A Dynamic Theory of the Firm: Production, Finance and Investment - Paul van Loon
2012-12-06

This volume is the final result of the research project "Micro growth model", that was sponsored by the Central Research Pool of Tilburg University, the Netherlands. Apart from the University Council for this important financial support, I owe Prof. Dr. Fiet Verheyen very much for the way in which he introduced me into scientific circles and for the way in which he supervised and stimulated my work. Dr. Jan de Jong and Peter Janssen C. E. , Technical University of Eindhoven, piloted me safely through the mathematics of optimal control theory and removed some technical barriers. Their help was indispensable for the success of this project. I would also like to mention the kind support of Prof. Dr. Jack Kleijnen, who gave me many valuable hints on how to present the results of this project. In this

way I was able to contact with several researchers inside and outside the Netherlands. Most grateful I am to Prof. Dr. Charles Tapiero, Jerusalem University, who commented on important parts of this book in a constructive way and who suggested many subjects for further research. Also Mr. Geert Jan vsn Schijndel, Tilburg University, should be mentioned here, because he closely read the work and I appreciated his remarks and corrections very much. Many colleagues have contributed to the results of this research project in a direct or indirect way. Especially I should like to mention my contacts with Prof. Dr. *The Works of Elena Ferrante* - Grace Russo Bullaro 2016-12-22

This book is the first dedicated volume of academic analysis on the monumental work of Elena Ferrante, Italy's most well-known contemporary writer. *The Works of Elena Ferrante: Reconfiguring the Margins* brings together the most exciting and innovative research on Ferrante's treatment of the intricacies of women's lives, relationships, struggles, and dilemmas to explore feminist theory in literature; questions of gender in twentieth-century Italy; and the psychological and material elements of marriage, motherhood, and divorce. Including an interview from Ann Goldstein, this volume goes beyond "Ferrante fever" to reveal the complexity and richness of a remarkable oeuvre.

Opera 99 -L'autobus dei sogni - Yousef Wakkas
2016-04-12

Perché scegliere una figura così passiva e antagonista per questo romanzo in un tempo

dove tutti cercano idoli e eroi invincibili? Antonio Madera, muratore e rapinatore in regime di semilibertà, quasi senza che ne facesse alcuna resistenza, si lascia andare alla deriva, accettando di riprendere daccapo il ruolo del soggiogato a scapito di una sopravvivenza e di un amore travolgente che man mano lo trascineranno verso cedimenti da cui non avrà più modo di districarsi. Solo un protagonista di questo spessore è capace di innescare una forte reazione immediata che ciascuno di noi vorrebbe mettere in atto almeno una volta nella vita.

The Fault Line - Paolo Rumiz 2015-03-03

An award-winning writer travels the eastern front of Europe, where the push/pull between old empires and new possibilities has never been more evident. Paolo Rumiz traces the path that has twice cut Europe in two—first by the Iron Curtain and then by the artificial scaffolding of the EU—moving through vibrant cities and abandoned villages, some places still gloomy under the ghost of these imposing borders, some that have sought to erase all memory of it and jump with both feet into the West (if only the West would have them). In *The Fault Line*, he is a sublime and lively guide through these unfamiliar landscapes, piecing together an atlas that has been erased by modern states, delighting in the discovery of communities that were once engulfed by geopolitics then all but forgotten, until now. The farther south he goes, the more he feels he is traveling not along some abandoned Eastern frontier, but right in the middle of things: Mitteleuropa wasn't to be found in Viennese cafés but much farther east, beyond even Budapest and Warsaw. As in Ukraine, these remain places in flux, where the political and cultural values of the East and West have stared each other down for centuries.

Rumiz gives a human face not just to what the Cold War left behind but to the ancient ties of empire and ethnicity that are still at the root of modern politics in flash-point areas such as this.

The Girl Who Saved Christmas - Matt Haig 2017-10-31

"If somewhere in the afterlife Roald Dahl met Charles Dickens and they cooked up a new Christmas tale, it couldn't have much on this fleet, verbally rambunctious, heart-stealing follow-up to *A Boy Called Christmas*."—The New York Times
Amelia Wishart was the first child ever to receive a Christmas present. It was her Christmas spirit that gave Santa the extra boost of magic he needed to make his first trip around the world. But now Amelia is in trouble. When her mother falls ill, she is sent to the workhouse to toil under cruel Mr. Creeper. For a whole year, Amelia scrubs the floors and eats watery gruel, without a whiff of kindness to keep her going. It's not long before her hope begins to drain away. Meanwhile, up at the North Pole, magic levels dip dangerously low as Christmas approaches, and Santa knows that something is gravely wrong. With the help of his trusty reindeer, a curious cat, and Charles Dickens, he sets out to find Amelia, the only girl who might be able to save Christmas. But first Amelia must learn to believe again. . . . "Matt Haig has an empathy for the human condition, the light and the dark of it, and he uses the full palette to build his excellent stories." —Neil Gaiman, Newbery-winning author of *The Graveyard Book*
"With a little bit of naughty and a lot of nice, this Christmastime yarn is a veritable sugarplum."

Calpurnia Virginia Tate is eleven years old in 1899 when she wonders why the yellow grasshoppers in her Texas backyard are so much bigger than the green ones. The Wall of the Earth - Giorgio Caproni 1992

"The work of Giorgio Caproni has been translated into French, German, and Chinese, among others, but this collection is his first book-length English publication. His works are finely tuned to modern man's preoccupations with existence in a world deprived of certainties (for example, the existence or inexistence of God). Most are touched by experiences such as the Second World War and its atrocities, the Resistance Movement, or the death of loved ones, events that represent the conviction of a subject that will do its best to survive all adversity, uncompromised" -- from the Introduction by Pasquale Verdicchio

The Unnamable Present - Roberto Calasso 2019-04-09
A decisive key to help grasp some of the essential points of what is happening around us. The ninth part of Roberto Calasso's work in progress, *The Unnamable Present*, is closely connected with themes of the first book, *The Ruin of Kasch* (originally published in 1983, and recently reissued by FSG in a new translation). But while *Kasch* is an enlightened exploration of modernity, *The Unnamable Present* propels us into the twenty first century. Tourists, terrorists, secularists, fundamentalists, hackers, transhumanists, algorithmicians: these are all tribes that inhabit the unnamable present and

act on its nervous system. This is a world that seems to have no living past, but was foreshadowed in the period between 1933 and 1945, when everything appeared bent on self-annihilation. *The Unnamable Present* is a meditation on the obscure and ubiquitous process of transformation happening today in all societies, which makes so many previous names either inadequate or misleading or a parody of what they used to mean. Translated with sensitivity by Calasso's longtime translator, Richard Dixon, *The Unnamable Present* is a strikingly original and provocative vision of our times, from the writer *The Paris Review* called "a literary institution of one."
