Two Wheels South - Matias Corea 2019-04-30

Go on the trip of a lifetime. Two Wheels South shows you how to realize your own journey. Two friends take the motorcycle trip of their life--From Brooklyn to Patagonia. Matias Corea shares his insights on how to prepare, choose the right motorcycle, what to pack, how to plan the route, where to camp and last but not least: How to prepare your mind. Setbacks and breaking down are part of the adventure, but preparation and being on the road teach you the confidence to tackle any problem. Follow Matias Corea and his friend Joel through the American South, Central America over the Darien Gap and beyond, over wooden cracking jungle bridges in Colombia and to dry lake high plateaus in Argentina. Feel the character of the roads and the smell of nature: Riding a motorcycle is one of the purest forms of traveling. After 7 months and 13 countries Matias and Joel have learned a lot while riding down south on their trusty BMW air-cooled G / S overland haulers and are ready to share their experience. Two Wheels South invites you on the experience of a lifetime.

Dreaming Of Jupiter - Ted Simon 2012-12-20

Ted Simon is the author of the classic travel book JUPITER'S TRAVELS. It documents his four-year journey round the world by motorbike, travelling through Europe, Africa, South and North America, and Asia. A number one bestseller in the late 1970s, it is still regarded as one of the greatest motorcycle books - indeed, one of the greatest travel books - ever written. In 2001, at the age of 69, Ted Simon decided to retrace his journey, and DREAMING OF JUPITER is the result. It took him two and a half years - during which time he revisited all the countries he had travelled through in the 1970s. He found much had changed, and he reflects upon the increased poverty, political upheavals, environmental issues and indeed the changes in himself. But ultimately, DREAMING OF JUPITER is a hugely inspiring read with a positive message at its heart - that even at the age of 70 you can still set off on an adventure, and be surprised and excited by what life throws at you along the way.

Route 66 Lost & Found - Russell A. Olsen 2006-07-01

Much more than a ribbon of crumbling asphalt, Route 66 is a cultural icon revered the world over for its nostalgia value—an east-west artery pointing America toward all the promise that the great West represented. But as stretches of Steinbeck's "Mother Road" were bypassed and fell into disuse, so too did most of the bustling establishments that had sprouted up from Illinois to California to cater to weary travelers and hopeful vacationers alike. Motor courts, cafes, main streets, filling stations, and greasy spoons—all are represented in this second volume of Lost & Found images from photographer Russell Olsen. As with its predecessor, Route 66 Lost & Found (2004), this new installment presents dozens of locations along Route 66's entire 2,297 miles, showing them both as in their heydays in period photographs and postcards and as they appear today. Each site is accompanied by a capsule history tracing the locale's rise and fall (and sometimes rebirth), as well as an exclusive map pointing out its location along Route 66.

The Perfect Vehicle: What It Is About Motorcycles - Melissa Holbrook Pierson 2011-01-12

"This book, a polished, winding meditation on the theory and fractiousness of motorcycles, celebrates both their eccentric history and the wary pleasures of touring."—The New Yorker In a book that is "a must for anyone who has loved a motorcycle" (Oliver Sacks), Melissa Pierson captures in vivid, writerly prose the mysterious attractions of motorcycling. She sifts through myth and hyperbole: misrepresentations about danger, about the type of people who ride and why they do so. The Perfect Vehicle is not a mere recitation of facts, nor is it a polemic or apologia. Its vivid historical accounts—the beginnings of the machine, the often hidden tradition of women who ride, the tale of the defiant ones who taunt death on the racetrack—are intertwined with Pierson's own story, which, in itself, shows that although you may think you know what kind of person rides a motorcycle, you probably don't.

High Performance Two-Stroke Engines - Massimo Clarke 2020-07-14

High Performance Two-Stroke Engines analyses the technology of spark ignition two-stroke engines. The presentation is simple and comprehensive. The description of the operating cycle, the fluid dynamics, the lubrication and the cooling systems is followed by painstaking analysis of the mechanical organs, with the materials and the manufacturing processes employed to produce them. The book is completed by an overview of the history and evolution of these engines and by an examination of the principal types and the diverse fields in which they are employed. A section of the work is dedicated to an in-depth analysis of the ignition and combustion phases and the formation of the air-fuel mixture, with particular attention paid to the most recent injection systems.

Vespa - Giorgio Sarti 2020-10-13

The most comprehensive and up-to-date catalogue of the Vespa ever compiled, featuring all the models and versions produced to date, listed year by year through a series of files illustrated with invaluable archive materials and accompanied by detailed technical information. Vespa is an overview unique in its completeness and wealth of data, a resource of particular interest to those who still ride Vespas today, to collectors and to all those who have a place in their heart for the Vespa. The celebrated scooter, born at Pontedera in the immediate post-war years inaugurated a new era of personal mobility, taking on diverse roles with the passing of the years: from a vehicle for out-of-town trips to a symbol of aggregations, from an emblem of freedom to a design icon, from the queen of calendars to a star of competition, without ever losing sight of its primary function, that of the "urban" vehicle par excellence. Over the course of the years, Piaggio has produced dozens of models, from the overtly utilitarian to the most sporting and through to the Vespa Elettrica of today.

Sorrento & the Amalfi Coast - Marina Carter 2009-08-03

This guide is based on our larger guide to Naples and the surrounding area, but it zeros in on the Sorrento Peninsula & the Amalfi Coast. Plush resorts on the coast and islands, Greek and Roman excavations, plus street theater and musical performances everywhere. Positano, the most photographed fishing village in the world, clinging to a rock above the sea. The unforgettable coastal town of Ravello is here. The superlative Greek temples at Paestum. The superb gastronomic specialties of Campania are everywhere: mouth-watering pizza (invented here), handmade pasta and sophisticated seafood. The author shows you how to experience the area intensely and unforgettably, while providing details about the foods, the sights, the many unforgettable walks and hikes, the best places to stay (whether you want a charming B&B, a 16th-century palazzo or a luxurious spa) and restaurants all with the insight of an insider.

Noun+Noun Compounds in Italian - Radimský Jan 2015-12-28

This book investigates one concrete compounding pattern in present-day Italian within a larger overview of Italian compounding. Various accounts and classifications of Noun + Noun combinations in Italian are reviewed, with special focus on the status of the lexical integrity hypothesis. The author sets out to propose an integrated approach to the Noun + Noun compounding pattern, rigorously based on large representative data sets that were extracted from the Italian web corpus ItWaC as both automatically and manually post-processed frequency lists. On the basis of such data, it is aimed to show the behaviour of various subtypes of Noun + Noun compounds. Starting out with the Bisetto-Scalise classification, the author carefully examines the status of coordinate compounds, ATAP compounds (i.e., the group comprising attributive and appositive structures) and subordinate compounds (comprising verbal-nexus and grounding compounds), discussing both theoretical and empirical implications of this classification scheme. Moreover, the original Bisetto-Scalise model is supplemented with further classification levels in order to capture specific compounding types such as relational (i.e. inherently trinominal) compounds. A major merit of the present study lies in the quantitative dimension of the data it deals with. In light of this data, the author emphasizes the gradient nature of the traditional dichotomy between syntax and compounding. The book will thus appeal not only to the linguists interested specifically in Italian word-formation, but also to a larger community of scholars who seek a more general view of the word-formation phenomena.

Repertorio generale annuale di giurisprudenza - 1942

Harley-Davidson - Pascal Szymezak 2014-05-10

Ever since the original appearance of its first single cylinder engine, followed by its twin cylinders, the Harley-Davidson has distinguished itself by imposing its models, known for their trustworthiness and endurance, and by how many competitions its models have won. The motorcycles powered by V-Twin Harley-Davidson engines have forged the legend of this American brand - already in business for over a century - through families of highly prestigious names: Hydra Glide, then Duo Glide and finally Electra Glide, and also Softail, Dyna, V-Rod and Sportster--names that exist and have persisted, in the case of certain models, for more than 50 years. In spite of the competition that sprang up in late years from America and then from the UK and Japan, Harley-Davidson has prevailed because of the innovations it has introduced - at times belatedly, but always the fruit of sensible reflections - and because it has diversified its family of motorcycles to make them correspond to the public's expectations. Without falling into the trap of expanding technological innovations to an exaggerated level, the new Harley-Davidson have become motorcycles offering modern performance but which have succeeded in conserving the spirit of the brand and, above all, that special Harley-Davidson character. All you need to do is climb onto the saddle and rev up a Harley-Davidson to discover a new motorcycling universe, where the concept of pleasure reveals new meaning. This is the universe that this book invites you to discover, through the history of the brand's main models, embodying nearly 110 years of motorcycling adventures, and touching upon touring, sport, customization and a simple and outright passion for motorcycles.

Psicologia viaria. Gli interventi dello psicologo per ottimizzare il sistema uomo-veicolo-strada - Valerio Benincasa 2005

The Chrome Cowgirl Guide to the Motorcycle Life - Sasha Mullins 2008-09-15

A girl's gotta have a passion--why not a motorcycle? Like a love letter from the wild side of life comes this book from "chrome cowgirl" Sasha Mullins. A primer for women who ride, or want to, or might simply like to jumpstart their lives, the book covers the ground in a way that's as entertaining as it is informative. Whether it's how to ride, what to do to your bike, or what to wear, Sasha has the advice. What's more, her bike savvy and street strategies pack powerful lessons, offering a friendly word from the wisecracking on how to get the most out of life's wild ride. From choosing, maintaining, and repairing a bike to honing your vocabulary and checking your attitude, there's something here for every woman who ever dreamed of saddling up and becoming an easy rider in control of her destiny.

Panorama - 2006-09

Lois on the Loose - Lois Pryce 2009-07-28

Young and beautiful, Lois Pryce was a rising star at the BBC. Unbeknownst to her co-workers, Lois lived a parallel life as a biker babe with an overwhelming sense of wanderlust. So she packed in her career to ride her motorcycle on her own from the northernmost tip of Alaska to the southernmost tip of South America. Alone. Armed only with the Spanish words for 'caution' and 'cheese', Lois was rather under-prepared for multiple bear sightings, bribing her way through borders, spending a night in a Mexican brothel and crashing her bike in the wilds of Patagonia. She most certainly got the adventure she craved, and her pulse-pounding, soul-searching adventure has already attracted fans worldwide - a weblog that she kept whilst on her travels was receiving more than two-thousand hits a day. Her hilarious, brilliantly written travelog will appeal to anyone who's ever dreamt of jacking-it-all-in and running away to see the world.

Message In A Bottle - Nicholas Sparks 2011-04-07

In a moment of desolation on a windswept beach, Garrett bottles his words of undying love for a lost woman, and throws them to the sea. My dearest Catherine, I miss you my darling, as I always do, but today is particularly hard because the ocean has been singing to me, and the song is that of our life together . . . But the bottle is picked up by Theresa, a mother with a shattered past, who feels unaccountably drawn to this lonely man. Who are this couple? What is their story? Beginning a search that will take her to a sunlit coastal town and an unexpected confrontation, it is a tale that resonates with everlasting love and the enduring promise of redemption.

International Perspectives on Spinal Cord Injury - World Health Organization 2013

"Every year between 250 000 and 500 000 people suffer a spinal cord injury, with road traffic crashes, falls and violence as the three leading causes. People with spinal cord injury are two to five times more likely to die prematurely. They also have lower rates of school enrollment and economic participation than people without such injuries. Spinal cord injury has costly consequences for the individual and society, but it is preventable, survivable and need not preclude good health and social inclusion. Ensuring an adequate medical and rehabilitation response, followed by supportive services and accessible environments, can help minimize the disruption to people with spinal cord injury and their families. The aims of International perspectives on spinal cord injury are to: ---assemble and summarize information on spinal cord injury, in particular the epidemiology, services, interventions and policies that are relevant, together with the lived experience of people with spinal cord injury; ---make recommendations for actions based on this evidence that are consistent with the aspirations for people with disabilities as expressed in the Convention on the Rights of Persons with Disabilities.

If On A Winter's Night A Traveler - Italo Calvino 2012-12-11

These seemingly disparate characters gradually realize their connections to each other just as they realize that something is not quite right about their world. And it seems as though the answers might lie with Hawthorne Abendsen, a mysterious and reclusive author whose bestselling novel describes a world in which the US won the War... The Man in the High Castle is Dick at his best, giving readers a harrowing vision of the world that almost was. "The single most resonant and carefully imagined book of Dick's career." —New York Times

The Complete Book of Moto Guzzi - Ian Falloon 2020-11-03

The Complete Book of Moto Guzzi: 100th Anniversary Edition, Every Model Since 1921, written by respected motorcycle expert Ian Falloon, offers enthusiasts a thorough review of Guzzi's storied 100-year history via all of its production models. The oldest European motorcycle manufacturer in continuous production, Italy's Moto Guzzi has built some of the most iconic motorcycles ever produced. Established in 1921, the company is one of the most traditional motorcycle makers and also one of the most innovative. Carlo Guzzi's first engine design, a horizontal single, defined Moto Guzzi's road-going motorcycles for the company's first 45 years. In the 1950s, Moto Guzzi experienced tremendous success in Grand Prix motorcycle racing. Today, Moto Guzzi has a higher profile than ever, thanks to its popularity among enthusiast celebrities like Ewan McGregor. This new edition of The Complete Book of Moto Guzzi includes a 100th anniversary introduction, new photography, and additional pages to cover the newest models from 2018 to 2020. All of Moto Guzzi's production models are covered in detail, including the groundbreaking Falcone, the V-8 Grand Prix racers, the V7 Sport, the Ambassador, the Eldorado, the Le Mans, the Daytona, right up to today's the complete range of modern bikes including the V7, Griso, Stelvio, and V9. Celebrate a century of iconic Moto Guzzi machines, model by stunning model.

Telephone Tales - Gianni Rodari 2020-09-08

Reminiscent of Scheherazade and One Thousand and One Nights, Gianni Rodari's Telephone Tales is many stories within a story. Every night, a traveling father must finish a bedtime story in the time that a single coin will buy. One night, it's a carousel that adults cannot comprehend, but whose operator must be some sort of magician, the next, it's a land filled with butter men who melt in the sunshine. Awarded the Hans Christian Anderson Award in 1970, Gianni Rodari is widely considered to be Italy's most important children's author of the 20th century. Newly re-illustrated by Italian artist Valerio Vidali (The Forest), Telephone Tales entertains, while questioning and imagining other worlds.

The Route 66 Encyclopedia - Jim Hinckley 2012-11-15

An encyclopedia with a twist, The Route 66 Encyclopedia presents alphabetical entries on Route 66 history, landmarks, personalities, and culture, from Bobby Troup's anthem "Route 66" to The Grapes of Wrath to the Wigwam Motel, illustrated with over 1,000 old and new, color and black-and-white photos and memorabilia. You'll learn about Jack Rittenhouse and Will Rogers as well as the contributions of lesser-known figures like Arthur Nelson and Angel Delgadillo. With references to the old (including the history of the U Drop Inn Café in Texas) and new (including a section about the recent Cars movie), The Route 66 Encyclopedia provides a sweeping look at a highway that has become more than just a road. These pages cover the history of Route 66 and the people who played a role in its transformation from highway to icon between 1926 and the present, but like the highway itself, this work does not fit within the traditional confines of generalities or terminology. Yes, this is an encyclopedia, a reference book for all things Route 66. However, it is also a time capsule, a travel guide, a history book, a memorial, a testimonial, and a chronicle of almost a century of societal evolution.

The Hanoverian Dimension in British History, 1714-1837 - Brendan Simms 2007-02-08

For more than 120 years (1714-1837) Great Britain was linked to the German Electorate, later Kingdom, of Hanover through Personal Union. This made Britain a continental European state in many respects, and diluted her sense of insular apartness. The geopolitical focus of Britain was now as much on Germany, on the Elbe and the Weser as it was on the Channel or overseas. At the same time, the Hanoverian connection was a major and highly controversial factor in British high politics and popular political debate. This volume was the first systematically to explore the subject by a team of experts drawn from the UK, US and Germany. They integrate the burgeoning specialist literature on aspects of the Personal Union into the broader history of eighteenth- and early nineteenth-century Britain. Never before had the impact of the Hanoverian connection on British politics, monarchy and the public sphere, been so thoroughly investigated.

Riforma medica - 1958

In Patagonia - Bruce Chatwin 2003-03-25

The masterpiece of travel writing that revolutionized the genre and made its author famous overnight. An exhilarating look at a place that still retains the exotic mystery of a far-off, unseen land, Bruce Chatwin's exquisite account of his journey through Patagonia teems with evocative descriptions, remarkable bits of history, and unforgettable anecdotes. Fueled by an unmistakable lust for life and adventure and a singular gift for storytelling, Chatwin treks through "the uttermost part of the earth"—that stretch of land at the southern tip of South America, where bandits were once made welcome—in search of almost-forgotten legends, the descendants of Welsh immigrants, and the log cabin built by Butch Cassidy. An instant classic upon publication in 1977, *In Patagonia* is a masterpiece that has cast a long shadow upon the literary world. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Bikes of Burden - Hans Kemp 2014-06-15

It is the motorbike that makes Vietnam tick. In Saigon alone, two million ply the streets. People commute by bike, fathers take their kids to school by bike, and products find their way to the consumers by motorbike. This title offers a selection of author's finest shots - often taken from the back of one of the self-same bikes. It is the motorbike that makes Vietnam tick. In Saigon alone, two million ply the streets. People commute by bike, fathers take their kids to school by bike (you'd be surprised how many at a time!), and products find their way to the consumers by

Revolutionary Ride - Lois Pryce 2017-02-21

In 2011, at the height of tension between the British and Iranian governments, travel writer Lois Pryce found a note left on her motorcycle outside the Iranian Embassy in London: ... I wish that you will visit Iran so you will see for yourself about my country. WE ARE NOT TERRORISTS!!! Please come to my city, Shiraz. It is very famous as the friendliest city in Iran, it is the city of poetry and gardens and wine!!! Your Persian friend, Habib Intrigued, Lois decides to ignore the official warnings against travel (and the warnings of her friends and family) and sets off alone on a 3,000 mile ride from Tabriz to Shiraz, to try to uncover the heart of this most complex and incongruous country. Along the way, she meets carpet sellers and drug addicts, war veterans and housewives, doctors and teachers - people living ordinary lives under the rule of an extraordinarily strict Islamic government. *Revolutionary Ride* is the story of a people and a country. Religious and hedonistic, practical and poetic, modern and rooted in tradition - and with a wild sense of humour and appreciation of beauty despite the comparative lack of freedom - this is real contemporary Iran.

Trasporti pubblici - Italy Ispettorato generale della motorizzazione civile e dei trasporti in concessione 1951-09
