**The Jews in Fascist Italy: A History** - Renzo De Felice 2015-11-23

My aim was to explain in detail the facts surrounding Fascist anti-Semitism and the persecution of the Jews in Mussolini's Italy. Too many people in Italy and elsewhere underestimate or deny the tragic fate of European Jewry and anti-Semitism between the two world wars. A few short years ago anti-Semitism appeared defeated and reduced to a tiny group of fanatics. But now it seems to be regaining ground in its more political incarnation, probably the most dangerous one, because next to the religious, social and economic varieties it is the most insidious of all. The author occupies a central position among Italian historians specialized in modern Italy's political history. He broke new ground by first publishing this book in 1961 having obtained special permission to consult the files in the Archives of the Italian Jewish Communities concerning the Fascist regime's persecution of the Jews in Italy from 1938 to 1945. The book's release coincided with the trial of Adolf Eichmann in Jerusalem that brought the Holocaust to the attention of other historians and to the world public. The English translation of the final 1993 edition was supported by a grant from the Italian Ministry of Foreign Affairs. This paperback and electronic book edition is published in association with the United States Holocaust Memorial Museum.

Judaizing Movements - Tudor Parfitt 2013-12-16

The history of Judaizing movements has been largely ignored by historians of religion. This volume analyzes the interplay between colonialism, a Judaism not traditionally viewed as proselytising but which at certain points was struggling to heed the Prophets and become a light unto the Gentiles' and the attraction for many different peoples of the rooted historicity of Judaism and by the symbolic appropriation of Jewish suffering. This book will look at the role of colonialism in the development of Judaizing movements throughout the world, including New Zealand, Japan, India, Burma and Africa. Particular attention will be paid to the Lemba tribe of Southern Africa. A remarkable parallel movement in 1930s Southern Italy will also be dealt with. The history of the converts of San Nicandro is seen in the context of currents of Jewish universalism, messianism and Zionism. Gender issues are also discussed here as the converted women assumed powers they had not hitherto enjoyed.

«Ricordati dei giorni del mondo» 2 - Giuseppe Laras  
2015-10-23T00:00:00+02:00

L'inesausto «pensare» di Israele sembra trovarsi al crocevia tra la riflessione speculativa di natura più propriamente filosofica, l'esegesi - talvolta «avventurosa» - dei testi biblici e talmudici, le intuizioni mistiche della qabbalah e la sterminata produzione della normativa rabbinica, la halakhah. L'opera si propone di guidare il lettore in un viaggio lungo e affascinante, spesso sorprendente e inatteso, finalizzato a cogliere i momenti e le figure fondamentali del pensiero ebraico, avventura religiosa e intellettuale qui presentata e spiegata da un grande maestro. *Descifrar y entender la Biblia. Antiguo y nuevo testamento* - Aurelio Penna 2022-05-25

La influencia de la Biblia alcanza hasta nuestros días. Traducida a unos 2200 idiomas y dialectos, actualmente es un superventas en términos absolutos: es el libro más vendido en el mundo. Esta influencia se manifiesta, obviamente, en el terreno religioso, pero también se reconoce la influencia bíblica en la cultura laica: en la literatura, la música, la pintura, la escultura, la arquitectura, etc., en la vida cotidiana y, en general, en todas las facetas de nuestra civilización. Pero también debemos pensar que la Biblia ha desempeñado un papel muy importante al forjar la ética del mundo moderno. De ella nos llegan los principios de iniciativa y responsabilidad individual que caracterizan nuestra civilización, así como los principios de libertad, tolerancia y democracia, y los de exaltación de la sensibilidad social y lucha contra la miseria, la ignorancia y la degradación del hombre. Es un hecho curioso el que hoy en día, mientras las Iglesias cristianas tradicionales parecen estar en regresión, la Biblia continúa leyéndose: esto nos lleva a pensar que esta obra contiene un germen de vida autónomo y un mensaje siempre actual, hoy y hace tres mil años. Cada vez son más quienes leen por su cuenta la Biblia, por una necesidad de enriquecimiento cultural o, más a menudo, de búsqueda existencial. Pero no todos logran salir airoso de la empresa, en parte debido a la amplitud de la obra, indudablemente imponente, y en parte porque se trata de un texto de lectura bastante difícil. Este libro le ayudará a no estancarse en las primeras dificultades. Aquí encontrará las informaciones básicas y un itinerario de lectura ágil que le permitirán entender el mensaje fundamental de la Biblia.

**Three Kings, Ten Mysteries** - Grzegorz Górny 2016-10-30

Were the Three Kings, or Magi, who the Bible says traveled to Bethlehem in search of the Christ Child real, historical figures or simply the stuff of legend? For generations, the Magi have inspired art and music.

Epiphany, the important Christian feast twelve days after Christmas, is a national holiday in many countries throughout the world. What lies at the heart of this celebration and is it still relevant today? Turning to discoveries made by historians, scientists, and theologians, Polish author Grzegorz Górny answers these questions. With gorgeous four-color photographs on every page, he traces the mysteries of the Magi from the Gospel of Matthew to modern-day astronomy to revived Epiphany celebrations on the streets of secularized European capitals.

**The Posen Library of Jewish Culture and Civilization, Volume 8** -

Todd M. Endelman 2020-04-07

The eighth volume in a landmark series, this anthology of Jewish culture and civilization encompasses the period between the world wars. An anthology of Jewish culture between the world wars, the editors' selections convey the variety, breadth, and depth of Jewish creativity in those tempestuous decades. Despite—or perhaps because of—external threats, Jews fought vigorously over religion, politics, migration, and their own relation to the state and to one another. The texts, translated from many languages, span a wide range of politics, culture, literature, and art. This collection examines what was simultaneously a tense and innovative period in modern Jewish history.

*The Trilingual Literature of Polish Jews from Different Perspectives* -

Alina Molisak 2017-08-21

Are the literary works of Polish Jews one unified literature in three languages: Yiddish, Hebrew and Polish, or is the literal corpus of each of these languages a separated literary and cultural phenomenon? Twenty-seven scholars from Europe, the United States, and Israel explore different aspects of the multilingual literature of Eastern European Jews, with a particular focus on the trilingual literature of Polish Jews until

World War II. The work of the great Yiddish and Hebrew writer Isaac Leib Peretz (1852–1915) represents the center of the book, though it does not concentrate solely on Peretz's work, but, rather, discusses the oeuvre of other unique authors in the cultural space of Jews in Central and Eastern Europe generally, and in Poland particularly. The book looks at this issue from three aspects, namely the literal, cultural, and historical, and also examines the dialogue of Polish Jewish literature with other languages and cultures.

**Ipotesi su Gesù** - Vittorio Messori 2019-10-16

Ritorna il celebre classico, tradotto in tutto il mondo, che ha mostrato come ragione, storia, esperienza confermino la Verità del Vangelo. Dal 1976 questo libro è stato continuamente ristampato e tradotto. Tanto da essere uno dei saggi più diffusi non solo in Italia (oltre un milione di copie), ma anche nel mondo intero, dove circola in una trentina di lingue. Ormai un classico, ma scritto da un autore il cui motto è: «Studiare come un buon professore e scrivere come un buon giornalista». Per questo non è stato contestato dagli studiosi razionalisti e al contempo è stato letto con passione anche da chi non abbia una particolare cultura. Il lettore è coinvolto in una ricerca appassionante che conferma i cattolici nella fede e che può far riflettere gli increduli. Queste pagine infatti - scritte sì da un cristiano, ma convertito in età adulta dall'agnosticismo - si affidano soltanto all'evidenza dei fatti e della storia.
