Christianity and Paganism in the Fourth to Eighth

Centuries - Ramsay MacMullen 1997-01-01

The slaughter of animals for religious feasts, the tinkling of bells to ward off evil during holy rites, the custom of dancing in religious services-- these and many other pagan practices persisted in the Christian church for hundreds of years after Constantine proclaimed Christianity the one

official religion of Rome. In this book, Ramsay MacMullen investigates the transition from paganism to Christianity between the fourth and eighth centuries. He reassesses the triumph of Christianity, contending that it was neither tidy nor quick, and he shows that the two religious systems were both vital during an interactive period that lasted far longer than historians have previously believed. MacMullen explores the influences of paganism and Christianity upon each other. In a rich discussion of the different strengths of the two systems, he demonstrates that pagan beliefs were not eclipsed or displaced by Christianity but persisted or were transformed. The victory of the Christian church, he explains, was one not of obliteration but of widening embrace and assimilation. This fascinating book also includes new material on the Christian persecution of pagans over the centuries through methods that ranged from fines to crucifixion; the mixture of

motives in conversion; the stubbornness of pagan resistance; the difficulty of satisfying the demands and expectations of new converts; and the degree of assimilation of Christianity to paganism.

Pompeii's Ashes - Eric Moormann 2015-03-10

Although there are many works dealing with Pompeii and Herculaneum, none of them try to encompass the entire spectrum of material related to its reception in popular imagination. Pompeii's Ashes surveys a broad variety of such works, ranging from travelogues between ca. 1740 and 2010 to 250 years of fiction, including stage works, music, and films. The first two chapters provide an in-depth analysis of the excavation history and an overview of the reflections of travelers. The six remaining chapters discuss several clearly-defined genres: historical novels with pagan tendencies, and those with Christians and Jews as protagonists, contemporary adventures, time traveling, mock manuscripts, and works dedicated to Vesuvius.

Goya - Janis A. Tomlinson
2002-03-11

Francisco Goya y Lucientes (1746-1828) created magnificent paintings, tapestry designs, prints, and drawings over the course of his long and productive career. Women frequently appeared as the subjects of Goya's works, from his brilliantly painted cartoons for the Royal Tapestry Factory to his stunning portraits of some of the most powerful women in Madrid. This groundbreaking book is the first to examine the representations of women within Goya's multifaceted art, and in so doing, it sheds new light on the evolution of his artistic creativity as well as on the roles assumed by women in late eighteenth- and early nineteenth-century Spain. Many of Goya's most famous works are featured and explicated in this beautifully designed and produced book. The artist's famous tapestry

cartoons are included, along with the tapestries woven after them for the royal palaces of the Prado and the Escorial. Goya's infamous Naked Maja and Clothed Maja are also highlighted, with a discussion on whether these works were painted at the same time and how they might have originally hung in relation to one another. Focus is also placed on Goya's more experimental prints and drawings, in which the artist depicted women alternatively as targets of satire, of sympathy, or of admiration. Essays by eminent authorities provide a historical and cultural context for Goya's work, including a discussion on the significance of fashion and dress during the period. The resultant volume is surely to be treasured by all who admire Goya's art and by those who are interested in women's issues of his time.

and brain-health expert, Dr. Mike Dow, shows how sugar affects brain chemistry and provides new research on dieting and hypnosis. What makes a healthy brain? The answer is simpler than you think. In *Diet Rehab*, Dr. Mike Dow shared a simple, yet powerful plan to help readers kick their food addictions. Since then, Dr. Dow has gone on to become a New York Times best-selling author and has continued to research and publish books extensively on improving brain health. Over the past five years, he's gathered even more data that shows how our standard American diet is harming our brains and our bodies--and what we can do about it. In 2015, the first human study linking the blood-sugar spiking Western diet and a smaller hippocampus was published. There is now scientific proof that sugar is shrinking the brain! With *The Sugar Brain Fix*, Dr. Dow takes a closer look at how sugar affects brain chemistry, and the ways we can fix it. The book features

cutting-edge research and Dr. Dow's modified Mediterranean diet--the best diet for brain health and wellness. *The Sugar Brain Fix* will also incorporate research about hypnosis, and other activities to naturally boost brain health. At its core, *The Sugar Brain Fix* is a cognitive behavioral guide for boosting serotonin and dopamine levels in the brain with a new-and-improved diet and natural mind-set shifts, while improving overall health. The diet has a clinically proven, 3-prong approach: 1) eliminate sugar, 2) boost Mediterranean-diet-friendly fats, 3) increase probiotics.

Nigellissima - Nigella Lawson
2013-02-12

Nigella, who studied Italian at Oxford, indulges her personal passion for Italy, where she lived, worked and cooked when she was in her 20s, before she was a busy TV star, wife and mother. Nigellissima inspires readers to bring the spirit of Italy into the kitchen--without needing to source inaccessible ingredients or totally restock the pantry--with her quick, easy recipes and simple techniques that elevate everyday eating into no-fuss feasts. Nigellissima shows readers how a weeknight dish can be a faithful interpretation of traditional Italian fare without involving numerous steps or ingredients. For example, a lemon, some oil, crushed red pepper flakes and dried oregano can add fire and life to a number of dishes. Or if a recipe calls for the juice of a

lemon, use the zest, too, as that's where all its force and fragrance lies. Here are recipes like Italian Roast Chicken with Peppers and Olives; Shortcut Sausage Meatballs; Spaghetti with Tuna, Lemon and Arugula; and Nutella Cheesecake--all that can be rustled up pronto!

The Noisy Renaissance -
Niall Atkinson 2016-09-16

From the strictly regimented church bells to the freewheeling chatter of civic life, Renaissance Florence was a city built not just of stone but of sound as well. An evocative alternative to the dominant visual understanding of urban spaces, The Noisy Renaissance examines the premodern city as an acoustic phenomenon in which citizens used sound to navigate space and society.

Analyzing a range of

documentary and literary evidence, art and architectural historian Niall Atkinson creates an “acoustic topography” of Florence. The dissemination of official messages, the rhythm of prayer, and the murmur of rumor and gossip combined to form a soundscape that became a foundation in the creation and maintenance of the urban community just as much as the city’s physical buildings. Sound in this space triggered a wide variety of social behaviors and spatial relations: hierarchical, personal, communal, political, domestic, sexual, spiritual, and religious. By exploring these rarely studied soundscapes, Atkinson shows Florence to be both an exceptional and an exemplary case study of urban conditions in the early modern period.

Poems and Selected Letters - Veronica Franco 2007-11-01
Veronica Franco (whose life is featured in the motion picture *Dangerous Beauty*) was a sixteenth-century Venetian beauty, poet, and protofeminist. This collection captures the frank eroticism

and impressive eloquence that set her apart from the chaste, silent woman prescribed by Renaissance gender ideology. As an “honored courtesan”, Franco made her living by arranging to have sexual relations, for a high fee, with the elite of Venice and the many travelers—merchants, ambassadors, even kings—who passed through the city. Courtesans needed to be beautiful, sophisticated in their dress and manners, and elegant, cultivated conversationalists. Exempt from many of the social and educational restrictions placed on women of the Venetian patrician class, Franco used her position to recast “virtue” as “intellectual integrity,” offering wit and refinement in return for patronage and a place in public life. Franco became a writer by allying herself with distinguished men at the center of her city's culture, particularly in the informal meetings of a literary salon at the home of Domenico Venier, the oldest member of a noble family and a former

Venetian senator. Through Venier's protection and her own determination, Franco published work in which she defended her fellow courtesans, speaking out against their mistreatment by men and criticizing the subordination of women in general. Venier also provided literary counsel when she responded to insulting attacks written by the male Venetian poet Maffio Venier. Franco's insight into the power conflicts between men and women and her awareness of the threat she posed to her male contemporaries make her life and work pertinent today.

Midnight Chicken - Ella Risbridger 2019-01-10
Winner of the Guild of Food Writers General Cookbook Award 2020 'A manual for living and a declaration of hope' Nigella Lawson 'A moving testimonial to the redemptive power of cooking. Generous, honest and uplifting' Diana Henry There are lots of

ways to start a story, but this one begins with a chicken... When the world becomes overwhelming, Ella Risbridger focuses on the little things that bring her joy, like enjoying a glass of wine when cooking, FaceTiming with a friend whilst making bagels, and sharing recipes that are good for the soul. One night she found herself lying on her kitchen floor, wondering if she would ever get up - and it was the thought of a chicken, of roasting it, and of eating it, that got her to her feet and made her want to be alive. *Midnight Chicken* is a cookbook. Or, at least, you'll flick through these pages and find recipes so inviting that you will head straight for the kitchen: roast garlic and tomato soup, uplifting chilli-lemon spaghetti, charred leek lasagne, squash skillet pie, spicy fish finger sandwiches and burnt-butter brownies. It's the kind of cooking you can do a little bit drunk, that is probably better if you've got a bottle of wine open and a hunk of bread to mop up the sauce.

Forbidden Friendships -

Michael Rocke 1998-03-05

"This is a superb work of scholarship, impossible to overpraise.... It marks a milestone in the 20-year rise of gay and lesbian studies."--

Martin Duberman, The Advocate The men of Renaissance Florence were so renowned for sodomy that "Florenzer" in German meant "sodomite." In the late fifteenth century, as many as one in two Florentine men had come to the attention of the authorities for sodomy by the time they were thirty. In 1432 The Office

of the Night was created specifically to police sodomy in Florence. Indeed, nearly all Florentine males probably had some kind of same-sex experience as a part of their "normal" sexual life. Seventy years of denunciations, interrogations, and sentencings left an extraordinarily detailed record, which author Michael Rocke has used in his vivid depiction of this vibrant sexual culture in a world where these same-sex acts were not the deviant transgressions of a small minority, but an integral part of a normal masculine identity. Rocke roots this sexual activity in the broader context of Renaissance Florence, with its social networks of families, juvenile gangs, neighbors, patronage, workshops, and confraternities, and its busy political life from the early years of the Republic through the period of Lorenzo de' Medici, Savonarola, and the beginning of Medici princely rule. His richly detailed book paints a fascinating picture of Renaissance Florence and calls into question our modern

Moses Dobruska and the Invention of Social Philosophy - Silvana Greco 2022-01-19

This book proposes, for the first time, an in-depth analysis of the Philosophie sociale,

published in Paris in 1793 by Moses Dobruska (1753-1794).

Dobruska was a businessman, scholar, and social philosopher, born into a Jewish family in Moravia, who converted to Catholicism, gained wide recognition at the Habsburg court in Vienna, and then emigrated to France to join the French Revolution. Dobruska, who took on the name Junius Frey during his Parisian sojourn, barely survived his book. Accused of conspiring on behalf of foreign powers, he was guillotined on April 5, 1794, at the height of The Terror, on the same day as Georges Jacques Danton. From Dobruska's ideas, which were widely used between the late eighteenth century and the first decades of the nineteenth century without attribution to their author, emerge some of the key concepts of the social sciences as we know them today. An enthusiastic and unfortunate revolutionary and sometimes a brilliant theorist, Moses Dobruska deserves a role of his own in the history of sociology.

The path of pleasantness - Giulia Vidori 2021-04-14
Ippolito II d'Este (1509-1572), cardinal and prince of Ferrara,

played a crucial role in shaping the political and cultural connections between Italy and France. Seen by his contemporaries as staunchly 'French', his life rather followed a difficult balance between the political and spatial entities - Rome, Paris, and Ferrara - through which he continuously moved and from which he derived his power. Following his career as cardinal protector of the Valois crown, royal administrator of Siena on behalf of Henry II, and papal legate to France on the eve of the Wars of Religion, this book argues that Ippolito's apparent diplomatic access ultimately weakened his family's position in Italy and left it ill-equipped to compete in the changing politics of the peninsula.

The Years of Alienation in Italy - Alessandra Diazzi 2019-06-11
The Years of Alienation in Italy offers an interdisciplinary overview of the socio-political, psychological, philosophical, and cultural meanings that the notion of alienation took on in Italy between the 1960s and the 1970s. It addresses alienation as a social condition of estrangement caused by the capitalist system, a pathological state of the mind and an ontological condition of subjectivity. Contributors to the edited volume explore the pervasive influence this multifarious concept had on literature, cinema, architecture, and photography in Italy. The collection also theoretically reassesses the notion of alienation from a novel perspective, employing Italy as a paradigmatic case study in its pioneering role in the revolution of mental health care and factory work during these two decades.

Emblems of Eloquence - Wendy Heller 2004-01-12

Opera developed during a time when the position of women—their rights and freedoms, their virtues and vices, and even the most basic substance of their sexuality—was constantly debated. Many of these controversies manifested themselves in the representation of the historical and mythological women whose voices were heard on the Venetian operatic stage. Drawing upon a complex web of early modern sources and ancient texts, this engaging study is the first comprehensive treatment of

women, gender, and sexuality in seventeenth-century opera. Wendy Heller explores the operatic manifestations of female chastity, power, transvestism, androgyny, and desire, showing how the emerging genre was shaped by and infused with the Republic's taste for the erotic and its ambivalent attitudes toward women and sexuality. Heller begins by examining contemporary Venetian writings about gender and sexuality that influenced the development of female vocality in opera. The Venetian reception and transformation of ancient texts—by Ovid, Virgil, Tacitus, and Diodorus Siculus—form the background for her penetrating analyses of the musical and dramatic representation of five extraordinary women as presented in operas by Claudio Monteverdi, Francesco Cavalli, and their successors in Venice: Dido, queen of Carthage (Cavalli); Octavia, wife of Nero

(Monteverdi); the nymph Callisto (Cavalli); Queen Semiramis of Assyria (Pietro Andrea Ziani); and Messalina, wife of Claudius (Carlo Pallavicino).
