In Her Kitchen - Gabriele
Galimberti 2014-11-11

In a gorgeous keepsake volume based on the slideshow that captured the world's attention, Gabriele Galimberti's beautiful portraits of grandmothers from

all over the world with their signature dishes stunningly illustrates the international language of food and family. On the eve of a photography trip around the world, Gabriele Galimberti sat down to dinner with his grandmother Marisa. As she had done so many times before, she prepared his favorite ravioli—a gesture of love and an expression of the traditions by which he had come to know her as a child. The care with which she prepared this meal, and the evident pride she took in her dish, led Gabriele to seek out grandmothers and their signature dishes in the sixty countries he visited. The kitchens he photographed illustrate both the diversity of world cuisine and the universal nature of a dish served up with generosity and love. At each woman's table, Gabriele became a curious and hungry grandson, exploring new ingredients and gathering stories. These vibrant and intimate profiles and photographs pay homage to grandmothers and their

cooking everywhere. From a Swedish housewife and her homemade lox and vegetables to a Zambian villager and her Roasted Spiced Chicken, this collection features a global palate: included are hand-stuffed empanadas from Argentina, twice-fried pork and vegetables from China, slow-roasted ratatouille from France, and a decadent toffee trifle from the United States. Taken together or bite by bite, *In Her Kitchen* taps into our collective affection for these cherished family members and the ways they return that affection. *In Her Kitchen* is an evocative, loving portrait of the power of food and family, no matter where in the world you sit down for dinner.

A jubilant celebration of Italy's outsize impact on culture, from literature to art, music to movies, that "masterfully examines the multitude of reasons why so many people fall in love with Italy and the Italian lifestyle" (Forbes) Can

you imagine painting without Leonardo, opera without Verdi, fashion without Armani, food without the signature tastes of pasta, gelato, and pizza? The first universities, first banks, first public libraries? All Italian. New York Times bestselling author Dianne Hales attributes these landmark achievements to la passione italiana, a primal force that stems from an insatiable hunger to discover and create; to love and live with every fiber of one's being. This fierce drive, millennia in the making, blazes to life in the Sistine Chapel, surges through a Puccini aria, deepens a vintage Brunello, and rumbles in a gleaming Ferrari engine. Our ideal tour guide, Hales sweeps readers along on her adventurous quest for the secrets of la passione. She swims in the playgrounds of mythic gods, shadows artisanal makers of chocolate and cheese, joins in Sicily's Holy Week traditions, celebrates a neighborhood Carnevale in Venice, and explores pagan temples, vineyards, silk mills,

movie sets, crafts studios, and fashion salons. She introduces us, through sumptuous prose, to unforgettable Italians, historical and contemporary, all brimming with the greatest of Italian passions—for life itself. A lyrical portrait of a spirit as well as a nation, *La Passione* appeals to the Italian in all our souls, inspiring us to be as daring as Italy's gladiators, as eloquent as its poets, as alluring as its beauties, and as irresistible as its lovers. Praise for *La Passione* "[An] effervescent love letter to all things Italian."—*Newsday* "In this sweeping account of *la passione italiana* from ancient to modern times, Dianne Hales shows once again why she is one the world's foremost guides to the riches of Italian culture. Every page resonates with the author's love for Italy and her joy in sharing its remarkable discoveries and exquisite pleasures with her readers." —Joseph Luzzi, author of *My Two Italies* and *In a Dark Wood* "Hales takes us on an enriching and delightful

journey, filled with fascinating characters, scintillating sensual details, and an authentic connection to the ever-inspiring Italian heart and soul that has given the world boundless pleasures." —Susan Van Allen, author of *100 Places in Italy Every Woman Should Go*

Secret Marvels of the World

- Lonely Planet 2017-08-01
Featuring communist bunkers, burning gas craters and at least one sponge-rock fluorescent grotto built by Polish monks, this book reveals weird and wonderful sights the crowds don't reach. We've all heard of India's Taj Mahal, but what about Karna Mata Temple? It's a building teeming with rats so revered they enjoy A-list treatment with daily offerings of milk and fruit. It's no secret that visitors to Berlin can see parts of its infamous Wall still standing in the city. Not so many people know that segments of the wall have travelled all around the world and can be found in places including Los Angeles, Japan and Iceland. Stonehenge is one of the UK's most popular tourist sites. So why not beat the crowds and head to Nebraska instead, where you can marvel at a Carhenge - a replica of the great monolith site constructed entirely from vintage cars. This packed and fascinating title takes its readers on a journey through the world's lesser known

marvels. Dive into an underworld of the planet's most surprising, fun, perplexing, kitsch and downright bizarre sights - and explore human stories and mysterious happenings that you won't find inside a regular guidebook. From eerie natural wonders to historical oddities and bizarre architecture, this is a travel companion for the incurably curious. About Lonely Planet: Since 1973, Lonely Planet has become the world's leading travel media company with guidebooks to every destination, an award-winning website, mobile and digital travel products, and a dedicated traveller community. Lonely Planet covers must-see spots but also enables curious travellers to get off beaten paths to understand more of the culture of the places in which they find themselves. The world awaits! Lonely Planet guides have won the TripAdvisor Traveler's Choice Award in 2012, 2013, 2014, 2015, and 2016. 'Lonely Planet. It's on everyone's bookshelves; it's in every traveller's hands.

It's on mobile phones. It's on the Internet. It's everywhere, and it's telling entire generations of people how to travel the world.' -- Fairfax Media 'Lonely Planet guides are, quite simply, like no other.' - New York Times Important Notice: The digital edition of this book may not contain all of the images found in the physical edition.

After the Summer Rain -

Gerri Hill 2019-09-01
Workaholic Erin Ryder was on the fast track to self-destruction. Reeling after her lover walked out on her, she turned to booze and caffeine to make it through each day. After a family intervention, she finds herself on a remote ranch in New Mexico—on womyn's land—to detox and heal. No cell service, no Internet—she's convinced she won't last three days, much less for the three-month sentence her father has mandated. Running from the chaos that had become her life, Melanie West moved to Eagle Bluff Ranch seven years ago. By far the youngest there, she embraced the compassionate, peaceful life that the elders espoused. Living off what her garden produced, her chickens and goats became her friends and confidants. Exposure to the outside world was limited to the handful of guests who stayed a few days at the ranch each year. This summer would be different. Melanie found herself hosting a young woman for three months. A young

woman who wanted to be anywhere but there. As the days and weeks passed, their animosity turned to friendship as they helped the other heal from their past failures. Erin soon found herself loving life on Mel's little farm. Loving life and loving Mel. Saying goodbye would be the hardest thing she had to do—saying goodbye to Mel...or saying goodbye to her previous life.

Strangers in Yemen - David
Malkiel 2020-12-16
Strangers in Yemen is a study
of travel to Yemen in the
nineteenth century by Jews,
Christians and Muslims. The
travelers include a missionary,
artist, scientist, rabbi,
merchant, adventurer and
soldier. The focus is on the
encounter between people of
different cultures, and the
chapters analyze the travelers'
accounts to elucidate how
strangers and locals perceived
each other, and how the
experiences shaped their
perceptions of themselves.
Cultural encounter is among
the most important challenges

of our time, a time of global
migration and instant
communication. Today, as in
the past, history provides a
valuable tool for illuminating
the human experience, and this
scholarly work stimulates us to
contemplate the challenge of
cultural encounter, for it
affects us all.

they complete their mission to

The Travelers' World - Harry LIEBERSOHN 2009-06-30

An unforgettable voyage filled with delightful characters, dramatic encounters, and rich cultural details, *The Travelers' World* heralds a moment of intellectual preparation for the modern global era. Harry Liebersohn examines the transformation of global knowledge during the great age of scientific exploration. We now travel effortlessly to distant places, but the questions about perception, truth, and knowledge that these intercontinental mediators faced still resonate.

Travels in Asia and Africa, 1325-1354 - Ibn Batuta 2005
This edition, translated afresh from the Arabic text, provides extensive notes which enable the journeys to be followed in detail.

Taking travel home - Emma Gleadhill 2022-04-26

Taking travel home provides a cultural history of the travel souvenir. It situates the souvenir at the crossroads of competing ideas of what travel

stood for which were fought out amongst a rapidly growing constituency of British tourists between 1750 and 1830.

Drawing from the theory of the souvenir as a nostalgic narrative instrument, the book uncovers how elite women tourists developed a souvenir culture around the texts and objects they brought home to realise their ambitions in the arenas of connoisseurship, science and friendship.

Ultimately, it argues that souvenirs are representative of female agency during this period. For elite women, revelling in the independence and identity formation of travel, but hampered by polite models of femininity and reliant on their menfolk, the creation of souvenirs provided a way to prove their claims to the authority of the travelling subject.
