The Life and Zen Haiku Poetry of Santoka Taneda - Oyama Sumita 2021-04-06

The fascinating and quirky biography of a disheveled poet, skillfully interwoven with his original works. Zen monk Santoka Taneda (1882-1940) is one of Japan's most beloved modern poets, famous for his "free-verse" haiku,

the dominant style today. This book tells the fascinating story of his life, liberally sprinkled with more than 300 of his poems and extracts from his essays and journals—compiled by his best friend and biographer Oyama Sumita and elegantly translated by William Scott Wilson. Santoka was a literary prodigy, but a notoriously disorganized human being. By his own admission, he was incapable of doing anything other than wandering the countryside and writing verses. Although Santoka married and had a son, he devoted his life to poetry, studying Zen, drinking sake and wandering the length and breadth of the Japanese islands on foot, as a mendicant monk. The poet's life alternated between long periods of solitary retreat and restless travel, influenced by his tragic childhood. When not on the road, he lived in simple grass huts supported by friends and family. Santoka was a lively conversationalist who was often found so drunk he could only make it home with the help of a friendly neighbor or passerby. But above all, throughout his life, he wrote constantly; poetry and essays flowed from him effortlessly. Santoka's eccentric style of haiku is highly regarded in Japan today for being truly modern and free from formal constraints. His journals and essays are equally thought-provoking—the musings of an unkempt but supremely self-conscious mind on everything from writing to cooking rice and his failure to live a more orderly life. This translation and its introduction are by best-selling author William Scott Wilson, whose other works include *The Book of Five Rings* and *The Lone Samurai*. Wilson provides sensitive renditions of the haiku

illustrating Santoka's life as well as an extensive introduction to the influences on Santoka's work, from contemporary haiku poets and his Buddhist teachers. Alongside the book, readers have access to a two-hour online audio recording of 331 of Santoka Taneda's haiku, read in Japanese by a native speaker, and in English.

Anti-Gender Politics in the Populist Moment - Agnieszka Graff 2021-09-16

This book charts the new phase of global struggles around gender equality and sexual democracy: the ultraconservative mobilization against "gender ideology" and feminist efforts to counteract it. It argues that anti-gender campaigns, which emerged around 2010 in Europe, are not a simple continuation of the anti-feminist backlash dating back to the 1970s, but part of a new political configuration. Opposition to "gender" has become a key element of the rise of right-wing populism, which successfully harnesses the anxiety, shame and anger caused by neoliberalism and threatens to destroy liberal democracy. *Anti-Gender Politics in the Populist Moment* offers a novel conceptualization of the relationship between the ultraconservative anti-gender movement and right-wing populist parties, examining the opportunistic synergy between these actors. The authors map the anti-gender campaigns as a global movement, putting the Polish case in a comparative perspective. They show that the anti-gender rhetoric is best understood as a reactionary critique of neoliberalism as a socio-cultural formation. The book also studies the recent wave of feminist mass mobilizations, viewing the transnational revolt of women as a left populist movement. This is an important study for those doing research in politics, cultural studies, gender and sexuality studies and sociology. It will also be useful for activists

and policy makers.

Drawing the Sun - Bruno Munari 2004

A playful and vibrant guide to drawing the sun In *Drawing the Sun*, Bruno Munari suggests:

"When drawing the sun, try to have on hand colored paper, chalk, felt-tip markers, crayons, pencils, ballpoint pens--you can draw a sun with any one of them. Also remember that sunset and dawn are the back and front of the same phenomenon: when we are looking at the sunset, the people over there are looking at the dawn."

The Greentail Mouse - Leo Lionni 2013-01-08

Originally published in 1973, this is the offbeat fable of a city mouse who visits his peaceful country cousins and tells them about Mardi Gras in the city. The country mice are inspired to have their own Mardi Gras. And at first, it is fun wearing their masks with sharp teeth and tusks and scaring each other, but after a while, they begin believing that they really are ferocious animals. Leo Lionni's winsome mice cavort across big double-page spreads of oil paintings and tell a story about what is real and what is not that is just right for preschoolers. Reissued in hardcover in 2003, it now makes its debut in Dragonfly paperback.

Modern Architecture Since 1900 - William J. R. Curtis 1987

A penetrating analysis of the modern architectural tradition and its origins. Since its first publication in 1982, *Modern Architecture Since 1900* has become established as a contemporary classic. Worldwide in scope, it combines a clear historical outline with masterly analysis and interpretation. Technical, economic, social and intellectual developments are brought together in a comprehensive narrative which provides a setting for the detailed examination of buildings. Throughout the book the author's focus is on the individual architect, and on the qualities that give outstanding buildings their lasting value. For the third edition, the text has been radically revised and expanded, incorporating much new material and a fresh appreciation of regional identity and variety. Seven chapters are entirely new, including expanded coverage of recent world architecture. Described by James Ackerman of Harvard University as "immeasurably the finest work covering this field in existence", this book presents a penetrating analysis of the modern tradition and its origins, tracing the creative interaction between old and new that has generated such an astonishing richness of architectural forms across the world and throughout the century.
