The Linguistics of Sitting, Standing and Lying - John Newman 2002-01-01

This volume explores properties of 'sit', 'stand', and 'lie' verbs, reflecting three of the most salient postures associated with humans. An introductory chapter by the Editor provides an overview of directions for research into posture verbs. These directions are then explored in detail in a number of languages: Dutch; Korean; Japanese; Lao; Chantyal, Magar (Tibeto-Burman); Chipewyan (Athapaskan); Trumai (spoken in Brazil); Kxoe (Khoisan); Mbay (Nilo-Saharan); Oceanic; Enga, Ku Waru (Papuan); Arrernte, Pitjantjatjara, Ngan'gityemerri (Australian). The contributors discuss data relevant to many fields of linguistic inquiry, including patterns of lexicalization (e.g., simplex or complex verb forms), morphology (e.g., state vs. action formations), grammaticalization (e.g., extension to locational predicates, aspect markers, auxiliaries, copulas, classifiers), and figurative extension. A final chapter reports on an experimental methodology designed to establish the relevant cognitive parameters underlying speakers' judgements on the polysemy of English stand. Taken together, the chapters provide a wealth of cross-linguistic data on posture verbs.

Yann Tiersen - Kerber - Yann Tiersen 2021-07-01

(Piano Solo Songbook). "I think there is a similarity between the infinite big and the infinite smallness of everything," says Yann Tiersen. "It's the same experiment looking through a microscope as it is a telescope." Named after a chapel in a small village on the island of Ushant, Kerber marks a new chapter in critically-acclaimed composer Yann Tiersen's career. A chapter still true to Tiersen's nuanced and subtle approach but one that sets out with his most overtly electronic material to date. Beautifully textured, highly immersive and thoughtfully constructed, Tiersen creates an electronic world, providing an environment in which the piano source exists. A sense of place has often been a central theme in Tiersen's work and here that is no different. Each track is tied to a place mapping out the immediate landscape that surrounds Tiersen's home, linking back to his thoughts on the possibilities of the infinite smallness. This official, exclusive folio is beautifully printed on high-quality, uncoated paper with striking graphic artwork. All seven pieces are presented for solo piano and follow an exclusive introduction to the project.

Julie Blackmon: Homegrown - 2014-09-01

Julie Blackmon has transfixed the contemporary art world with images of her children, nieces, nephews and friends (and their children). As the oldest of nine children herself, Blackmon has always been fascinated by family life, and her photographs are crammed with children and adults, everyday objects, toys and playthings. The subjects in the distance are often as fascinating as those highlighted in the foreground, and even the figures barely visible, hidden behind doors or windows, add a sometimes sinister, always intriguing element to the scene. Following the success of the bestselling volume "*Domestic Variations*" (2009), "*Homegrown*" shows how Blackmon's style has evolved, as she continues to capture the tensions between the harmony and disarray of domestic life. Though her photographs continue to be undeniably contemporary, references to classic painting and portraiture can be detected: the influence of seventeenth-century Dutch painter Jan Steen mixes with more contemporary figures, such as Balthus, Edward Gorey, Tim Burton and Federico Fellini. Included in this new volume are 45 works made from 2009-2014, along with an introduction by renowned poet Billy Collins and an interview by the actress Reese Witherspoon. Julie Blackmon (born 1966) is a Missouri-based photographer who has amassed many honors since beginning her career just a few years ago. Her work has appeared in such publications as "*The New York Times Magazine*," "*The New Yorker*" and "*Vanity Fair*," and can be found in the collections of the Kemper Museum of Art in Kansas City, the Toledo Museum of Art, the Portland Museum of Art in Oregon and the Museum of Fine Arts in Houston, among others.
