*Self-Euthanasia Methods and Dialogues* - Chris Docker 2015-04-26

This book is a Conference exposition aimed primarily to audiences that already have some familiarity with methods of self-euthanasia. It includes both technical and non-technical materials, and a section on improving communication methods between researchers. It is a relatively small booklet (50 pages, 8.5" x 11") of notes prepared as an accompaniment to my lecture at the WFRTDS Nu-Tech Conference in Chicago (2014). It has been made available in booklet form after repeated requests. It covers principles for suggested protocols in cooperation on research into responsible self-euthanasia as well as an overview of current scientific knowledge in this disparate subject. The booklet is a copy of the notes which were made available for conference participants and, apart from researchers, are mainly of interest to persons who have already purchased *Five Last Acts II* or *Five Last Acts - The Exit Path*. It can also be used to supplement training materials for workshops and seminars on the subject. Most of the book price pays for the colour printing and it is a largely not-for-profit venture. If you wish to help the work involved, please consider maybe going to the *Exit Euthanasia Blog* and making a donation at <https://exiteuthanasia.wordpress.com/>.

*You in Five Acts* - Una LaMarche 2016-11-01

The latest contemporary novel from Una LaMarche, acclaimed author of

*Five Summers, Like No Other, and Don't Fail Me Now*. In the high-pressure months leading up to the performance that will determine their futures, a group of friends at a performing arts school look back on when an unexpected event upended everything. "A poignant and timely socially conscious narrative." —Kirkus It's always been you—you know that, right? At a prestigious New York City performing arts school, five friends connect over one dream of stardom. But for Joy, Diego, Liv, Ethan and Dave, that dream falters under the pressure of second-semester, Senior year. Ambitions shift and change, new emotions rush to the surface, and a sense of urgency pulses between them: Their time together is running out. Diego hopes to get out of the friend zone. Liv wants to escape, losing herself in fantasies of the new guy. Ethan conspires to turn his muse into his girlfriend. Dave pines for the drama queen. And if Joy doesn't open her eyes, she could lose the love that's been in front of her all along. An epic ensemble piece in the vein of *Fame* and *Let's Get Lost*, *You in Five Acts* is a eulogy for a friendship—the heartbreaks, the betrayals, the inside jokes, the remember-whens. And the tragedy that changed everything.

*Five Last Acts (2nd Edition)* - Chris Docker 2010-10-10

(Please note that a 2015 updated edition is also available). Hailed in 2010 as the most complete source available, *Five Last Acts II* details

options and methods for rational suicide in the event of unbearable and unrelievable suffering. Bringing reassurance, knowledge and hope, and the strength to face an uncertain future. (Please note a 2015 version is now available.) Even with modern technology, not all ends are good ones. Although palliative care continues to make great strides, the final hours or days of some people are so difficult that they elect to take matters into their own hands and end things sooner rather than later. Once that decision is taken, lack of knowledge, planning or preparation can result in even greater suffering. Five Last Acts collects the wisdom of multi-disciplinary research, workshops and developments worldwide in a major new volume. The body of the work is written in easy-to-understand language to offer a practical guide for every reader. Technical explanations are reserved for the appendix. Five Last Acts provides the reliable options for the last act in your own play. Feedback on the first edition: "I have just finished reading your most excellent book, Five Last Acts; it is so well-researched, so informative, so clear, that it leads me to ask this question: which rational person would not want to obtain a copy of this book as an insurance policy against an uncertain future?" Chris Goodwin The new edition of Five Last Acts is completely revised and expanded, giving even clearer insights and the most comprehensive guidance on self-deliverance worldwide. Over 400 pages with more than 40 illustrations and over 450 references. over the years, whether it's through the "Strawberry Letters" segment of his program or while on tour for his comedy shows. According to Steve it's because they're asking other women for advice when no one but another man can tell them how to find and keep a man. In *Act Like a Lady, Think Like a Man*, Steve lets women inside the mindset of a man and sheds light on concepts and questions such as: The Ninety Day Rule: Ford requires it of its employees. Should you require it of your man? The five questions every woman should ask a man to determine how serious he is. And much more . . . Sometimes funny, sometimes direct, but always truthful, *Act Like a Lady, Think Like a Man* is a book you must read if you want to understand how men think when it comes to relationships.

**Last Acts** - David J. Casarett, 2010-01-12

What would you do if you had only a few days to live? Or a few weeks or months? What if a loved one were in this situation -- how could you help that person decide how to spend the time that remained? Perhaps you lost a family member or dear friend to a terminal illness and were baffled by that person's choices. How do you make sense of his or her last acts? Dr. David Casarett, a palliative care physician and researcher, specializes in the care of patients near the end of life. Drawing on his years of experience and the stories of patients he has treated, as well as his own research, he explores the wide variety of ways in which people spend their last days. Why do some people choose to be altruistic, while others are vengeful? Why do some leave a legacy, while others prefer to celebrate and enjoy their time with family and friends? Why do some fight and struggle to the last minute, while others accept their fate and use their limited time to reconnect or reconcile? The tremendous diversity of these last acts makes clear that there is no formula for dying well or choices that are right for everyone. At the same time, these stories reveal that some choices may be harmful to the dying person or

those closest to him. Last Acts helps dying patients and their families think about the possibilities that exist at the end of life, so they may choose to spend their time in ways that help bring them peace of mind.

**Mistakes Were Made (but Not By Me) Third Edition** - Carol Tavris 2020-04-28

A NEW EDITION UPDATED IN 2020 • Why is it so hard to say "I made a mistake" — and really believe it? When we make mistakes, cling to outdated attitudes, or mistreat other people, we must calm the cognitive dissonance that jars our feelings of self-worth. And so, unconsciously, we create fictions that absolve us of responsibility, restoring our belief that we are smart, moral, and right—a belief that often keeps us on a course that is dumb, immoral, and wrong. Backed by decades of research, *Mistakes Were Made (But Not by Me)* offers a fascinating explanation of self-justification—how it works, the damage it can cause, and how we can overcome it. Extensively updated, this third edition has many recent and revealing examples, including the application of dissonance theory to divisive social issues such as the Black Lives Matter movement and he said/she said claims. It also features a new chapter that illuminates how cognitive dissonance is playing a role in the currently polarized political scene, changing the nation's values and putting democracy itself at risk. "Every page sparkles with sharp insight and keen observation. Mistakes were made—but not in this book!" —Daniel Gilbert, author of *Stumbling on Happiness* "A revelatory study of how lovers, lawyers, doctors, politicians—and all of us—pull the wool over our own eyes . . . Reading it, we recognize the behavior of our leaders, our loved ones, and—if we're honest—ourselves, and some of the more perplexing mysteries of human nature begin to seem a little clearer." —Francine Prose, *O, The Oprah Magazine*

**Lessons for the Living** - Stan Goldberg 2009-06-09

When Stan Goldberg was diagnosed with cancer, he chose to face his fear by helping others who were already in the process of dying: Stan

signed up as a hospice volunteer and spent several years at the bedsides of the terminally ill. In this book, Stan shares the remarkable stories of people he met who were facing the end of life. Their stories shine a light on the human capacity for beauty, insight, forgiveness, and gratitude, as we see how people like us deal with anxiety and sadness with bravery and love. But what's especially remarkable is that the bravery and love aren't as much expressed in grand, dramatic gestures as they are in ordinary acts and small accomplishments: in simple efforts at kindness, in asking for and receiving forgiveness, in the abandonment of anger, and in learning to speak directly from the heart—and to listen in the same way. What Stan ultimately discovers—and shares here—are not lessons in dying, but rather, lessons in learning how to live.
