**The Hidden People of North Korea** - Ralph Hassig 2015-04-16

This unique book, now fully updated, provides a comprehensive overview of all aspects of life in North Korea today. Drawing on decades of experience, noted experts Ralph Hassig and Kongdan Oh explore a world few outsiders can imagine. In vivid detail, the authors describe how the secretive and authoritarian government of Kim Jong-un shapes every aspect of its citizens' lives, how the command socialist economy has utterly failed, and how ordinary individuals struggle to survive through small-scale capitalism. Weighing the very limited individual rights allowed, the authors illustrate how the political class system and the legal system serve solely as tools of the regime. The key to understanding how the North Korean people live, the authors argue, is to realize that their only allowed role is to support Kim Jong-un, whose grandfather founded the country in the

late 1940s. Still a cypher, Kim Jong-un, as did his father before him, controls his people by keeping them isolated and banning most foreigners.

North Koreans remain hungry and oppressed, yet the outside world is slowly filtering in, and the book concludes by urging the United States to flood North Korea with information so that its people can make decisions based on truth rather than their dictator's ubiquitous propaganda.

**The Little Book of Skin Care** - Charlotte Cho 2015-11-10

The secrets behind the world's most beautiful skin! In Korea, healthy, glowing skin is the ideal form of beauty. It's considered achievable by all, men and women, young and old—and it begins with adopting a skin-first mentality. Now, this Korean beauty philosophy has taken the world by storm! As the founder of Soko Glam, a leading Korean beauty and lifestyle website, esthetician and beauty expert Charlotte Cho guides you through the world-renowned Korean ten-step skin-care routine—and far beyond—to help you achieve the clearest and most radiant skin of your life With Charlotte's step-by-step tutorials, skin-care tips, and advice on what to look for in products at all price levels, you'll learn how to

pamper and care for your skin at home with Korean-approved techniques and pull off the "no makeup" makeup look we've seen and admired on women in the streets of Seoul. And you'll get access to beauty secrets from Charlotte's favorite beauty gurus from around the world, including supermodels, YouTube sensations, top makeup artists, magazine editors, actresses, and leading Korean skincare researchers. With the knowledge of an expert and voice of a trusted friend, Charlotte's personal tour through Korean beauty culture will help you find joy in the everyday beauty routines that will transform your skin.

**L'enigma nord-coreano** - Barthélémy

Courmont 2015-05-06

La Repubblica Popolare Democratica di Corea, guidata dal misterioso Kim-Jong-un, erede dell'unica dinastia comunista della storia, rappresenta per antonomasia lo "Stato canaglia" per eccellenza, ma rappresenta veramente un pericolo per l'equilibrio internazionale? La Corea del Nord è forse il Paese più isolato al mondo tanto che, e per la sua storia e per le sanzioni internazionali che l'hanno oltremodo emarginata, la si può definire come il Regno Eremita. E infatti la Repubblica popolare, a differenza di altri Stati, tipo l'Iran e il Myanmar, che come lei si sono meritati l'appellativo di Stato canaglia, ha eretto un muro di riservatezza così impenetrabile che non si sa quasi nulla, se non fosse per il lavoro delle ong e per le testimonianze dei profughi, non solo delle sue reali mire e dei meccanismi di governo, ma addirittura del suo stesso leader, Kim-Jong-un, e del popolo che è chiamato a guidare. Quello che si sa invece è che la Corea è il Paese meno democratico al mondo e che ha approntato una strategia di sopravvivenza che ha messo a nudo i limiti della diplomazia internazionale. Per gli Stati Uniti, infatti, la Corea rappresenta un vero e proprio enigma; sia che facciano ricorso alle sanzioni sia che mostrino una politica di apertura non riescono a far rinsavire una dittatura dinastica che pur di mantenersi al potere non si fa scrupoli ad abusare del suo popolo.

*Dissolution of political party* - Sungjin Kim

2017-05-24

The Korean Constitutional Court adopted a two-prong test in its first case on dissolution of

political party in determining whether to dissolve the political party. According to Article 8 Section 4 of the Korean Constitution, a political party may be dissolved if the purposes or activities of the political party are contrary to the fundamental democratic order. The Korean Constitutional Court not only used Article 8(4) of the Constitution as a standard of review for dissolution of political party but also adopted the principle of proportionality as another standard of review to be met even though the Constitution does not explicitly say so. The European Court of Human Rights has also used essentially a two-step test where the dissolution of a political party is justified if there is a pressing social need for the dissolution and the dissolution is proportionate to the legitimate aims pursued. In principle, the criteria established by the Korean Constitutional Court is very similar to the ones developed by the European Court of Human Rights even though the outcome of the application seems to be somewhat different.

*North Korea* - Heonik Kwon 2012-03-12

This timely, pathbreaking study of North Korea's political history and culture sheds invaluable light on the country's unique leadership continuity and succession. Leading scholars Heonik Kwon and Byung-Ho Chung begin by tracing Kim Il Sung's rise to power during the Cold War. They show how his successor, his eldest son, Kim Jong Il, sponsored the production of revolutionary art to unleash a public political culture that would consolidate Kim's charismatic power and his own hereditary authority. The result was the birth of a powerful modern theater state that sustains North Korean leaders' sovereignty now to a third generation. In defiance of the instability to which so many revolutionary states eventually succumb, the durability of charismatic politics in North Korea defines its exceptional place in modern history. Kwon and Chung make an innovative contribution to comparative socialism and postsocialism as well as to the anthropology of the state. Their pioneering work is essential for all readers interested in understanding North Korea's past and future, the destiny of charismatic power in modern politics, the role of art in enabling this power.

*Korean Democracy in Transition* - HeeMin Kim  
2011-07-29

As Asian countries emerge as global economic powers, many undergo fundamental political transformations. In *Korean Democracy in Transition: A Rational Blueprint for Developing Societies*, HeeMin Kim evaluates the past thirty years of political change in South Korea, including the decision of the authoritarian government to open up the political process in 1987 and the presidential impeachment of 2004. Kim uses rational choice theory—which holds that individuals choose to act in ways that they think will give them the most benefit for the least cost—to explain events central to South Korea’s democratization process. Kim’s theoretical and quantitative analysis provides a context for South Korea’s remarkable transformation and offers predictions of what the future may hold for developing nations undergoing similar transitions. Although there are studies in the field of Korean politics that provide an overview of this important period, there are none that offer the theoretical and analytical rigor of this study. Combining theoretical perspectives with policy-relevant discussion, *Korean Democracy in Transition* sheds new light on the Korean model of democratization and makes a significant contribution to the field of comparative politics. *Visual Politics and North Korea* - David Shim 2013-10-15

In the realm of international relations, there are seemingly few states like North Korea. Whether it is the country’s human rights situation, its precarious everyday life or its so-called foreign policy of coercion and nuclear brinkmanship, no matter what this ‘pariah’ nation says and does it affects the state and stability of regional and global politics. But what do we know about North Korea and how do we come to know it? This book argues that visual imagery plays a decisive role in this operation. By discussing two exemplary areas - everyday photography and satellite imagery - the book takes into account the role of images in the way that particular issues related to North Korea are understood in contemporary geopolitics. Images work. They do something by evoking a particular perspective of what is shown in them, allowing only specific ways of seeing and knowing. In this sense, images are deeply political. Individual methodological usages in the book can provide a

procedural basis from which to start or rethink further studies on visuality, both in IR and beyond. It also opens an innovative path for future studies on East Asia, making the book attractive to a range of specialists and thus holding an appeal beyond the boundaries of a single discipline.

### **World trends in freedom of expression and media development** - UNESCO 2018-02-05

In the face of such challenges, this new volume in the World Trends in Freedom of Expression and Media Development series offers a critical analysis of new trends in media freedom, pluralism, independence and the safety of journalists.

### Fear in the World - Corrado Alvaro 2021-03-23

Corrado Alvaro's *Fear in the World* was published a decade before Orwell's 1984, but is not well known outside Italy, perhaps because of the timing of the publication just before the Second World War. Alvaro had visited the Soviet Union as a journalist, but was probably motivated to write this dystopian novel by aspects of modernity that concerned him, particularly the use of fear for political purposes which was not afflicting Russia alone. He was interested in the psychology of fear and the extent to which individuals and the crowd participate in their own regimentation. The names of countries, cities and leading political figures such as Stalin are never referred to, but as in the works of Orwell they are clearly identifiable from their descriptions: the author was writing in a Fascist country against a Fascist censor and had to cut his cloth accordingly. This is a dark novel, not quite as dark as 1984, but it is more claustrophobic. The feeling of inevitability is there from the first page, and it is experienced as we experience real life. The imagined truth takes us closer to where we really are. The travails of the love affair at the core of this novel quite possibly arise from perceptions that the regime exploits in a quite ad hoc manner. And it leads the reader through an extraordinary sequence of events and observations which encompass a vast range of emotions and ideas expressed in a unique prose style. The modern Leviathan appears to be a well-oiled machine, but towards the end it becomes clear that this is merely an appearance of efficiency and omniscience, but appearances

can be powerful. Alvaro is particularly interested in how the state uses quasireligious mechanisms and rituals to assert its power. The central character returns to the country after a long period abroad, and sees things initially through foreign eyes, living a life similar to the one Alvaro did when in Russia. He is not a natural rebel, and very much wants to fit in, but he finds this difficult to achieve. The regime boasts that it has an ally in history, but destiny is elusive, however much the characters feel that they are driven by it.

*The Korean War* - Steven Hugh Lee 2013-12-02  
Tens of thousands of US soldiers and untold millions of Koreans died in this war the first major arena of the East-West conflict. This concise international history of the war offers a new approach to its understanding, tracing its origins and dynamics to the interplay between modern Korean history and twentieth century world history. The narrative also uniquely examines the social history of the conflict, and includes material on the newly racially integrated US fighting forces, war and disease, women and war and life in the Prisoner of War camps. While most surveys stop at 1953, with the signing of the armistice, Steven Hugh Lee carries the story through to the Geneva Conference in the spring of 1954 the last major international effort before recent years to negotiate a permanent peace for the Korean peninsula.

**Putin's Russia: Really Back?** - Aldo Ferrari 2016-10-28

Attempts by Washington and Brussels to push Russia to the fringes of global politics because of the Ukrainian crisis seem to have failed. Thanks to its important role in mediating the Iranian nuclear agreement, and to its unexpected military intervention in Syria, Moscow proved once again to be a key player in international politics. However, Russia's recovered assertiveness may represent a challenge to the uncertain leadership of the West. This report aims to gauging Russia's current role in the light of recent developments on the international stage. The overall Russian foreign policy strategy is examined by taking into account its most important issues: Ukraine and the relationship with the West; the Middle East (intervention in Syria, and ongoing relations

with Turkey, Iran and Saudi Arabia); the development of the Eurasian Economic Union; the Russian pivot towards Asia, and China in particular. The volume also analyzes if and to what extent Moscow can fulfill its ambitions in a context of falling oil prices and international sanctions.

Political Disquisitions - James Burgh 1774

**This is Paradise!** - Hyok Kang 2007

The author describes everyday life in North Korea and his migration to China to seek asylum. The Day After Roswell - Philip Corso 2012-12-11  
Since 1947, the mysterious crash of an unidentified aircraft at Roswell, New Mexico, has fueled a firestorm of speculation and controversy with no conclusive evidence of its extraterrestrial origin -- until now. Colonel Philip J. Corso (Ret.), a member of President Eisenhower's National Security Council and former head of the Foreign Technology Desk at the U.S. Army's Research & Development department, has come forward to tell the whole explosive story. Backed by documents newly declassified through the Freedom of Information Act, Colonel Corso reveals for the first time his personal stewardship of alien artifacts from the crash, and discloses the U.S. government's astonishing role in the Roswell incident: what was found, the cover-up, and how these alien artifacts changed the course of 20th century history.

**Carlos Marcello** - Stefano Vaccara 2013-11-15  
"Like getting a pebble out my shoe." New Orleans is the true birthplace of the Sicilian mafia in America. Carlos Marcello controlled organized crime in Louisiana and across the Southeast in the 1950s and '60s. He was untouchable until he met the Kennedy Brothers. Once Robert Kennedy became attorney general, Marcello was deported to Guatemala and swore to seek revenge. It became a duel to the death. Marcello found his "patsy," a former marine with a Russian wife. Lee Harvey Oswald was the perfect fall guy but he never pulled the trigger. Ingegneri-architetti della scuola romana di architettura. Ediz. italiana e inglese - Ruggero Lenci 2021

**The Routledge History of Italian Americans** - William J. Connell 2017-09-27

The Routledge History of Italian Americans weaves a narrative of the trials and triumphs of one of the nation's largest ethnic groups. This history, comprising original essays by leading scholars and critics, addresses themes that include the Columbian legacy, immigration, the labor movement, discrimination, anarchism, Fascism, World War II patriotism, assimilation, gender identity and popular culture. This landmark volume offers a clear and accessible overview of work in the growing academic field of Italian American Studies. Rich illustrations bring the story to life, drawing out the aspects of Italian American history and culture that make this ethnic group essential to the American experience.

**South Korea Since 1980** - Uk Heo 2010-06-28

This book examines the changes in politics, economics, society, and foreign policy in South Korea since 1980. Starting with a brief description of its history leading up to 1980, this book deals with South Korea's transition to democracy, the stunning economic development achieved since the 1960s, the 1997 financial crisis, and the economic reforms that followed and concludes with the North Korean nuclear crisis and foreign relations with regional powers. The theoretical framework of this book addresses how democratization affected all of these dimensions of South Korea. For instance, democratization allowed for the more frequent alternation of political elites from conservative to liberal and back to conservative. These elites initiated different policies for dealing with North Korea and held different views on South Korea's role in its alliance with the United States. Consequently, ideological divides in South Korean politics became more stark and the political process more combative.

*Graphic Design Between Creativity and Science. Ediz. a Colori* - Michele Spera 2018

**Crisis on the Korean Peninsula** - Christoph Bluth 2011

U.S. policy toward North Korea has been politically controversial, with some supporting engagement and negotiations, and others calling for isolating the regime on the basis that it cannot be trusted. Neither approach will work, according to Bluth, who explains that North Korea's foreign and security policy is the result

of both internal and external threats to the survival of a regime that can no longer sustain itself. --

*North Korea's Juche Myth* - B. R. Myers 2015-10-01

For decades the North Korean regime has preached a virulent race-nationalism to its own people. At the same time, however, it has succeeded in making outsiders believe that it is guided by a solipsistic, inward-directed ideology of self-reliant communism. This in turn has nurtured the wishful assumption that the regime no longer has serious designs on South Korea. In this book, his follow-up to *The Cleanest Race* (2009), B.R. Myers shows that although the myth of Juche has done great service for the regime at home and abroad, the ideology's content has never played a significant role in policy-making or domestic propaganda. The North Korean nuclear program must be grasped in the context of the regime's true ideological commitment, which is not to self-reliance, but to "final victory" over the rival state.

*The castle on the Hudson* - Renato Cantore 2016

*Out of Ashes* - Konrad H. Jarausch 2016-08-29  
A sweeping history of twentieth-century Europe that examines its unprecedented destruction—and abiding promise A sweeping history of twentieth-century Europe, *Out of Ashes* tells the story of an era of unparalleled violence and barbarity yet also of humanity, prosperity, and promise. Konrad Jarausch describes how the European nations emerged from the nineteenth century with high hopes for continued material progress and proud of their imperial command over the globe, only to become embroiled in the bloodshed of World War I, which brought an end to their optimism and gave rise to competing democratic, communist, and fascist ideologies. He shows how the 1920s witnessed renewed hope and a flourishing of modernist art and literature, but how the decade ended in economic collapse and gave rise to a second, more devastating world war and genocide on an unprecedented scale. Jarausch further explores how Western Europe surprisingly recovered due to American help and political integration. Finally, he examines how the Cold War pushed the divided continent to the brink of nuclear annihilation, and how the

unforeseen triumph of liberal capitalism came to be threatened by Islamic fundamentalism, global economic crisis, and an uncertain future. A gripping narrative, *Out of Ashes* explores the paradox of the European encounter with modernity in the twentieth century, shedding new light on why it led to cataclysm, inhumanity, and self-destruction, but also social justice, democracy, and peace.

**Pax Mafiosa Or War? Twenty Years After the Palermo Massacres** - Vincenzo Scotti 2015-03

Witness to Transformation - Stephan Haggard 2010-07-20

"Human rights and the protection of refugees is not a concern of left or right, or of the US only; it is an issue of importance to all Koreans, and indeed all countries. Haggard and Noland provide compelling evidence of the ongoing transformation of North Korean society and offer thoughtful proposals as to how the outside world might facilitate peaceful evolution."--Yoon Young-kwan, former Foreign Minister, Rob Moo-byun government --Book Jacket.

**The Korean State and Social Policy** - Stein Ringen 2011-05-27

Introduction: the birth of the state -- The state meets modernity -- The state meets business -- The state meets voluntarism -- The state meets democracy -- Conclusion: the anatomy of the state.

**The Cold War in Asia** - James Gordon Hersberg 1996

*Epics of Sumerian Kings* - H. L. Herman L. J. Vanstiphout 2004

This volume presents for the first time both the authoritative Sumerian text and an elegant English translation of four Sumerian epics, the earliest known in any language. The introduction discusses the intellectual and cultural context as well as the poetics and meaning of this epic cycle.

**North Korea Undercover** - John Sweeney 2013-11-14

North Korea is like no other tyranny on earth. It is Orwell's 1984 made reality. The regime controls the flow of information to its citizens, pouring relentless propaganda through omnipresent loud speakers. Free speech is an illusion: one word out of line and the gulag

awaits. State spies are everywhere, ready to punish disloyalty and the slightest sign of discontent. You must bow to Kim Il Sung, the Eternal Leader and to his son, Generalissimo Kim Jong Il. Worship the dead and then hail the living, the Supreme Leader Kim Jong Un. North Koreans are told their home is the greatest nation on earth. Big Brother is always watching. Posing as a university professor, award-winning BBC journalist John Sweeney travelled undercover to gain unprecedented access to the world's most secret state. Drawing on his own experiences and his extensive interviews with defectors and other key witnesses, *North Korea Undercover* pulls back the curtain, providing a rare insight into life there today, examining the country's troubled history and addressing important questions about its uncertain future. Sweeney's highly engaging, authoritative account illuminates the dark side of the Hermit Kingdom and challenges the West's perception of this paranoid nationalist state.

Me the People - Nadia Urbinati 2019-08-06

Populism suddenly is everywhere, and everywhere misunderstood. Nadia Urbinati argues that populism should be regarded as government based on an unmediated relationship between the leader and those defined as the "good" or "right" people. Mingling history, theory, and current affairs, Urbinati illuminates populism's tense relation to democracy.

**Hitler** - Ian Kershaw 2014-06-06

Adolf Hitler has left a lasting mark on the twentieth-century, as the dictator of Germany and instigator of a genocidal war, culminating in the ruin of much of Europe and the globe. This innovative best-seller explores the nature and mechanics of Hitler's power, and how he used it.

To Hell and Back - Ian Kershaw 2015-11-17

"Chilling... *To Hell and Back* should be required reading in every chancellery, every editorial cockpit and every place where peevish Euroskeptics do their thinking.... Kershaw documents each and every 'ism' of his analysis with extraordinary detail and passionate humanism."—The New York Times Book Review  
The Penguin History of Europe series reaches the twentieth century with acclaimed scholar Ian Kershaw's long-anticipated analysis of the pivotal years of World War I and World War II.

The European catastrophe, the long continuous period from 1914 to 1949, was unprecedented in human history—an extraordinarily dramatic, often traumatic, and endlessly fascinating period of upheaval and transformation. This new volume in the Penguin History of Europe series offers comprehensive coverage of this tumultuous era. Beginning with the outbreak of World War I through the rise of Hitler and the aftermath of the Second World War, award-winning British historian Ian Kershaw combines his characteristic original scholarship and gripping prose as he profiles the key decision makers and the violent shocks of war as they affected the entire European continent and radically altered the course of European history. Kershaw identifies four major causes for this catastrophe: an explosion of ethnic-racist nationalism, bitter and irreconcilable demands for territorial revisionism, acute class conflict given concrete focus through the Bolshevik Revolution, and a protracted crisis of capitalism. Incisive, brilliantly written, and filled with penetrating insights, *To Hell and Back* offers an indispensable study of a period in European history whose effects are still being felt today.

**The Italian Guillotine** - Stanton H. Burnett 1998

All these dramatic events stemmed from the exposure of massive political corruption by a small group of Milan magistrates who became national heroes. Yet this controversial book argues instead that the actions of this group amounted to a coup d'etat, conceived by radicalized magistrates in the 1970s and carried out in the 1990s by these same magistrates for explicit political ends that were ultimately achieved in 1996. The authors examine the sources of the magistrates' political support and protection, the intended beneficiaries of their campaign, and their skillful management of the media.

**Transforming Korean Politics: Democracy, Reform, and Culture** - Young Whan Kihl 2015-03-26

Over the past fifteen years, South Korea has transformed itself from an authoritarian government into a new democracy with a vibrant capitalist economy. Modernization, democratization, and globalization have played important roles in this transformation, and have

greatly influenced the programs and policies of Korea's Sixth Republic. Covering developments through the 2003 elections, this book shows how the South Korean government and society have been shaped not only by the dynamics of these forces, but also by their interaction with the cultural norms of a post-Confucian society. The author provides a conceptual framework and baseline for examining political developments in Korea, and offers an analysis of the factors that are transforming Korean institutions, society, and politics. He discusses the forces shaping Korea's political economy and the performance of successive ROK governments, and also highlights the challenges faced by the newly elected administration of Roh Moo Huan, the North Korean issue, and more.

**100 Objects of Italian Design. Permanent Collection of Italian Design. The Milan Triennale. Ediz. Illustrata** - Silvana Annichiarico 2011-11-10

[L'enigma nord-coreano. Cosa accade oggi al 38° parallelo e quale futuro ha la dittatura di Kim Jong-un](#) - Barthélémy Courmont 2015-09

[Korea and the United Nations](#) - 1950

[Marxism and the National and Colonial Question](#) - Joseph Stalin 1953

[Nuclear North Korea](#) - Victor D. Cha 2018-09-11  
Victor D. Cha and David C. Kang's *Nuclear North Korea* was first published in 2003 amid the outbreak of a lasting crisis over the North Korean nuclear program. It promptly became a landmark of an ongoing debate in academic and policy circles about whether to engage or contain North Korea. Fifteen years later, as North Korea tests intercontinental ballistic missiles and the U.S. president angrily refers to Kim Jong-un as "Rocket Man," *Nuclear North Korea* remains an essential guide to the difficult choices we face. Coming from different perspectives—Kang believes the threat posed by Pyongyang has been inflated and endorses a more open approach, while Cha is more skeptical and advocates harsher measures, though both believe that some form of engagement is necessary—the authors together present authoritative analysis of one of the

world's thorniest challenges. They refute a number of misconceptions and challenge the faulty thinking that surrounds the discussion of North Korea, particularly the idea that North Korea is an irrational actor. Cha and Kang look at the implications of a nuclear North Korea, assess recent and current approaches to

sanctions and engagement, and provide a functional framework for constructive policy. With a new chapter on the way forward for the international community in light of continued nuclear tensions, this book is of lasting relevance to understanding the state of affairs on the Korean peninsula.
