Clea - Lawrence Durrell 2012-06-12

The final installment of the Alexandria Quartet, hailed by the New York Times Book Review as “one of the most important works of our time” Years after his liaisons with Justine and Melissa, Darley becomes immersed in a relationship with Clea, a bisexual artist. The ensuing chain of events transforms not only the lovers, but the dead as well, and leads to the series’ brilliant and unexpected resolution. Praised by Life as among the “most discussed and widely admired serious fiction of our time,” Clea carries on Durrell’s assured and unwavering style, and confirms the series’ standing as a resounding masterpiece of twentieth-century fiction. This ebook contains a new introduction by Jan Morris.

The Great Movies III - Roger Ebert 2010-10-15

Roger Ebert has been writing film reviews for the Chicago Sun-Times for over four decades now and his biweekly essays on great movies have been appearing there since 1996. As Ebert noted in the introduction to the first collection of those pieces, “They are not the greatest films of all time, because all lists of great movies are a foolish attempt to codify works which must stand alone. But it’s fair to say: If you want to take

a tour of the landmarks of the first century of cinema, start here. Enter The Great Movies III, Ebert’s third collection of essays on the crème de la crème of the silver screen, each one a model of critical appreciation and a blend of love and analysis that will send readers back to the films with a fresh set of eyes and renewed enthusiasm—or maybe even lead to a first-time viewing. From The Godfather: Part II to Groundhog Day, from The Last Picture Show to Last Tango in Paris, the hundred pieces gathered here display a welcome balance between the familiar and the esoteric, spanning Hollywood blockbusters and hidden gems, independent works and foreign language films alike. Each essay draws on Ebert’s vast knowledge of the cinema, its fascinating history, and its breadth of techniques, introducing newcomers to some of the most exceptional movies ever made, while revealing new insights to connoisseurs as well. Named the most powerful pundit in America by Forbes magazine, and a winner of the Pulitzer Prize, Roger Ebert is inarguably the most prominent and influential authority on the cinema today. The Great Movies III is sure to please his many fans and further enhance his reputation as America’s most respected—and trusted—film critic.

Balthazar - Lawrence Durrell 2012-06-12

The deeply affecting second novel of the Alexandria Quartet, which boldly questions perception and the nature of contemporary love In Alexandria, Egypt, in the years before World War II, Durrell’s narrator, Darley, seeks to fully understand his sexual obsession with two women: the infamous Justine, and Melissa, a dancer. In Darley’s conversations with Balthazar, a doctor and mystic, it soon becomes clear that Darley’s fixation is more complex and ominous than either man could have imagined. Layered and unflinching, Balthazar is a poignant examination of the modern psyche, and a study of a world where love can become consumed by deceit. This ebook contains a new introduction by Jan Morris.

Gastrointestinal Radiology - Ronald L. Eisenberg 1996

Unique among all medical texts on the subject, this volume provides a direct, stepwise approach to the differential diagnosis of abnormal findings on gastrointestinal radiographs. Each of the book's 80 chapters shows a specific radiographic pattern...lists every disease entity it could possibly be...and helps the reader confirm, refine, or reject differential diagnoses to reach the best clinical diagnosis. Using a "pattern approach," chapters focus on specific radiologic abnormal appearances rather than disease entities and outline the typical signs, symptoms, and predisposing factors for the abnormality. This edition features hundreds of new images and a new section on MRI of the liver.

Human Acts - Han Kang 2017-01-17

From the internationally bestselling author of *The Vegetarian*, a "rare and astonishing" (The Observer) portrait of political unrest and the universal struggle for justice. In the midst of a violent student uprising in South Korea, a young boy named Dong-ho is shockingly killed. The story of this tragic episode unfolds in a sequence of interconnected chapters as the victims and the bereaved encounter suppression, denial, and the echoing agony of the massacre. From Dong-ho's best friend who meets his own fateful end; to an editor struggling against censorship; to a prisoner and a factory worker, each suffering from traumatic memories; and to Dong-ho's own grief-stricken mother; and through their collective heartbreak and acts of hope is the tale of a brutalized people in search of a voice. An award-winning, controversial bestseller, *Human Acts* is a timeless, pointillist portrait of an historic event with reverberations still being felt today, by turns tracing the harsh reality of oppression and the resounding, extraordinary poetry of humanity. Shortlisted for the International Dublin Literary Award Amazon, 100 Best Books of 2017 The Atlantic, "The Best Books We Read in 2017" San Francisco Chronicle, "Best of 2017: 100 Recommended Books" NPR Book Concierge, 2017's Great Reads Library Journal, "Best Books of 2017" Huffington Post, "Best Fiction Books of 2017" Medium, Kong Tsung-gan's "Best Human Rights Books of 2017"

Intermedial Studies - Jørgen Bruhn 2021-11-18

Intermedial Studies provides a concise, hands-on introduction to the analysis of a broad array of texts from a variety of media - including literature, film, music, performance, news and videogames, addressing fiction and non-fiction, mass media and social media. The detailed introduction offers a short history of the field and outlines the main theoretical approaches to the field. Part I explains the approach, examining and exemplifying the dimensions that construct every media product. The following sections offer practical examples and case studies using many examples, which will be familiar to students, from Sherlock Holmes and football, to news, vlogs and videogames. This book is the only textbook taking both a theoretical and practical approach to intermedial studies. The book will be of use to students from a variety of disciplines looking at any form of adaptation, from comparative literature to film adaptations, fan fictions and spoken performances. The book equips students with the language and understanding to confidently and competently apply their own intermedial analysis to any text.

Variational Principles in Classical Mechanics - Douglas Cline 2018-08

Two dramatically different philosophical approaches to classical mechanics were proposed during the 17th - 18th centuries. Newton developed his vectorial formulation that uses time-dependent differential equations of motion to relate vector observables like force and rate of change of momentum. Euler, Lagrange, Hamilton, and Jacobi, developed powerful alternative variational formulations based on the assumption that nature follows the principle of least action. These variational formulations now play a pivotal role in science and engineering. This book introduces variational principles and their application to classical mechanics. The relative merits of the intuitive Newtonian vectorial formulation, and the more powerful variational formulations are compared. Applications to a wide variety of topics illustrate the intellectual beauty, remarkable power, and broad scope provided by use of variational principles in physics. The second edition adds discussion of the use of variational principles applied to the following topics: (1) Systems subject to initial boundary conditions (2) The hierarchy of related formulations based on action, Lagrangian, Hamiltonian, and equations of motion, to systems that involve symmetries. (3) Non-conservative systems. (4) Variable-mass systems. (5) The General Theory of Relativity. Douglas Cline is a Professor of Physics in the Department of Physics and Astronomy, University of Rochester, Rochester, New York.

Kingdom of the Wicked - Kerri Maniscalco 2020-10-27

A James Patterson Presents Novel From the #1 New York Times and USA Today bestselling author of the *Stalking Jack the Ripper* series comes a new blockbuster series... Two sisters. One brutal murder. A quest for vengeance that will unleash Hell itself... And an intoxicating romance. Emilia and her twin sister Vittoria are streghe -- witches who live secretly among humans, avoiding notice and persecution. One night, Vittoria misses dinner service at the family's renowned Sicilian restaurant. Emilia soon finds the body of her beloved twin...desecrated beyond belief. Devastated, Emilia sets out to find her sister's killer and to seek vengeance at any cost-even if it means using dark magic that's been long forbidden. Then Emilia meets Wrath, one of the Wicked-princes of Hell she has been warned against in tales since she was a child. Wrath claims to be on Emilia's side, tasked by his master with solving the series of women's murders on the island. But when it comes to the Wicked, nothing is as it seems...

New Headway: Pre-Intermediate Fourth Edition: Student's Book - John Soars 2012-03-15

The Age of Light - Whitney Scharer 2019-02-05

One of the Best Books of the Year: Parade, Glamour, Real Simple, Refinery29, Yahoo! Lifestyle. "A startlingly modern love story and a mesmerizing portrait of a woman's self-transformation from muse to artist." --Celeste Ng, author of *Little Fires Everywhere* "I'd rather take a photograph than be one," Lee Miller declares after she arrives in Paris in 1929, where she soon catches the eye of the famous Surrealist Man Ray. Though he wants to use her only as a model, Lee convinces him to take her on as his assistant and teach her everything he knows. As they work together in the darkroom, their personal and professional lives become intimately entwined, changing the course of Lee's life forever. Lee's journey of self-discovery takes her from the cabarets of bohemian Paris to the battlefields of war-torn Europe during WWII, from inventing radical new photography techniques to documenting the liberation of the concentration camps as one of the first female war correspondents. Through it all, Lee must grapple with the question of whether it's possible to stay true to herself while also fulfilling her artistic ambition--and what she will have

to sacrifice to do so.

Prejudice and Pride - Damien-Claude Belanger 2011-01-22

As a country with enormous economic, military, and cultural power, the United States can seem an overwhelming neighbour - one that demands consideration by politicians, thinkers, and cultural figures. *Prejudice and Pride* examines and compares how English and French Canadian intellectuals viewed American society from 1891 to 1945. Based on over five hundred texts drawn largely from the era's periodical literature, the study reveals that English and French Canadian intellectuals shared common preoccupations with the United States, though the English tended to emphasize political issues and the French cultural issues. Damien-Claude Belanger's in-depth analysis of anti-American sentiment during this era divides Canadian thinkers less along language lines and more according to their political stance as right-wing, left-wing, or centrist. Significantly, the era's discourse regarding American life and the Canadian-American relationship was less an expression of nationalism or a reaction to US policy than it was about the expression of wider attitudes concerning modernity.

Sorceline - Sylvia Douyé 2022-05-17

Welcome to the Island of Vorn, where mythical creatures roam free and only the brightest students are invited to study them. In Book 1 of this riveting new middle grade graphic novel series, a gifted young cryptozoologist-in-training must learn to tame powerful beasts—including her own inner demons. For as long as she can remember, Sorceline has had a knack for the study of mythical creatures. Now a student at Professor Archibald Balzar's prestigious school of cryptozoology, she's eager to test her skills and earn a spot as one of Balzar's apprentices. But for all her knowledge of gorgons, vampires, and griffins, Sorceline is mystified by her fellow humans. While she excels in her studies, she quickly clashes with her classmates, revealing her fiery temper. When one of her rivals suddenly disappears, Sorceline must set aside her anger and join the quest to find her. But the mystery only deepens, leading Sorceline on a journey far darker and more personal than she expected . . .

The Invention of Robert Bresson - Colin Burnett 2016-12-19

Challenging the prevailing notion among cinephiles that the auteur is an isolated genius interested primarily in individualism, Colin Burnett positions Robert Bresson as one whose life's work confronts the cultural forces that helped shape it. Regarded as one of film history's most elusive figures, Bresson (1901–1999) carried himself as an auteur long before cultural magazines, like the famed *Cahiers du cinéma*, advanced the term to describe such directors as Jacques Tati, Alfred Hitchcock, and Jean-Luc Godard. In this groundbreaking study, Burnett combines biography with cultural history to uncover the roots of the auteur in the alternative cultural marketplace of midcentury France.

The Ancient World in Silent Cinema - Pantelis Michelakis 2013-08-15

The first systematic attempt to focus on the instrumental role of silent cinema in early twentieth-century conceptualizations of the ancient Mediterranean and Middle East. It is located at the intersection of film studies, classics, Bible studies and cultural studies.

The Great Movies II - Roger Ebert 2008-11-12

From America's most trusted and highly visible film critic, 100 more brilliant essays on the films that define cinematic greatness. Continuing the pitch-perfect critiques begun in *The Great Movies*, Roger Ebert's *The Great Movies II* collects 100 additional essays, each one of them a gem of critical appreciation and an amalgam of love, analysis, and history that will send readers back to films with a fresh set of eyes and renewed enthusiasm—or perhaps to an avid first-time viewing. Neither a snob nor a shill, Ebert manages in these essays to combine a truly populist appreciation for today's most important form of popular art with a scholar's erudition and depth of knowledge and a sure aesthetic sense. Once again wonderfully enhanced by stills selected by Mary Corliss, former film curator at the Museum of Modern Art, *The Great Movies II* is a treasure trove for film lovers of all persuasions, an unrivaled guide for viewers, and a book to return to again and again. Day of Empire - Amy Chua 2009-01-06

In this sweeping history, bestselling author Amy Chua explains how globally dominant empires—or hyperpowers—rise and why they fall. In a series of brilliant chapter-length studies, she examines the most powerful cultures in history—from the ancient empires of Persia and China to the recent global empires of England and the United States—and reveals the reasons behind their success, as well as the roots of their ultimate demise. Chua's analysis uncovers a fascinating historical pattern: while policies of tolerance and assimilation toward conquered peoples are essential for an empire to succeed, the multicultural society that results introduces new tensions and instabilities, threatening to pull the empire apart from within. What this means for the United States' uncertain future is the subject of Chua's provocative and surprising conclusion.

The Altering Eye - Robert Phillip Kolker 2009-01

The Altering Eye covers a "golden age" of international cinema from the end of WWII through to the New German Cinema of the 1970s. Combining historical, political, and textual analysis, the author develops a pattern of cinematic invention and experimentation from neorealism through the modernist interventions of Jean-Luc Godard and Rainer Maria Fassbinder, focusing along the way on such major figures as Luis Bunuel, Joseph Losey, the Brazilian director Glauber Rocha, and the work of major Cuban filmmakers. Kolker's book has become a much quoted classic in the field of film studies providing essential reading for anybody interested in understanding the history of European and international cinema. This new and revised edition includes a substantive new Preface by the author and an updated Bibliography."

Scripting the Life You Want - Royce Christyn 2020-04-07

A step-by-step guide to the process of "scripting" your future and successfully manifesting what you want in life • Explores the science behind how the scripting method works and shares the vivid journal entries from the author's big breakthrough--when he successfully used his method to land a lead role on a TV show •

Details how the understanding of incredible new (and, until now, mostly unheard of) scientific discoveries and emerging technologies is the most important key to creating and manifesting in your life • Reveals fun, easy tools for manifesting and self-help, updated for a new generation In this step-by-step guide, filled with success stories and practical exercises, Royce Christyn details a simple “scripting” process for harnessing the Law of Attraction and manifesting what you want in your life--happiness, wealth, travel, love, health, the perfect career, or simply a productive day. The process is backed by science and experience, yet it feels like magic. And all you need is a pen and paper. Inspired by New Thought and Positive Thinking classics, Christyn explains how he developed his scripting method through 4 years of trial and error, keeping what worked and dropping what didn't until he brought his success rate from 5% to nearly 100%. Sharing pages from his own journals, he outlines how to create the life you want with daily journaling exercises, beginning with a simple list-making practice to figure out your wants and intentions and then progressing to actual scripting of your future, whether the next 12 hours or the next 10 days. He shows how, over time, your scripts will increase in accuracy until they converge with reality. He shares the vivid entries from his big breakthrough--when he successfully used his method to land a lead guest-starring role on Disney Channel's Wizards of Waverly Place with Selena Gomez. He explores how “feeling” your future success as you write your daily scripts helps attract your desired outcomes, and he shares the key phrases to include to make

your script come true. The author also explores the science behind how the scripting method works, including a down-to-earth examination of quantum mechanics. From small dreams to lifelong goals, this book gives you the tools to put your thoughts into action and finally close the gap between where you are and where you want to be in your life.
