am. A young, fragile looking hand knocked confidently on the white PVC of the front door to number twenty-two. The hand belonged to a smartly dressed, skinny fourteen year old, fresh-faced boy. Whilst waiting for an

answer to his knocking he slid a brown leather satchel off his shoulder down onto the floor as though the weight was too much for him to bear any more. He went to knock again but stopped himself when he heard the sound of footsteps from the other side of the door as the freshly woken homeowner came to answer his initial knocking. There was the slightest of pauses as keys were twisted in locks before the door opened as much as the strong, gold, security chain would permit it to. "Can I help you?" asked the homeowner, a frail looking woman in her late sixties. "Where's my mum?" asked the boy. The year was 2012; the year Thomas came home.

Stand Facing the Stove -

Anne Mendelson 2007-11-01

In 1931, Irma S. Rombauer, a recent widow, took her life savings and self-published a cookbook that she hoped might support her family. Little did she know that her book would go on to become America's most beloved cooking companion. Thus was born the

bestselling Joy of Cooking, and with it, a culinary revolution that continues to this day. In *Stand Facing the Stove*, Anne Mendelson presents a richly detailed biographical portrait of the two remarkable forces behind Joy -- Irma S. Rombauer and her daughter, Marion Rombauer Becker -- shedding new light on the classic kitchen mainstay and on the history of American cooking. Mendelson weaves together three fascinating stories: the affectionate though often difficult relationship between Joy's original creator, Irma, and her eventual coauthor, Marion; the bitter dealings between the Rombauers and their publisher, Bobbs-Merrill (at whose hands the Rombauers likely lost millions of dollars); and the enormous cultural impact of the beloved book that Irma and Marion devoted their lives to refining, edition after edition. Featuring an accessible new recipe format and an engaging voice that inspired home cooks, Joy changed the face of American cookbooks. *Stand Facing the*

A Short Good Life - Philip Lister 2021-08-20

It's unusual to access a child's mind during the magic years of childhood. It's rarer when the child is facing her death. Liza, an ardent child with a deep love of cows and the color purple was diagnosed with leukemia at age four and died two years later in 1996. Liza

was an unusually expressive child and her parents, both child psychiatrists, were uniquely oriented to appreciate the richness of a child's mind. Through writing this book, Liza's father strove to reveal the inner world of a child's mind--and a parent's mind--as few other books can. At its center, this is the story of a child's psyche growing and striving to understand all she could of her experience, and of a small family coping with life's biggest challenges. It is a story of love's power to help a family cope and endure despite loss, and to grow, through darkness, back toward a full embrace of life. Through the process, the family emerges transformed, awed by the capacities of this child.

Making Faces - Amy Harmon 2015-10-15

Ambrose Young was beautiful. The kind of beautiful that graced the covers of romance novels, and Fern Taylor would know. She'd been reading them since she was thirteen. But maybe because he was so beautiful he was never someone Fern thought she could have...until he wasn't beautiful anymore. Making

Faces is the story of a small town where five young men go off to war, and only one comes back. It is the story of loss. Collective loss, individual loss, loss of beauty, loss of life, loss of identity. It is the tale of one girl's love for a broken boy, and a wounded warrior's love for an unremarkable girl. This is a story of friendship that overcomes heartache, heroism that defies the common definitions, and a modern tale of Beauty and the Beast, where we discover that there is a little beauty and a little beast in all of us.

frenzy ensued, and many of her former fans were angry with what they saw as turning her back on God. But through it all, she held on to the truth that had guided her from the beginning. In this memoir, she finally tells her story: of her troubled childhood, the love of music that pulled her through, her dramatic conversion to Christianity, her rise to stardom, her abrupt departure from Christian Contemporary Music, her years of trying to come to terms with her sexual orientation, and her return to music and Nashville in 2010, when she came out publicly for the first time. She also talks about the importance of her faith, and despite the many who claim she can no longer call herself a believer, she maintains that she is both gay and a Christian. Now an advocate for LGBT issues in the church, Jennifer has witnessed heartbreaking struggles as churches wrestle with issues of homosexuality and faith. This engrossing, inspiring memoir will help people understand her story and to believe in their

own stories, whatever they may be.

was the bestselling release of 1973 and was #444 on the list of "Rolling Stone's Top 500 Albums" list. This unauthorized book follows the group from their early incarnations when Harold Brown and Howard Scott met to form the Creators and then the Night Shift, to their partnership with former Animals lead singer Eric Burdon, to a highly successful career on their own with the core original lineup of Brown, Scott, Lee Oskar, Lonnie Jordan, B.B. search for a cure while simultaneously grappling with the reality of her new face - one that, while recognisably her own, is incapable of accurately communicating feelings or intentions. Smile is Ruhl's piercing, witty, lucid chronicle of her journey. She explores the struggle of a body yearning to match its inner landscape, the pain of postpartum depression, the story of a marriage, being a playwright and working mother to three small children, and the desire for a resilient spiritual life in the face of illness. Brimming with insight, humility, warmth and humour, Smile is a triumph: an intimate examination of loss and reconciliation, and above all else, the importance of perseverance and hope in the face of adversity.

If movies and books like Belle, Twelve Years a Slave, The Butler, The Help, A Time to Kill, and Amistad have moved you, you'll love A Complicated Legacy, a novel by Baltimore writer Robert H. Stucky based on the true story of Elijah Willis, a white South Carolina planter, and Amy- the love of his life, the mother of his children, and his slave. Taking place in the decade leading up to the Civil War, it is written with a cinematic eye for atmosphere and setting, a linguist's ear for dialogue, and a historian's grasp of the powerful social forces and momentous events of the time. It is a riveting tale of personal transformation in facing the tide of sweeping social change. Elijah Willis fought family opposition, public opinion, and the law to free his family of

choice and leave them his entire inheritance. In so doing, his and Amy's story becomes a microcosm of the human struggles that made the Civil War and the Abolition of Slavery both necessary and inevitable. Set in rural South Carolina, Baltimore, and Cincinnati, this vivid saga weaves history and humanity in a compelling testimony to the power of relationships to shape our destinies, even a century and a half later.

Turning This Thing Around -

Keith Maginn 2012-12-22

Turning This Thing Around is an inspiring memoir of overcoming personal struggles. This brutally honest, deeply personal account of redemption takes readers on a moving spiritual journey. Confronted with a myriad of obstacles—a debilitating arthritic disease, narcolepsy, anxiety and depression—the author was outwardly happy, but inwardly miserable. Pushed to the lowest point of his life, Maginn shares how he gradually turned things around and used his experiences to grow as a

person. Supplemented by heartfelt poetry by the author and with quotes from Gandhi to Dr. Wayne Dyer to Eckhart Tolle, Turning This Thing Around has universal themes that speak to nearly everyone, as we all must face challenges as part of being human. It is a self-help memoir of sorts: the author discusses not only what he overcame, but also how he did so—and how others can, too. Unlike many popular memoirs on the market, this is a story that more people can relate to. Maginn was not raised in an eccentric family (Jeannette Walls in *The Glass Castle*, memoirs by Augusten Burroughs), nor did he travel to Italy, India and Indonesia, as Elizabeth Gilbert did in *Eat, Pray, Love*. Rather, Turning This Thing Around is a story of a normal young man's resiliency when battling extraordinary circumstances.

spending years on her beautiful exterior life and work, she begins the hardest undertaking of all: reclaiming and redesigning her interior life and soul. Kreis retreats to Blackberry Farm, moving into an unassuming, 300-square-foot shed with peeling paint on the exterior walls, "where I met myself for the first time." She examines what it takes to redefine life after deep loss and acknowledges, for the first time, often unbearable truths that existed beneath the beauty she had created. By turns fiercely honest, heartbreaking, and warm, Kreis Beall's story will resonate with anyone who can benefit from her discovery that "All it takes is all you've got. And it is worth it."

The Other Wes Moore - Wes Moore 2011-01-11
NEW YORK TIMES
BESTSELLER • The "compassionate" (People), "startling" (Baltimore Sun), "moving" (Chicago Tribune) true story of two kids with the same name from the city: One went on to be a Rhodes Scholar, decorated combat

veteran, White House Fellow, and business leader. The other is serving a life sentence in prison. In development as a feature film executive produced by Stephen Curry, who selected the book as his "Underrated" Book Club Pick with Literati The chilling truth is that his story could have been mine. The tragedy is that my story could have been his. In December 2000, the Baltimore Sun ran a small piece about Wes Moore, a local student who had just received a Rhodes Scholarship. The same paper also ran a series of articles about four young men who had allegedly killed a police officer in a spectacularly botched armed robbery. The police were still hunting for two of the suspects who had gone on the lam, a pair of brothers. One was named Wes Moore. Wes just couldn't shake off the unsettling coincidence, or the inkling that the two shared much more than space in the same newspaper. After following the story of the robbery, the manhunt, and the trial to its conclusion, he wrote

a letter to the other Wes, now a convicted murderer serving a life sentence without the possibility of parole. His letter tentatively asked the questions that had been haunting him: Who are you? How did this happen? That letter led to a correspondence and relationship that have lasted for several years. Over dozens of letters and prison visits, Wes discovered that the other Wes had had a life not unlike his own: Both had had difficult childhoods, both were fatherless; they'd hung out on

similar corners with similar crews, and both had run into trouble with the police. At each stage of their young lives they had come across similar moments of decision, yet their choices would lead them to astonishingly different destinies. Told in alternating dramatic narratives that take readers from heart-wrenching losses to moments of surprising redemption, *The Other Wes Moore* tells the story of a generation of boys trying to find their way in a hostile world.
