The wisdom of Kabbalah teaches us how to perceive and live in the reality that spreads before us. It is a systematic method that has evolved over thousands of years, nurtured by

individuals whose task was to ensure that the true wisdom would be given to those ready to receive it. The Book of Zohar (The Book of Radiance) is an ageless source of wisdom and the basis for all Kabbalistic literature. Since its appearance nearly 2,000 years ago, it has been the primary, and often only, source used by Kabbalists. Written in a unique and metaphorical language. The Book of Zohar enriches our understanding of reality and expands our worldview. However, this text should not be read in an ordinary fashion. We should patiently and repeatedly read and think about each sentence as we try to penetrate the author's feelings. We should read it slowly and try to extract the nuances of the text. Although the text deals with one subject only-how to relate to the Creator-it approaches it from different angles. This allows each of us to find the particular phrase or word that will carry us into the depths of this profound and timeless wisdom.

L'Apocalisse mondiale - Secondo Libro di quattro della serie: Harmagedon universale - Sergio Felletti 2016-05-10

La Seconda edizione di quest'opera è il secondo di 4 libri della serie "HARMAGHEDON UNIVERSALE". La stragrande maggioranza delle persone viventi sulla Terra non sopravvivrà alla fine di questo mondo e all'Armagedon Universale di Dio. Lo si capisce molto bene studiando l'ispirata Parola di Dio. L'idea che Dio possa distruggere milioni, anzi, miliardi di persone che considera empie può turbare qualcuno. Tuttavia, Dio non desidera che alcuno sia distrutto. No, Dio non prova per niente piacere nella distruzione dei malvagi, ma desidera che ognuno si volga dalla sua errata via ed effettivamente continui a vivere. Dio, però, deve mantenere la sua parola e adempiere il suo

proposito riguardo a questa Terra. A tal fine, coloro che egli considera illegali e non si comportano secondo le Sue esigenze devono sparire. Ma c'è una buona notizia, cioè che alla fine di questo mondo vi saranno milioni di superstiti che rimarranno in vita. Necessita tenere bene in mente che il tempo che rimane a questo mondo corrotto, violento e ingiusto è assai breve. Ognuno di noi deve pertanto decidere se vuole essere fra quei superstiti. Naturalmente la decisione di schierarci dalla parte di Dio non può basarsi solo sul nostro desiderio o su un semplice sentimento o presentimento. Deve essere il risultato dell'accurata conoscenza biblica su ciò che è la vera e reale volontà di Dio e metterla in pratica nella nostra vita. Che sollievo sapere che l'Apocalisse Mondiale non significherà la distruzione di questo bel pianeta e che possiamo essere fra i milioni di persone che sopravvivranno per entrare in una terra purificata in un paradiso terrestre restaurato. Sì,

persone oggi viventi che non moriranno mai. Volete essere fra i superstiti e vivere per sempre in piena salute e in gioventù? Potete esserlo, questa è una promessa che L'Onnipotente Dio e Creatore di tutte le cose esistenti ha giurato di realizzare e che ha messo per iscritto nella sua parola la Bibbia. Che cosa determinerà se uno sarà distrutto o salvato? Leggete la risposta in questo libro.

Architecture, Mysticism and Myth - W. R. Lethaby 2019-01-08

This classic explores the symbolism of classical architecture. A milestone in relating mysticism to design, it shows the correlation between

mythology and the design of St. Paul's Cathedral, the Taj Mahal, the Palace of Versailles, and other architectural masterpieces. This delightful book describes the symbolism of real-world architecture, as well as architecture described in fiction, myth and folklore. Lethaby believed that architecture reflected the macrocosm. He speculated that many of the seemingly ornamental details of classical buildings actually represented aspects of the land, the sea and the sky. This is one of those books like the Golden Bough or the White Goddess (albeit shorter and a less challenging read) that will turn you on to the mythopoetic side of reality, no matter whether you agree with its conclusions.

The Historical Atlas of the Bible - Dr. Ian
Barnes 2014-10-01

This is a fascinating exploration of the most influential collection of writings in Western history. By placing the events and people described in the Bible into their social and geographical context, it seeks to provide new insights into the scriptures and illuminate a truly significant period in the development of Western civilization. The authoritative, engrossing text is accompanied throughout with quotes from the Bible, showing the link between the historical events described and the scriptures. There are 100 beautifully detailed maps illustrating the movements of people and the development of

nations, and there are over 100 color photographs and illustrations of archaeological sites and artifacts. This is a comprehensive account of what is undoubtedly the key book in the development of Western civilization. As such, it is sure to be of great interest to believers and non-believers alike.
