[The Railway Children](#) - 1998

The Railway Children is a delightful reading of a classic story by Edith Nesbit, first published in 1906. When father is suddenly taken away,

mother and the three children must leave their fancy London life to live in a simple country cottage near a train station. The children and their bottomless good nature, together with

some new friends, work to rescue father and help others along the way. Narrator Virginia Leishman makes this old-fashioned world come alive for today's children without resorting to melodrama. The recording is flawless and without unnecessary fanfare, making it a wonderful way to introduce a classic to young listeners. The Railway Children are Roberta, Peter and Phyllis, three young children who move to a house near a railway when their father is wrongly accused and falsely imprisoned for selling government secrets to the Russians. The children pass the time by watching the railcars go by and waving to the passengers riding the train. Eventually they meet Perks, the station porter and an old gentleman that may be able to help get their father out of prison.

**The Ladybird Story** - Lorraine Johnson 2014

"It is not widely known that 2014 marks the  
centenary of the publication of books in The  
Ladybird Series by the British commercial  
printers Wills & Hepworth. From the start of the  
First World War to the start of the Second they  
published about 100 cheap and cheerful colour-  
illustrated children's books for the popular  
market, but only in 1940 did they fashion  
Bunnykins Picnic Party which was to be the first  
of the Ladybird Books that would come to be  
recognised and bought by most of the British  
population. Lorraine Johnson and Brian Alderson  
trace the history of the Ladybird venture from its  
wobbly beginning through Wills & Hepworth's  
triumphant management of the series up to its  
sale in 1972, with further chapters on the last  
decades at the printworks in Loughborough  
down to 1999. A comprehensive bibliography of

books edited under the Wills & Hepworth imprint gives ample evidence of their catering for children at all stages of development, a central element in the millions of books that they sold. The many illustrations, mostly in colour, give convincing support to the reasons for their popularity."--Wheelers.co.nz
