**Short Bedtime Stories for Kids** - Ivy Marie Jackson 2020-05-12

Bedtime stories are stories told after your child gets into bed for the night. They will often ask you to sit with them. This is an easy chance to offer them a story to tell. Kids especially love this because it is a surprise for them and, at that moment, makes them feel truly important. You can either read from a book a classic story, find a quick one online, or tell it from memory. Often a great story about bedtime is improvised to suit your child's mood at that particular moment. Typically these stories are the ones that have been told in many different ways for many years. Popular stories include princess and prince stories, great monsters and knights, adventure kids, and thrilling stories with no end to them. This latter type of story is interesting, as it allows you to draw the same story over many nights in order to keep your child interested and always want more. It is helpful to tell bedtime stories. Your child will find that sleep with a great story in their ears comes quietly. While giving them good dream material, it engages their imagination and has been shown to calm a busy child. Children sometimes tend to be worked up, especially at night, and a nice story will put their fears to rest and give them the relaxation they need so much. You may make a story that tells them that the beast under their bed is not so evil, or that their friends are the shadows on their wall. With creative solutions to any night time question, the possibilities are endless. Here the original stories inside: 6 Frog Changed to Prince 7 Evil Has an Evil End 10 Princess Rose and Her Lullabies 12 The Prince of Gold 15 The Cat and the Mouse 22 The Fairy Cat 25 The Little Maia 34 The Princess with the Gold Hair 46 The Rich Princess and Her Poor Spouse 51 The Happy Family 62 Wealth or Wisdom 66 The Fox and the Elephant 73 The Bremen Town Musicians 75 The Bogey-Beast 79 Father Frost 82 The Little Old Woman Who Lived in a Shoe 85 Old Mother Goose and Her Son Jack 88 Goldilocks and the Three Bears 91 The Wolf and the Seven Little Kids 95 The Cunning Little Tailor 98 The Night Moth with a Crooked Feeler 101 The Selfish Giant 106 Commencement of A New Life 111 References 115 Bedtime stories are also teaching your child in similar ways to fables, myths, and fairy tales. English Fairy Tales - Joseph Jacobs 2021-08-02

English Fairy Tales - Joseph Jacobs - Joseph Jacobs He published his English fairy tale collections: English Fairy Tales in 1890 and More English Fairy Tales in 1893. From the Preface: "WHO says that English folk have no fairy tales of their own? The present volume contains only a selection out of some 140, of which I have found traces in this country. It is probable that many more exist. A quarter of the tales in this volume have been collected during the last ten years or so, and some of them have not been hitherto published. Up to 1870, it was said equally of France and of Italy, that they possessed no folk-tales. Yet, within fifteen years from that date, over 1000 tales had been collected in each country.

I welcome you in the magic world of talking animals! By reading to your child these beautiful tales, surely, you'll also revert to your childhood. Your son now sleeps deeply. He will dream this wonderful world? In this anthology of stories, I have focused my attention on the "diversity" theme and on the importance of the respect about our unicities. I have highlighted: The value of friendship always and anyhow. The importance of sharing. The respect of others. The greatness of don't judge who you don't know. It is the union that makes the power. Never stop believing in your dreams. Don't twit or, even worst bullying, with whom is not exactly like you. I don't want to reveal you too much things, you will discover them going into my book.

**How to Tame a Monster** - Kheiro Beny 2021-06-07

The story is about a boy named Lwando and his cute sister Oyiso, who sometimes becomes angry and furious when something upsets her. But fortunately for Oyiso, her brother understands her well and always tries to quell her anger. But despite that, there may be days when he can't console his sister, and may even react with anger too!! Can Lwando learn where the mistake is? The benefits of the story is that it emphasizes the good treatment of the older brother with his younger siblings, feeling responsible towards them, and be a model for them. With the absence of the parents sometimes, the young child will find only one of his older brothers or sisters to console him, take care of him, and protect him. So, we advise the parents to give this story its due, and not to make it just papers with attractive drawings and bright colors. Our goal is to teach children virtuous morals and warn them against every reprehensible behavior, so let us strive to achieve this goal. The book consists of a colorful drawings expressing the cases of Lwando, Oyisa, and other people during some days of the week, with clear and short sentences, to make it easier for the child to read and understand its meaning.
