Nineteen Eighty-Four - George Orwell 2021-01-09

"Nineteen Eighty-Four: A Novel", often published as "1984", is a dystopian social science fiction novel by English novelist George Orwell. It was published on 8 June 1949 by Secker & Warburg as Orwell's ninth and final book completed in his lifetime. Thematically, "Nineteen Eighty-Four" centres on the consequences of totalitarianism, mass surveillance, and repressive regimentation of persons and behaviours within society. Orwell, himself a democratic socialist, modelled the authoritarian government in

the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the ways in which they are manipulated. The story takes place in an imagined future, the year 1984, when much of the world has fallen victim to perpetual war, omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as Airstrip One, has become a province of a totalitarian superstate named Oceania that is ruled by the Party who employ the Thought Police to persecute individuality and independent thinking. Big Brother, the leader of the Party, enjoys an intense cult of personality despite the fact that he may not even exist. The protagonist, Winston Smith, is a diligent and skillful rank-and-file worker and Outer Party member who secretly hates the Party and dreams of rebellion. He enters into a forbidden relationship with a colleague, Julia, and starts to remember what life was like before the

Party came to power.

Reciprocal Constructions -

Vladimir P. Nedjalkov

2007-11-06

This monograph constitutes the first comprehensive investigation of reciprocal constructions and related phenomena in the world's languages. Reciprocal constructions (of the type *The two boys hit each other*, *The poets admire each other's poems*) have often been the subject of language-particular

studies, but it is only in this work that a truly global comparative picture emerges. Nine stage-setting chapters dealing with general and theoretical matters are followed by 40 chapters containing in-depth descriptions of reciprocals in individual languages by renowned specialists. The introductory papers provide a conceptual and terminological framework that allows the authors of the individual chapters to characterize their languages in comparable terms, making it easy for the reader to see points of commonality between languages and constructions that have never been compared before. This set of volumes is an indispensable starting point and will be a lasting reference work for any future studies of reciprocals.

Happy Days - 1909

[Girl Walks Out of a Bar](#) - Lisa F. Smith 2016-06-07

Lisa Smith was a bright, young lawyer at a prestigious firm in NYC in the early nineties when

alcoholism started to take over her life. What was once a way of escaping her insecurity and negativity became a means of coping with the anxiety and stress of an impossible workload. *Girl Walks Out of a Bar* is Smith's darkly comic and wrenchingly honest story of her formative years, the decade of alcohol and drug abuse, divorce, and her road to recovery. Smith describes how her spiraling circumstances conspired with her predisposition to depression and self-medication, nurturing an environment ripe for addiction to flourish. *Girl Walks Out of a Bar* is a candid portrait of alcoholism through the lens of gritty New York realism. Beneath the façade of success lies the reality of addiction.
