Extreme Ownership - Jocko Willink 2017-11-21

An updated edition of the blockbuster bestselling leadership book that took America and the world by storm, two U.S. Navy SEAL officers who led the most highly decorated special operations unit of the Iraq War demonstrate how to apply powerful leadership principles from the battlefield to business and life. Sent to the most violent battlefield in Iraq, Jocko Willink and Leif Babin's SEAL task unit faced a seemingly impossible mission: help U.S. forces secure Ramadi, a city deemed "all but lost." In gripping firsthand accounts of heroism, tragic loss, and hard-won victories in SEAL Team Three's Task Unit Bruiser, they learned that leadership—at every level—is the most important factor in whether a team succeeds or fails. Willink and Babin returned home from deployment and instituted SEAL leadership training that helped forge the next generation of SEAL leaders. After departing the SEAL Teams, they launched Echelon Front, a company that teaches these same leadership principles to businesses and organizations. From promising startups to Fortune 500 companies, Babin and Willink have helped scores of clients across a broad range of industries build their own high-performance teams and dominate their battlefields. Now, detailing the mind-set and principles that enable SEAL units to accomplish the most difficult missions in combat, *Extreme Ownership* shows how to apply them to any team, family or organization. Each chapter focuses on a specific topic such as Cover and Move, Decentralized Command, and Leading Up the Chain, explaining what they are, why they are important, and how to implement them in any leadership environment. A compelling narrative with powerful instruction and direct application, *Extreme Ownership* revolutionizes business management and challenges leaders everywhere to fulfill their ultimate purpose: lead and win.

Raising Men - Eric Davis 2017-05-02

months at a time. Unfortunately, Eric learned the hard way that Quality Time doesn't always show up in Quantity Time. Facebook, television, phones, video games, school, jobs, friends—they all got in the way of a real, meaningful father-son relationship. It was time to take action. As a SEAL, Eric learned to innovate and push boundaries, allowing him to function at levels beyond what was expected, comfortable, ordinary, and even imaginable, and he knew that as a father he needed to do the same with his son. Meeting extreme with extreme was the only answer. Using a unique blend of discipline, leadership, adventure, and grace, Eric and his SEAL brothers will teach you how to connect, and reconnect, with your sons and learn how to raise real men—the Navy SEAL way.

The Boy at the Gate - Danny Ellis 2013-09-01

Danny Ellis is a survivor, strong and resilient. An acclaimed singer/songwriter, he is proud of the way he handled his difficult past: poverty in the 1950s Dublin slums and the brutality of the Artane Industrial School. He felt as though he had safely disposed of it all, until one night, while writing the powerful song that would launch his highly-praised album, 800 Voices ("A searing testament." —Irish Times), Danny's past crept back to haunt him. Confronted by forgotten memories of betrayal and abandonment, he was stunned to discover that his eight-year-old self was still trapped in a world he thought he had left behind. Although unnerved by his experience, Danny begins an arduous journey that leads him back to the streets of Dublin, the tenement slums, and, ultimately, the malice and mischief of the Artane playground. What he discovers with each twist and turn of his odyssey will forever change his life. Elegantly written, this is a brutally honest, often harrowing, depiction of a young boy's struggle to survive orphanage life, and stands as an inspiring testament to the healing power of music and love.

Raising Lions - Joe Newman 2021-09-28

The second edition of Joe Newman's acclaimed book Raising Lions is an essential guide for parents and teachers raising strong-willed, precocious children. It offers clear insights into what motivates the most challenging behaviors, and what kinds of responses turn these behaviors around. "One of the best books on child-rearing I've ever read. Joe Newman describes a cultural shift that has reinforced anxiety and behavior disorders in children by negating parental authority. Even more important, he provides specific, non-punitive ways for parents to help their kids by taking back their authority. Filled with examples and experiences from the author's own life as a child with A.D.H.D., the book is a treasure-trove of useful information." Barry Michels, psychotherapist

and New York Times bestselling author of The Tools. "This book is packed with useful information. It is an insightful and practical guide for managing children. I would recommend it to any parent." L. Alan Sroufe, Professor Emeritus Ph.D. University of Minnesota Current childrearing techniques seek to develop children who are confident, self-assured, and unafraid to speak their minds—lions instead of lambs. Although largely positive, this shift has brought with it some very serious problems in our children's behavior. Without going back to an authoritarian model, Joe Newman has developed new ways of helping children develop the ability to self-regulate without undermining their confidence and individuality. Raising Lions challenges us to re-examine our interactions and relationships with children, re-think the root causes of behavior problems and find new ways to support healthy, happy development. For over 20 years Joe Newman has worked with children, parents, teachers, and administrators to help them understand and improve child behavior.

The Dichotomy of Leadership - Jocko Willink 2018-09-25

THE INSTANT #1 NATIONAL BESTSELLER From the #1 New York Times bestselling authors of *Extreme Ownership* comes a new and revolutionary approach to help leaders recognize and attain the leadership balance crucial to victory. With their first book, *Extreme Ownership* (published in October 2015), Jocko Willink and Leif Babin set a new standard for leadership, challenging readers to become better leaders, better followers, and better people, in both their professional and personal lives. Now, in *THE DICHOTOMY OF LEADERSHIP*, Jocko and Leif dive even deeper into the uncharted and complex waters of a concept first introduced in *Extreme Ownership*: finding balance between the opposing forces that pull every leader in different directions. Here,

Willink and Babin get granular into the nuances that every successful leader must navigate. Mastering the Dichotomy of Leadership requires understanding when to lead and when to follow; when to aggressively maneuver and when to pause and let things develop; when to detach and let the team run and when to dive into the details and micromanage. In addition, every leader must:

- Take Extreme Ownership of everything that impacts their mission, yet utilize Decentralize Command by giving ownership to their team.
- Care deeply about their people and their individual success and livelihoods, yet look out for the good of the overall team and above all accomplish the strategic mission.
- Exhibit the most important quality in a leader—humility, but also be willing to speak up and push back against questionable decisions that could hurt the team and the mission.

With examples from the authors' combat and training experiences in the SEAL teams, and then a demonstration of how each lesson applies to the business world, Willink and Babin clearly explain THE DICHOTOMY OF LEADERSHIP—skills that are mission-critical for any leader and any team to achieve their ultimate goal: VICTORY.
