Just Between You and Me - Evelyn McCollum
2009-01-29

Many of the columns in this volume are about my ordeal with cancer surgery, chemotherapy and radiation treatments. I have been told over and over how much sharing my experience has meant to others not only cancer patients themselves, but also loved ones and friends this insidious disease affects a wide circle. On a lighter note, I write about memories, food, my hang-ups, our trips, and dumb things I have done. Some of the columns are inspirational while others are humorous and some are informative. I hope that you will enjoy reading them, whatever the subject.

Now, Siobhán must uncover which of Kilbane's literary guests took Deirdre's criticisms so personally, they'd engage in foul play.... When the Storm Comes - Linda Ashman
2020-05-26

A storm and its sunny aftermath come to life through gorgeous art and lyrical text. What do you do when the clouds roll in, When the wind

chimes clang and the weather vanes spin? When stormy skies threaten, people stock up on supplies, bring in their outside toys, and check the news for updates. And during the storm, if the power goes out, they can play games and tell stories by candlelight. But what do animals do? They watch and listen, look for a cozy den or some other sheltered spot, and hunker down to wait. After the storm, while the people are cleaning up their yards, making repairs, and checking on the neighbors, the animals emerge from their hiding places and shake off the rain. And everyone is happy to be out in the sunshine again, grateful for better weather and the company of friends.

Our Daily Moments - Nancy Kuykendall
2018-02-28

Our Daily Moments is about daily moments and experiences that occur and how they affect us. A short but poignant experience can happen very quickly. These experiences can change us in an instant. We humans are emotional beings. Even the most stable and disciplined among us can be knocked off-balance. Our emotions and attitudes can be altered in just seconds. We are all susceptible to the many life experiences that enter our day. We are affected, consciously or subconsciously. Every moment of time is part of our life. All that we call good or bad can be used by God to teach us and to know him more. God wastes nothing.

Storm of the Century - Willie Drye 2019-08-01

In 1934, hundreds of jobless World War I veterans were sent to the remote Florida Keys to build a highway from Miami to Key West. The Roosevelt Administration was making a genuine effort to help these down-and-out vets, many of whom suffered from what is known today as post-traumatic stress disorder. But the attempt to help them turned into a tragedy. The supervisors in charge of the veterans misunderstood the danger posed by hurricanes in the low-lying Florida Keys. In late August 1935, a small, stealthy tropical storm crossed the Bahamas, causing little damage. When it entered the Straits of Florida, however, it exploded into one of the most powerful hurricanes on record. But US Weather Bureau forecasters could only guess at its exact position, and their calculations were well off the mark. The hurricane that struck the Upper Florida Keys on the evening of September 2, 1935 is still the most powerful hurricane to make landfall in the US. Supervisors waited too long to call for an evacuation train from Miami to move the vets out of harm's way. The train was slammed by the storm surge soon after it reached Islamorada. Only the 160-ton locomotive was left upright on the tracks. About 400 veterans were left unprotected in flimsy work camps. Around 260 of them were killed. This is their story, with newly discovered photos and stories of some of the heroes of the Labor Day 1935 calamity.

Stormwalker - Allyson James 2022-10-20

I'm a Stormwalker—which means I can use the power of storms to work some wild and wicked magic. I've opened a hotel in a little town in the desert, where powerful vortexes house dangerous and evil beings that I need to make sure stay put. When I'm attacked one night on the open road, an innocent bystander is killed—cousin of the local sheriff, who's not too happy with me. I try to warn him of the continuing danger, but he's curiously oblivious—for reasons I find out later. The attack also alerts my on-again, off-again boyfriend, Mick, the man I made myself walk away from years ago. Now he's back, and I have to decide whether to give into my intense cravings for him or continue to fight alone. The trouble is,

incredible evil is rising, and I'll have to trust Mick, the sheriff, my estranged family, a mouthy magic mirror, and the drifter who calls himself Coyote to battle forces that will unmake the world if we don't stop them. But if we win, will they allow me to exist with the fiendish twist of power that lies within me?

Power Failure in the Church and

Restoration - Ernest L. Sanders 2011-12-13

This is a book that explores some of the reasons for the failure of so many ministries in the country today. When we look at the world and problems of our world it would seem to many that the church is a failure or has lost its power. The source of church power is a relationship with God. God is able to restore the Ministry and those that have chosen to give their lives to mankind for the preservation of good morals and values. The church is the answer to all the ills of the world today. More emphasis's should be placed on the local church. It is here in the local church that all ministries and ministers received their initial power.

Two on a Bridge - Linda L. Stampoulos 2011-06
Volumes have been written to address personal problems and dedicate themselves to the theme of "self help." The term itself seems to place the responsibility of healing on the individual who is already expressing a need for assistance. Often the mire and the muck we find ourselves in require more energy to cope than we alone can give. This guidebook can be another approach to

healing. "Two on a Bridge" picks up where "self help" leaves off. Through guided discussion, you and someone you choose will begin to explore the ancient powers and energy sources that surround us today. In addition to the guidebook you will benefit from having the companion workbook. The workbook suggests activities you and your partner can complete during your time together. These activities are designed to help you access the different energy sources and hopefully make them a part of your life. The basic concept is quite simple: Strength and healing can be enhanced when two join together, share a short journey, and discover the healing energy that can come from the power of two. About the Author Linda L. Stampoulos lives in New Jersey, and often travels to the West to research material for her books. After completing her Undergraduate and Graduate Degrees at Montclair State University, she went on to Columbia University to earn her Doctorate in Education. Fathers Can Be Good Dads - Brigitta Gisella Geltrich-Ludgate 2014-09-25

Fathers Can Be Good Dads is a novel, which is

based on true events. Even though dates, houses, names of people, countrysides, and sceneries have been changed, the family interactions are real. However, not all have been the actions of Ginia Marie Giselle Hinson, the heroine of the book. The majority, though, are. When the author was a little girl, she often sat around the family sitting-room table or stood outside the doors, listening as the grown-ups in her family were sharing with loud laughter the mischiefs they had gotten themselves into when they were young. Often, the author wondered how she could improve on these mischiefs just to get a bit more attention. A heartfelt thank you is expressed to all family members and friends the author had listened to. Everyone was an inspiration to her. Also a thank you is given to all those she had interacted with and to all those who got into trouble with her in moments of absolute exuberance where household rules were ignored. The novel is dedicated to every writer who has struggled through the ups and downs of putting together personal memoirs to preserve, in writing for children and their children's children, an insight into a life that once existed before their own times.
